### HARPER JONAS

*A New Reference Grammar of Modern Spanish* John Wiley & Sons

A Grammar of Dolakha Newar is the first fully comprehensive reference grammar of a Newar variety. Dolakha Newar is of particular interest as it is member of the mutually unintelligible eastern branch of the family, so allows for an important comparative perspective on this significant Tibeto-Burman language. In addition to a chapter on phonetics and phonology, the book contains a separate chapter on prosody. There are also distinct chapters on each word class, with full discussion of the morphological and syntactic properties of each class. The book provides an extensive study of syntax, including complete chapters on constructions, clause structure, constituent order, grammatical relations, nominalization, complementation, the participial construction, and the complex sentence, as well as a detailed chapter on tense and aspect. Brimming with examples from natural discourse, the book couples rigorous description of the language's structures with full discussion of how the structures are used in connected speech. Each analysis is presented with full argumentation and competing analyses are contrasted and discussed. The result is a rich, readable, and beautifully argued portrait of a language and how it works.

The Cherokees have the oldest and best-known Native American writing system in the United States. Invented by Sequoyah and made public in 1821, it was rapidly adopted, leading to nineteenth-century Cherokee literacy rates as high as 90 percent. This writing system, the Cherokee syllabary, is fully explained and used throughout this volume, the first and only complete published grammar of the Cherokee language. Although the Cherokee Reference Grammar focuses on the dialect spoken by the Cherokees in Oklahoma—the Cherokee Nation and the United Keetoowah Band of Cherokee Indians—it provides the grammatical foundation upon which all the dialects are based. In his introduction, author Brad Montgomery-Anderson offers a brief account of Cherokee history and language revitalization initiatives, as well as instructions for using this grammar. The book then delves into an explanation of Cherokee pronunciation, orthography, parts of speech, and syntax. While the book is intended as a reference grammar for experienced scholars, Montgomery-Anderson presents the information in accessible stages, moving from easier examples to more complex linguistic structures. Examples are taken from a variety of sources, including many from the Cherokee Phoenix. Audio clips of various text examples throughout can be found on the accompanying CDs. The volume also includes three appendices: a glossary keyed to the text; a typescript for the audio component; and a collection of literary texts: two traditional stories and a historical account of a search party traveling up the Arkansas River. The Cherokee Nation, as the second-largest tribe in the United States and the largest in Oklahoma, along with the United Keetoowah Band and the Eastern band of Cherokees, have a large number of people who speak their native language. Like other tribes, they have seen a sharp decline in the number of native speakers, particularly among the young, but they have responded with ambitious programs for preserving and revitalizing Cherokee culture and language.

Cherokee Reference Grammar will serve as a vital resource in advancing these efforts to understand Cherokee history, language, and culture on their own terms.

"Based on a third-year university course Ray Harlow taught for a number of years, this grammar reference book is intended for people whose knowledge of Maori is at that level or higher - advanced learners, native speakers and teachers of Maori. The book provides explanations and examples of all the important sentence types of modern Maori. It guides readers progressively from the simple to the more complicated, starting with words and particles, proceeding through simple clauses and sentences to transformations of these and to complex sentences with elaborate internal structure"--Publisher information.

**New Reference Grammar of Modern Spanish + Practising Spanish Grammar Workbook** Cambridge University Press

This handy new reference book provides comprehensive information on all aspects of Spanish grammar. Grammatical terminology is kept to a minimum for ease of understanding and there are many examples with up-to-date explanations of Spanish usage.

[Modern Brazilian Portuguese Grammar Workbook](#) Routledge

A New Reference Grammar of Modern Spanish is widely recognised as the standard English-language reference grammar of Spanish. It provides teachers and students of Spanish with a comprehensive, accessible and jargon-free guide to the forms and structures of the Spanish currently used in Spain and Latin America. This new edition has been carefully revised and updated, and its explanations have been checked against the findings of the Royal Spanish Academy's Gramática descriptiva de la lengua española and other new works in the field. Many new Peninsular and Latin American examples have been included, the English text has been thoroughly revised and in many places expanded or clarified. A glossary of grammatical terms has also been included. As a result this new version of 'B & B' should now be invaluable to an even wider readership ranging from intermediate to advanced students of Spanish. A Workbook is available for use with A New Reference Grammar of Modern Spanish, 4th edition; Practising Spanish Grammar by Christopher J Pountain and Teresa de Carlos. ISBN 0340 66223 9

