Looking and Listening Blurb

Piggies rock! So does Boynton. Through her eyes, her words, her music, and above all her art, we see the world with whimsy and pleasure, appreciating round noses and curly tails, floppy ears and pleasing plumpness. And we're lucky to give that gift to our youngest children. A member of the amazing Boynton on Board series that has over 21 million copies in print, Perfect Piggies! also comes with a free downloadable song. Reminiscent of a cappella swing, it's a celebration of the homey—of beauty in the eye of the beholder, of sunshine and fresh air, and a place to put up our hooves when the day is done. And, of course, the catching

energy and rhythmic language of a beloved original: We are all perfect piggies and we know what we need. It's really very simple, very simple indeed: a troughful of food, a place in the sun, and a little bit of comfort when the day is done. That goes for the rest of us, too.

Hot Fiddle Oxford University Press

In the late '90s, third-wave ska broke across the American alternative music scene like a tsunami. In sweaty clubs across the nation, kids danced themselves dehydrated to the peppy rhythms and punchy horns of bands like The Mighty Mighty Bosstones and Reel Big Fish. As ska caught fire, a swing revival brought even more sharp-dressed, brass-packing bands to national attention. Hell of a Hat dives deep into this unique musical moment. Prior to invading the Billboard charts and MTV, ska thrived from Orange

County, California, to NYC, where Moon Ska Records had eager rude girls and boys snapping up every release. On the swing tip, retro pioneers like Royal Crown Revue had fans doing the jump, jive, and wail long before The Brian Setzer Orchestra resurrected the Louis Prima joint. Drawing on interviews with heavyweights like the Bosstones, Sublime, Less Than Jake, and Cherry Poppin' Daddies—as well as underground heroes like Mustard Plug, The Slackers, Hepcat, and The New Morty Show—Kenneth Partridge argues that the relative economic prosperity and general optimism of the late '90s created the perfect environment for fast, danceable music that—with some notable exceptions—tended to avoid political commentary. An homage to a time when plaids and skankin' were king and doing the jitterbug in your best suit was so money, *Hell of a Hat* is an inside look at '90s ska, swing, and the loud noises of an era when America was dreaming and didn't even know it.

Conversations between Modern Art and Music NYU Press

Details the history of all-women's swing bands that toured extensively during World War II and after, providing first-hand accounts, archival research, and information on how the bands affected American society and culture.

The Jazz of the Southwest Swing to BopAn Oral History of the Transition in Jazz in the 1940s

After years of believing she was "born this way," Keri hit a wall when faced with the decision to marry a woman. With a slight hesitation in her heart and a faint memory of the love she once had for Jesus, Keri chose to walk away from the life she knew and gave God the chance to show her who she was made to be. "This is the love I have always longed for. Jesus picked me up, cleaned me off, renewed my mind and re-wired my desires." It's a story about experiencing the greatest love of all - the love that knows no bounds. Through heartfelt stories that will make you laugh and cry in one breath, Keri Cardinale shares her personal journey of how she came to identify herself as a homosexual, sensed a hint of doubt that life could be different, and eventually made the decision to trust God enough to show her who He created her to be.

A new addition to the successful Michael Aaron Piano Course lesson books. These new Theory books are centered around Michael Aaron's original Lesson books and are focused on his original teaching concepts.

Listening to Music Mel Bay Publications

Looking and Listening: Conversations between Modern Art and Music invites the art and music lover to place these two realms of creative endeavor into an open dialog. Although the worlds of music and visual art often seem to take separate paths, they are usually parallel. Conductor and art connoisseur Brenda Leach takes unique pairings of well-known visual art works and musical compositions from the twentieth century to identify the shared sources of inspiration, as well as similarities in theme, style, and technique, to explore the historical and cultural influences on the great artists and composers in the twentieth century. Looking and Listening asks and answers: What does jazz have in common with paintings by Stuart Davis and Piet Mondrian? How did

Gershwin's Rhapsody in Blue affect the work of artist Arthur Dove? How did painter Georgia O'Keeffe and composer Aaron Copland capture the spirit of a youthful America entering the twentieth century? What did Kandinsky and Schoenberg share in their artistic visions? Leach takes readers on a whirlwind tour of the lives of these artists, surveying many of the key movements in the twentieth century by comparing representative works from the modern masters of the visual arts and music. Leach's refreshing and innovation approach will interest those passionate about twentieth-century art and music and is ideal for any student or instructor, museum docent, or music programmer seeking to draw the lines of connection between these two art forms.

A sweeping overview of Cajun music from early studies to the present.

