"In this sequel to *The Haunting of America* and *The Haunting of Twentieth-Century America*, national bestselling authors Joel Martin and William J. Birnes set the stage for one of the great intellectual and spiritual awakenings that is currently challenging traditional belief systems. Reaching back into events that rocked the twentieth century, the authors show that, though denying the importance of a spiritual component in national policy, even the most conservative of governments have based social and financial policy decisions on a profound belief in the existence of the paranormal.

The Haunting of Twenty-First-Century America is unlike any American history you will ever read--it posits that not only is the paranormal more normal than most people think, but that it is driving current events to a new "Fourth Culture" of the twenty-first century"--

The official parody guide to the unaired eighth season of *Star Trek: The Next Generation*, based on the popular @TNG_S8 Twitter account from creator Mike McMahan! In the basement of the *Star Trek* archives, behind shelves of U.S.S. Enterprise NCC-1701-D models, bags of wigs, and bins of plastic phasers, sits a dusty cardboard box. Inside is a pile of VHS tapes that contain never-before-seen episodes and behind-the-scenes footage for something truly amazing. The world thinks there are only seven seasons of *Star Trek: The Next Generation*, but there's one more. A secret season. Actually, not really. But that didn't stop Mike McMahan, creator of the parody Twitter account @TNG_S8, from making a guide full of: REAL* TNG SEASON 8 FACTS

AND STORIES! REAL* TNG SEASON 8 DIALOGUE AND IMAGES! (* Again, not really, of course. This is humor. Sorry.) So impress your friends and bewilder your enemies with your newfound knowledge of these very lost *Star Trek* episodes!

From the world of George R. R. Martin's *A Song of Ice and Fire* comes a collection of 80 delicious recipes inspired by the histories of Westeros, Essos, and beyond. For those who long to dine with the Dragonlords of Old Valyria or quaff a cup of mead with King Robert I, *The Official Game of Thrones Cookbook* unlocks the vast culinary world of George R. R. Martin's *A Song of Ice and Fire*. Presented as the in-world manuscript of a Citadel maester, these eighty recipes take the reader on a delectable journey throughout the Seven Kingdoms, across the Narrow Sea, and back into the annals of history. The book is created by Chelsea Monroe-Cassel, who tends the popular "Inn at the Crossroads" food blog and co-authored *A Feast of Ice and Fire*. Her Maester Alton is

curious, food-obsessed, and loves the fare of the highborn and small folk alike. His recipes evoke the world's regions, history, and stories in a charming and knowledgeable voice. The eight chapters offer recipes for every meal of the day, including Dothraki Blood Pie, Crown Roast of Boar's Ribs, Dornish Creamcakes, Redwyne Roasted Grapes, Seaweed Ship's Biscuits, Barley Griddle Cakes, Winter Town Wassail. Recipes are illustrated by mouthwatering food photography and stunning woodcut illustrations. A resource section suggests menus by region, so you can hold a feast in Riverlands, The Wall, or Braavos. Complete with an introduction by George R. R. Martin, *The Official Game of Thrones Cookbook* transports you to a much-loved world where trestle tables groan with sumptuous feasts, goblets overflow with mead, and winter is always coming.

Now in paperback, the droll memoir by a world-class physicist that includes recollections of his involvement with pioneering laser research, encounters with many of the most recognizable literary, cultural, and entertainment figures of the 20th century, and his role in teaching ESP techniques to the CIA--a real-life X-Files saga. Russll Targ is a Zelig-like character. His story is an idiosyncratic journey through the highways and byways of American intellectual, scientific, and cultural life in 20th century. His father (the long-time editor-in-chief at Putnam) acquired *The Godfather* on the basis of an outline scribbled on the back of a napkin. His mother was the first press agent of the fan dancer Sally Rand. His step-mother is the legendary literary agent Rosalind Targ. He was married for thirty years to the sister of the infamous chess master Bobby Fischer. He briefly dated Henny Youngman's cousin. He attended college with Alan Alda's wife, Arlene. He was part of Ayn Rand's study group in the 1950s--along with economist Alan Greenspan. He was a pioneer in laser research. He spent many years developing air-borne laser wind sensors for Lockheed and NASA. He co-founded the Stanford Research Institute remote viewing program--which was funded by the CIA--and was instrumental in tracking Soviet and Chinese weapon installations during the Cold War. And, he is a legally blind motorcyclist—who happens to be a Buddhist. This is a fascinating memoir by a first-class intellect; the story of a physicist who has pushed the boundaries of science to explore the realms of parapsychology, spirituality, and the unexplained.

Is there one food that humans, Klingons, Bajorans, and Vulcans would like? If so, what would it taste like? How would you prepare it? Could you find all the ingredients locally? This is the task that faces Neelix, chef for the U.S.S. *Voyager*™, every time he takes on the challenge of trying to feed its crew of 140 food critics. But over the course of their journey, Neelix's learned a few tricks of the trade. He had to, just as a matter of self-preservation. Ethan Phillips, in the persona

of Neelix, and William J. Birnes, the New York Times bestselling coauthor of *The Day After Roswell*, throw wide the vaults of interstellar haute cuisine, revealing for the first time the secret preparation techniques behind all those exotic dishes and drinks. The favorite foods of characters from every Star Trek series and movie are here, all adapted for easy use in twentieth-century kitchens. The *Star Trek Cookbook* also features a complete guide for whipping up the all the drinks served at Quark's. This eye-opening history will change the way you read a cookbook or regard a TV chef, making cooking ventures vastly more interesting—and a lot more fun. Every kitchen has at least one well-worn cookbook, but just how did they come to be? Invention of the Modern Cookbook is the first study to examine that question, discussing the roots of these collections in 17th-century England and illuminating the cookbook's role as it has evolved over time. Readers will discover that cookbooks were the product of careful invention by highly skilled chefs and profit-minded publishers who designed them for maximum audience appeal, responding to a changing readership and cultural conditions and utilizing innovative marketing and promotion techniques still practiced today. They will see how cookbooks helped women adjust to the changes of the Enlightenment and Industrial Revolution by educating them on a range of subjects from etiquette to dealing with household servants. And they will learn how the books themselves became "modern," taking on the characteristics we now take for granted. [The Haunting of Twenty-First-Century America](#) HMH

The relationship between theology and film has always been a complicated one. When film was invented at the end of the nineteenth century, it quickly gained its place in popular culture, far from the orthodoxies of the scholarly world and of the Church. For the better part of the twentieth century popular cinema was considered off limits for serious studies of Bible and culture. Recently, however, there has been a growing understanding of how the Bible is being used in popular culture—not as a historical document or as an authoritative canon, but as part of the cultural intertext. Cinema is a vivid

example of the role and impact of the Bible in contemporary society. In this well-theorized collection of essays the issue is treated from several angles. Using the methodology of theology, the question of the alleged escapism of popular cinema is explored. Using the methodology of media studies, the impact of the media on religious communication is analysed. And, using the methodology of religious studies, the influence of the cinema in the creation of new religions, religious behaviour and religious institutions is investigated. In addition, the book offers fruitful analyses of the cinematic use of biblical themes such as Eden, salvation, Mary Magdalene and Jesus-as well as of the cinematic

application of ethical themes such as truth-telling, personal growth, suffering, the accomplishment of good and the creating of meaning for human beings. *The British National Bibliography* Aspect "Tomb Raider: The Official Cookbook and Travel Guide is a thrilling and delicious tutorial on recipes based on the cultural history of the many locations Lara Croft has visited throughout her 25 years of global adventures--bringing the taste back home to you.