Bislama is the national language of Vanuatu, the world's most linguistically diverse nation with at least 80 actively spoken Oceanic languages used by about 200,000 people. Bislama began as a plantation pidgin based on English in the nineteenth century, but it has since developed into a unique language with a grammar and vocabulary very different from English. It is one of very few national languages for which there is no readily available reference grammar. This book aims to fill this gap by providing an extensive account of the grammar of Bislama as it is used by ordinary Ni-Vanuatu. It does not, therefore, aim to describe any kind of artificial written norm but sets out to capture a range of different kinds of ways that Ni-Vanuatu will say things in various contexts, both written and spoken, formal and informal. The thrust of this volume is to show that Bislama has a grammar—an unfamiliar concept for those educated in Vanuatu. It also shows that Bislama is a language of considerable complexity, which will come as a surprise to many of its users, who have been taught to view their language as somehow "simple" and even "deficient."

Practising Spanish Grammar can be used independently or as the ideal companion to the sixth edition of the widely acclaimed A New Reference Grammar of Modern Spanish (Butt, Benjamin and Moreira Rodríguez). Thoroughly updated, this fourth edition of the workbook features an improved organization which closely mirrors that of A New Reference Grammar of Modern Spanish, sixth edition. The selection of exercises has been fully revised and expanded with new exercises on a variety of topics including possessives, conditional, future and past tenses, and polite requests. Designed to stimulate and engage even the most grammar-shy students, this is an ideal resource for Spanish learners at CEFR Level B2–C1, ACFTL Intermediate-High to Advanced.

**New Reference Grammar of Modern Spanish 2nd Edition (Us Edit** Cambridge University Press

A Reference Grammar of Modern Standard Arabic is a comprehensive handbook on the structure of Arabic. Keeping technical terminology to a minimum, it provides a detailed yet accessible overview of Modern Standard Arabic in which the essential aspects of its phonology, morphology and syntax can be readily looked up and understood. Accompanied by extensive carefully-chosen examples, it will prove invaluable as a practical guide for supporting students' textbooks, classroom work or self-study, and will also be a useful resource for scholars and professionals wishing to develop an understanding of the key features of the language. Grammar notes are numbered for ease of reference, and a section is included on how to use an Arabic dictionary, as well as helpful glossaries of Arabic and English linguistic terms and a useful bibliography. Clearly structured and systematically organised, this book is set to become the standard guide to the grammar of contemporary Arabic.

[Practising Spanish Grammar](#) Blackwell Publishing

Modern Brazilian Portuguese Grammar Workbook is an innovative book of exercises and language tasks for all learners of Brazilian Portuguese. The

book is divided into two sections: Part A provides exercises based on essential grammatical structures Part B practises everyday functions (e.g making social contact, asking questions and expressing needs) A comprehensive answer key at the back of the book enables you to check on your progress. Modern Brazilian Grammar Workbook is ideal for all learners who have a basic knowledge of Brazilian Portuguese, including undergraduates taking Brazilian Portuguese as a major or minor part of their studies, as well as intermediate and advanced students in schools and adult education. It can be used independently or in conjunction with Modern Brazilian Portuguese Grammar: A Practical Guide.

[Chamorro Reference Grammar](#) Routledge

Recognized internationally as the most authoritative and comprehensive guide to contemporary Spanish for English speakers, A New Reference Grammar of Modern Spanish is an accessible, jargon-free guide to the forms and structures of Spanish as it is currently spoken and written. Examples from contemporary sources from throughout the Spanish-speaking world are used to illustrate grammatical points. Levels of usage—formal, familiar, colloquial, and popular—are indicated, and regional differences in usage are highlighted. This edition has been updated and revised to include the latest findings of the Royal Spanish Academy.

**A Reference Grammar of Russian** University of Hawaii Press

New Perspectives in Role and Reference Grammar presents a broad picture of current developments in Role and Reference Grammar (RRG), a version of parallel structure grammar with an emphasis on typological adequacy. Since its inception, RRG has been applied to a wide range of languages, in particular to case marking, complex clauses (e.g. control, raising, and serial verb constructions), unaccusativity/unergativity, and the interplay between syntax and information structure. The present book is a continued investigation of the intermodular correspondence in a variety of languages and comprises 13 papers, which not only contribute to the further development of the theory, but also investigate controversial areas of linguistic theory including inflectional and derivational morphology, verbal semantics and argument structure (anticausative and serial verb constructions), the argument-adjunct distinction, an extended typology of complex clauses, the syntax-information structure interface, and interactions between the lexicon and constructions. In addition, three papers illustrate how RRG may be applied to sign languages, language acquisition, and machine translation from Arabic to English.