An Oral History of the Transition in Jazz in the 1940s Hal Leonard Corporation

New York Times bestselling authors Kwame Alexander and Mary Rand Hess (Solo) tell this lyrical story about hope, courage, and love that speaks to anyone who's struggled to find their voice. And the surprise ending shines a spotlight on the issues related to our current social divide, challenging perspectives and inspiring everyone to make their voice heard. When America is not so beautiful, or right, or just, it can be hard to know what to do. Best friends Walt and Noah decide to use their voices to grow more good in the world, but first they've got to find cool. Walt is convinced junior year is their year, and he has a plan to help them woo the girls of their dreams and become amazing athletes.

Never mind that he and Noah failed to make the high school baseball team yet again, and Noah's love interest since third grade, Sam, has him firmly in the friend zone. Noah soon finds himself navigating the worlds of jazz, batting cages, the strange advice of Walt's Dairy Queen-employed cousin, as well as Walt's "Hug Life" mentality. Status quo seems inevitable until Noah stumbles on a stash of old love letters. Each page contains the words he's always wanted to say to Sam, and he begins secretly creating artwork using the lines that speak his heart. But when his private artwork becomes public, Noah has a decision to make: continue his life in the dugout and possibly lose the girl forever, or take a swing and finally speak out? At the same time, numerous American flags are being left around town. While some think it's a harmless prank and others see it as a form of peaceful protest, Noah can't shake the feeling something bigger is happening to his community. Especially after he witnesses events that hint divides and prejudices run deeper than he realized. As the personal and social tensions increase around them, Noah and Walt must decide what is really true when it comes to love, friendship, sacrifice, and fate.

Swing is written by New York Times bestselling author and Newbery Medal and Coretta Scott King Honor Book Award-winner Kwame Alexander. It is a young adult fiction novel told through Kwame's one-of-a-kind free-verse poetry. It is ripe with themes of hope, courage, and love. Masterfully combines jazz, art, baseball, friendship, and love into what many are calling "Kwame's best book yet." Tackles some of the most painful social issues of today, including racial prejudice.

Born to Swing Hal Leonard Corporation

Examines the evolution of jazz from its beginnings in the regional

Black musics of New Orleans, Chicago, New York, and other areas.

Lil Hardin Armstrong's Life in Jazz Hay House, Inc

This indispensable book brings us face to face with some of the most memorable figures in jazz history and charts the rise and development of bop in the late 1930s and '40s. Ira Gitler interviewed more than 50 leading jazz figures, over a 10-year period, to preserve for posterity their recollections of the transition in jazz from the big band era to the modern jazz period. The musicians interviewed, including both the acclaimed and the unrecorded, tell in their own words how this renegade music emerged, why it was a turning point in American jazz, and how it influenced their own lives and work. Placing jazz in historical context, Gitler demonstrates how the mood of the nation in its post-Depression years, racial attitudes of the time, and World War II combined to shape the jazz of today.

Welcome to Jazz Alfred Music Publishing

Nearly 50 years after his death, Louis Armstrong remains one of the 20th century's most iconic figures. Popular fans still appreciate his later hits such as "Hello, Dolly!" and "What a Wonderful World," while in the jazz community, he remains venerated for his groundbreaking innovations in the 1920s. The achievements of Armstrong's middle years, however, possess some of the trumpeter's most scintillating and career-defining stories. But the story of this crucial time has never been told in depth until now. Between 1929 and 1947, Armstrong transformed himself from a little-known trumpeter in Chicago to an internationally renowned pop star, setting in motion the innovations of the Swing Era and Bebop. He had a similar effect on the art of American pop singing, waxing some of his most

identifiable hits such as "Jeepers Creepers" and "When You're Smiling." However as author Ricky Riccardi shows, this transformative era wasn't without its problems, from racist performance reviews and being held up at gunpoint by gangsters to struggling with an overworked embouchure and getting arrested for marijuana possession. Utilizing a prodigious amount of new research, Riccardi traces Armstrong's mid-career fall from grace and dramatic resurgence. Featuring never-before-published photographs and stories culled from Armstrong's personal archives, *Heart Full of Rhythm* tells the story of how the man called "Pops" became the first "King of Pop."

