The Priory of the Orange Tree Scholastic Inc.

A stolen magic. A rising evil. They are pawns in a game they do not understand. USA Today Bestselling Author and 2018 SPFB Semi-Finalist Meg Cowley returns with a stunning new epic fantasy trilogy set in the same world as her acclaimed Books of Caledan series. When orphan Harper discovers a legendary Dragonheart, her life changes forever. Magically flung to the faraway country of Pelenor, where magic, dragons, and elves rule, Harper must find her place - and fast. Searching for the elven King's missing Dragonheart is his ruthless Spymaster Dimitri, who has his own agenda to revolutionise Pelenor, and free it from the King's greed. Harper is thrust into a web of intrigue beyond her knowledge, and her newfound companions - a roguish elven thief and his ragtag band of companions - might not be the trustworthy friends she thinks. When Harper and Dimitri's paths collide, the only thing more dangerous than lies might be the truth, yet either might destroy them. Harper is forced to ally with the hated spymaster - but Dimitri is equally displeased that his fate rests in her unworthy hands. Harper and Dimitri must work together to ensure both of them survive the King's wrath in a court where betrayal is as easy as breathing. The Dragonheart is key to both their successes - but only one can possess it, and the king will not suffer its loss. Who will drown in deceit, and who will rise triumphant? If you enjoy epic fantasies with vivid characters and complex plots, you'll love the Pelenor Chronicles. It's perfect for fans of SJ Maas' A Court of Thorns and Roses series and Jeff Wheeler's Kingfountain series. Read Heart of Dragons now.

Where the Mountain Meets the Moon Austin Macauley

The first book in Molly Harper's uproariously funny, sinfully sexy new Mystic Bayou series! Anthropologist Jillian Ramsay's career has taken a turn south. Concerned that technology is about to chase mythological creatures out into the open (how long can Sasquatch stay hidden from Google maps?), the League for Interspecies Cooperation is sending Jillian to Louisiana on a fact-finding mission. While the League hopes to hold on to secrecy for a little bit longer, they're preparing for the worst in terms of human reactions. They need a plan, so they look to Mystic Bayou,

a tiny town hidden in the swamp where humans and supernatural residents have been living in harmony for generations. Mermaids and gator shifters swim in the bayou. Spirit bottles light the front porches after twilight. Dragons light the fires under crayfish pots. Jillian's first assignment for the League could be her last. Mystic Bayou is wary of outsiders, and she has difficulty getting locals to talk to her. And she can't get the gruff town sheriff, Bael Boone, off of her back or out of her mind. Bael is the finest male specimen she's seen in a long time, even though he might not be human. Soon their flirtation is hotter than a dragon's breath, which Bael just might turn out to be... This book is based on the Audible Original audiobook.