[Ponapean Reference Grammar](#) Cambridge Scholars Publishing

This reference grammar provides a novel and detailed overview of Old Nubian, an extinct Nilo-Saharan language written in the Nubian kingdom of Makuria between the 8th and 15th centuries CE. Including more than 700 glossed examples sourced from manuscripts and inscriptions covering the entire written record, this standard work treats Old Nubian syntax, topic/focus constructions, subordination and coordination, verbal morphology including person, aspect, tense, pluractionality, affirmation, and negation, nominal morphology, derivation, and phonology. The grammar is aimed both at scholars working in the fields of Nubiology, Egyptology, and Near Eastern Studies curious to gain a better understanding of one of the lesser studied languages from the medieval period, and linguists interested in one of the few historical languages of which written records have survived on the African continent.

[A New Reference Grammar of Modern Spanish](#) Cambridge University Press

This Italian reference grammar provides students, teachers and others interested in the Italian language with a comprehensive, accessible and jargon-free guide to the forms and structure of Italian. Whatever their level of knowledge of the language, learners of Italian will find this book indispensable: it gives clear and detailed explanations of everything from the most elementary facts such as the relation between spelling and pronunciation, or the forms of the article, to more advanced points such as the various nuances of the subjunctive. Formal or archaic discourse is distinguished from informal, everyday usage, and regionalisms are also indicated where appropriate. The authors have taken care to make it an easy and illuminating reference tool: extensive cross-referencing enables readers to quickly find the information they require, and also stimulates them to discover new, related facts.

[Nishnaabemwin Reference Grammar](#) Routledge

This third edition of PRACTISING SPANISH GRAMMAR offers you a wide variety of exercises that put Spanish grammar into practice so you can understand better how the language is used today. Thoroughly updated, PRACTISING SPANISH GRAMMAR THIRD EDITION includes: a glossary that explains grammatical terms clearly, providing you with a useful reference guide to the tools of the language level indicators with all exercises to help you progress at your own pace translations for key words within the exercises so you can work without having to stop and refer to a dictionary answers to all the exercises so you can use this book in class or at home a range of exercise types that cater for different learning strategies to help build your confidence in Spanish. With its broad variety of brand-new and revised exercises designed to stimulate and engage even the most grammar-shy students, this third edition can be used independently or as the ideal companion to the new fifth edition of the widely acclaimed A NEW REFERENCE GRAMMAR OF MODERN SPANISH FIFTH EDITION by John Butt and Carmen Benjamin.

[A Reference Grammar of Wappo](#) Routledge

Here is the most comprehensive description to date of the indigenous language of the island of Ponape. Designed as a reference volume for Ponapean educators, particularly those working in bilingual education programs, this work will also be of value to English-speaking students of Ponapean and to scholars of other Pacific languages and cultures. The grammar begins with useful background information on Ponape and Ponapean and then systematically explores the phonology, morphology, and syntax of this language. Separate treatment is given to Ponapean honorific speech styles. Also included are an appendix of current Ponapean spelling conventions and a bibliography of selected books and articles useful in the study of this language. This new work is a companion volume to the Ponapean-English Dictionary by the same authors.

[Pangasinan Reference Grammar](#) Cambridge University Press

The Yapese reference grammar is a comprehensive survey of the Yapese language. All important aspects of the language—phonology, morphology, and syntax—are discussed at both the phrase and sentence levels of structure. Useful features of the text are the extensive cross-referencing, a glossary of relevant linguistic terms, and an index. Though the book is aimed primarily at speakers of the language—both students and teachers—on the island of Yap, the text has been so organized as to be useful also to others interested in the language. Thus, the linguist, the scientist, and the

general reader with an interest in language may profit from study of the text.

**Cherokee Reference Grammar** Oxford University Press, USA

Volumes in the Trends in Linguistics. Documentation series focus on the presentation of linguistic data. The series addresses the sustained interest in linguistic descriptions, dictionaries, grammars and editions of under-described and hitherto undocumented languages. All world-regions and time

periods are represented.

*A New Reference Grammar of Modern Spanish* Cambridge University Press

This descriptive reference grammar of Nishnaabemwin (Odawa and Eastern Ojibwe) includes extensive descriptive treatment of phonology, orthography, inflectional morphology, derivational morphology, and major structural and functional syntactic categories.