[Black Musicians and Religious Culture in the Jazz Century](#) Hal Leonard Publishing Corporation

Explores the role of jazz celebrities like Ella Fitzgerald, Cab Calloway, Duke Ellington, and Mary Lou Williams as representatives of African American religion in the twentieth century. Beginning in the 1920s, the Jazz Age propelled Black swing artists into national celebrity. Many took on the role of race representatives, and were able to leverage their popularity toward achieving social progress for other African Americans. In *Lift Every Voice and Sing*, Vaughn A. Booker argues that with the emergence of these popular jazz figures, who came from a culture shaped by Black Protestantism, religious authority for African Americans found a place and spokespeople outside of traditional Afro-Protestant institutions and religious life. Popular Black jazz professionals—such as Ella Fitzgerald, Cab Calloway, Duke Ellington, and Mary Lou Williams—inherited religious authority though they were not official religious leaders. Some of these artists put forward a religious culture in the mid-twentieth

century by releasing religious recordings and putting on religious concerts, and their work came to be seen as integral to the Black religious ethos. Booker documents this transformative era in religious expression, in which jazz musicians embodied religious beliefs and practices that echoed and diverged from the predominant African American religious culture. He draws on the heretofore unexamined private religious writings of Duke Ellington and Mary Lou Williams, and showcases the careers of female jazz artists alongside those of men, expanding our understanding of African American religious expression and decentering the Black church as the sole concept for understanding Black Protestant religiosity. Featuring gorgeous prose and insightful research, *Lift Every Voice and Sing* will change the way we understand the connections between jazz music and faith.

[Hell of a Hat](#) Blink

An instant New York Times bestseller and #1 Wall Street Journal bestseller. JIM KWIK, the world's #1 brain coach, has written the owner's manual for mental expansion and brain fitness. *Limitless* gives people the ability to accomplish more--more productivity, more transformation, more personal success and business achievement--by changing their Mindset, Motivation, and Methods. These "3 M's" live in the pages of *Limitless* along with practical techniques that unlock the superpowers of your brain and change your habits. For over 25 years, Jim Kwik has worked closely with successful men and women who are at the top in their fields as actors, athletes, CEOs, and business leaders from all walks of life to unlock their true potential. In this groundbreaking book, he reveals the science-based practices and

field-tested tips to accelerate self learning, communication, memory, focus, recall, and speed reading, to create fast, hard results. Learn how to: **FLIP YOUR MINDSET** Your brain is like a supercomputer and your thoughts program it to run. That's why the Kwik Brain process starts with unmasking assumptions, habits, and procrastinations that stifle you, redrawing the borders and boundaries of what you think is possible. It teaches you how to identify what you want in every aspect of your life, so you can move from negative thinking to positive possibilities. **IGNITE YOUR MOTIVATION** Uncovering what motivates you is the key that opens up limitless mental capacity. This is where Passion + Purpose + Energy meet to move you closer to your goals, while staying focused and clear. Your personal excitement will be sustainable with self-renewing inspirations. Your mind starts strong, stays strong, and drives further exponentially faster. **MASTER THE METHOD** We've applied the latest neuroscience for accelerated learning. Our process, programs, podcasts, and products unleash your brain's own superpowers. Finish a book 3x faster through speed reading (and remember every part of it), learn a new language in record time, and master new skills with ease. These are just a few of the life-changing self-help benefits. With Kwik Brain, you'll get brain-fit and level-up your mental performance. With the best Mindset, Motivation and Method, your powers become truly limitless.

Includes access to online video

Book 4 ABRSM Exam Pieces

"Through this wonderful book, frustrated golfers can learn to swing like Moe [Norman] and improve their games." —Anthony Robbins, #1 New York Times–bestselling author The mysterious and reclusive genius Moe Norman is acknowledged as the best ball-striker in the history of golf by many of the game's greats. The Single Plane Golf Swing: Play Better Golf the Moe Norman Way reveals the secrets of the swing that enabled him to hit the ball solidly with unerring accuracy and consistency—every time. Norman's simple, efficient, and easily understood Single Plane Swing has improved the games of thousands of golfers. Golf professional Todd Graves, known as "Little Moe" and regarded as the world authority on Norman's swing, comprehensively teaches readers the mechanics, drills, and feelings of the Single Plane Swing that Moe called "The Feeling of Greatness." Graves shares Norman's brilliant insights and liberating approach to the game and demonstrates why the conventional "tour" swing is too complex and frustrating for the majority of amateurs. Illustrated with more than 300 photographs and written with Tim O'Connor, Norman's biographer, the book also engagingly tells Norman's bittersweet life story and explores the teacher-student bond forged between Norman and his protégé Graves. "One of golf's

greatest untold stories, Moe Norman's life illustrated a simple and powerful truth: greatness is built from practicing the right swing in the right way. In this book, Todd Graves has given us a

blueprint for that swing, for those practice habits, and most of all for a process that builds success." —Dan Coyle, New York Times-bestselling author of *The Culture Code*
