♥♥ The Most Dangerous Game by Richard Connell ♥♥ The Most Dangerous Game, also published as The Hounds of Zaroff, is a short story by Richard Connell first published in Collier's magazine on January 19, 1924. It features a big-game hunter from New York who falls off a yacht and swims to an isolated island in the Caribbean where he is hunted by a Cossack aristocrat. The story is an adaptation of the big-game hunting safaris in Africa and South America that were fashionable among wealthy Americans in the 1920s. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ Big-game hunter Sanger Rainsford and his friend, Whitney, are traveling to the Amazon rainforest for a jaguar hunt. After a discussion about how they are "the hunters" instead of "the hunted," Whitney goes to bed and Rainsford hears gunshots. He climbs onto the yacht's rail and accidentally falls overboard, swimming to Ship-Trap Island, which is notorious for shipwrecks. On the island, he finds a palatial chateau inhabited by two Cossacks: the owner, General Zaroff, and his gigantic deaf-mute servant, Ivan. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ Zaroff, another big-game hunter, knows of Rainsford from his published account of hunting snow leopards in Tibet. Over dinner, the middle-aged Zaroff explains that although he has been hunting animals since he was a boy, he has decided that killing big-game has become boring for him, so after escaping the Russian Revolution he moved to Ship-Trap Island and set it up to trick ships into wrecking themselves on the jagged rocks that surround it. He takes the survivors captive and hunts them for sport, giving them food, clothing, a knife, and a three-hour head start, and using only a small-caliber pistol for himself. Any captives who can elude Zaroff, Ivan, and a pack of hunting dogs for three days are set free. He reveals that he has won every hunt to date. Captives are offered a choice between being hunted or turned over to Ivan, who once served as official knouter for The Great White Czar. Rainsford denounces the hunt as barbarism, but Zaroff replies by claiming that "life is for the strong." Realizing he has no way out, Rainsford reluctantly agrees to be hunted. During his head start, Rainsford lays an intricate trail in the forest and then climbs a tree. Zaroff finds him easily, but decides to play with him as a cat would with a mouse, standing underneath the tree Rainsford is hiding in, smoking a cigarette, and then abruptly departing. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ After the failed attempt at eluding Zaroff, Rainsford builds a Malay man-catcher, a weighted log attached to a trigger. This contraption injures Zaroff's shoulder, causing him to return home for the night, but he shouts his respect for the trap before departing. The next day Rainsford creates a Burmese tiger pit, which kills one of Zaroff's hounds. He sacrifices his knife and ties it to a sapling to make another trap, which kills Ivan when he stumbles into it. To escape Zaroff and his approaching hounds, Rainsford dives off a cliff into the sea; Zaroff, disappointed at Rainsford's apparent suicide, returns home. Zaroff smokes a pipe by his fireplace, but two issues keep him from the peace of mind: the difficulty of replacing Ivan and the uncertainty of whether Rainsford perished in his dive.

Fireman Guy Montag loves his job. Since houses have been made fireproof, firemen no longer put out house fires--now they burn books. No one is allowed to read books--no one wants to read books. Books are only filled with confusing and contradictory ideas, and it is more important to have fun and be entertained. But then Montag meets a new young neighbor girl who actually seems to think. When she asks him, "Are you happy?" he finds he has no answer. And when an old woman refuses to leave her books and dies in the flames, he wonders, what in her books inspires such passion? He determines to discover it for himself, though his rebellion, and his confusion, may cost him his life. A good examination of censorship and our responsibility to understand. I was born to the name of Rachel Weatere in the year 1684, more than three hundred years ago. The one who changed me named me Risika, and Risika I became, though I never asked what it meant. I continue to call myself Risika, even though I was transformed into what I am against my will. By day, Risika sleeps in a shaded room in Concord, Massachusetts. By night, she hunts the streets of New York City. She is used to being alone. But now someone is following Risika. Someone has left her a black rose, the same sort of rose that sealed her fate three hundred years ago. Three hundred years ago Risika had a family -- a brother and a sister who loved her. Three hundred years ago she was human. Now she is a vampire, a powerful one. And her past has come back to torment her. This atmospheric, haunting tale marks the stunning debut of a promising fourteen-year-old novelist. From the Hardcover edition.

A librarian's laugh-out-loud funny, deeply moving collection of love letters and breakup notes to the books in her life. If you love to read, and presumably you do since you've picked up this book (!), you know that some books affect you so profoundly they forever change the way you think about the world. Some books, on the other hand, disappoint you so much you want to throw them against the wall. Either way, it's clear that a book can be your new soul mate or the bad relationship you need to end. In Dear Fahrenheit 451, librarian Annie Spence has crafted love letters and breakup notes to the iconic and eclectic books she has encountered over the years. From breaking up with The Giving Tree (a dysfunctional relationship book if ever there was one), to her love letter to The Time Traveler's Wife (a novel less about time travel and more about the life of a marriage, with all of its ups and downs), Spence will make you think of old favorites in a new way. Filled with suggested reading lists, Spence's take on classic and contemporary books is very much like the best of literature—sometimes laugh-out-loud funny, sometimes surprisingly poignant, and filled with universal truths. A celebration of reading, Dear Fahrenheit 451 is for anyone who loves nothing more than curling up with a good book...and another, and another, and another!

Catiline His Conspiracy Simon and Schuster

Ray Bradbury's novel Fahrenheit 451 is an enduring masterwork of twentieth-century American literature—a chilling vision of a dystopian future built on the foundations of ignorance, censorship, and brutal repression. The origins and evolution of Bradbury's darkly magnificent tale are explored in A Pleasure to Burn, a collection of sixteen selected shorter works that prefigure the grand master's landmark novel. Classic, thematically interrelated stories alongside many crucial lesser-known ones—including, at the collection's heart, the novellas "Long After Midnight" and "The Fireman"—A Pleasure to Burn is an indispensable companion to the most powerful work of America's preeminent storyteller, a wondrous confirmation of the inimitable Bradbury's brilliance, magic . . . and fire.

In the public debate, questions of literature's societal function and worth have often been debated. Rather than to answer these questions, the authors of 'Forbidden Literature' seek to chart the discursive framework from which the discussions arise. In an exciting new light they show how literature occupies a dual position: on the one hand deemed necessary to control, and on the other utilized as an instrument of control. The individual studies deal with censorship's past and present, in liberal democracies as well as in totalitarian regimes - tracing an historical continuum wherein literature is conceived as a phenomenon in need of regulation. Asking how and why literature becomes the object of repressive measures, and how literary practices are shaped and transformed in relation to various mechanisms of regulation, the contributions provide a prismatic perspective on the complex relationship between literature and censorship. The participating scholars represent a variety of scientific disciplines. Dealing mainly with empirical material from the Nordic countries - involving both fiction and non-fiction from a range of periods - the different contributions ultimately address the principles at stake in the regulatory and prohibiting practises primarily focusing on the 20th and 21st centuries. Through a wide definition of censorship, this books constitutes a valuable contribution to contemporary discussions on censorship and to "new" threats to freedom of expression.
