The history of drama is typically viewed as a series of inert "styles." Tracing British and American stage drama from the 1880s onward, W. B. Worthen instead sees drama as the interplay of text, stage production, and audience. How are audiences manipulated? What makes drama meaningful? Worthen identifies three rhetorical strategies that distinguish an O'Neill play from a Yeats, or these two from a Brecht. Where realistic theater relies on the "natural" qualities of the stage scene, poetic theater uses the poet's word, the text, to control performance. Modern political theater, by contrast, openly places the audience at the center of its rhetorical designs, and the drama of the postwar period is shown to develop a range of post-Brechtian practices that make the audience the subject of the play. Worthen's book deserves the attention of any literary critic or serious theatergoer interested in the relationship between modern drama and the spectator.

The Divine Comedy W. W. Norton

From Zora Neale Hurston to Derek Walcott to Toni Morrison, New World black authors have written about African-derived religious traditions and spiritual practices. The Sacred Act of Reading examines religion and sociopolitical power in modern and contemporary texts of a variety of genres from the black Americas. By engaging with spiritual traditions such as Vodou, Kumina, and Protestant Christianity while drawing on canonical Eurocentric literary theory, Anne

Margaret Castro presents a novel, nuanced reading of power through the physical and metaphysical relationships portrayed in these great works of New World black literature. Castro examines prophecy in the dramas of Derek Walcott, preaching in the ethnography of Zora Neale Hurston, and liturgy in the novels of Toni Morrison, offering comparative readings alongside the works of Afro-Colombian anthropologist Manuel Zapata Olivella, Jamaican sociologist Erna Brodber, and Canadian fiction writer Nalo Hopkinson. The Sacred Act of Reading is the first book to bring together literary texts, historical and contemporary anthropological studies, theology, and critical theory to show how black authors in the Americas employ spiritual phenomena as theoretical frameworks for thinking within, against, and beyond structures of political dominance, dependence, and power. *Pre-Confederation Canada* Hal Leonard Corporation

The Mother, the Lover, the Trickster, the Spiritual and Temporal Leader, the Devil—these are just some of the universal essences, known as archetypes, that lie deep within the human spirit; these are forces that we all recognize and embody in some capacity. Acting and Singing with Archetypes is a groundbreaking, experiential book that uses archetypes as the basis of an unprecedented method of study for actors and singers. By using fifteen archetype explorations that employ vocal exercises, mask making, monologue and scene work, breathing exercises, role playing, storytelling, singing, meditation, self-reflection, and more, this book empowers actors to interpret character and voice in exciting, untraditional ways. The explorations ultimately leave performing artists with the tools they

need to develop their theatrical roles to the fullest, utilize their singing and speech abilities with the widest range of emotion, and unlock their overall creative potential. The book also reinforces the importance of breathing, relaxing, stretching, and other physical techniques that enable healthy practice of the craft. Geared toward theatre teachers, directors, and theatre workshop leaders, this is an incredible teaching tool, accompanied by a CD of demonstrative recordings of vocal exercises and other guiding content sung and spoken by authors Janet B. Rodgers and Frankie Armstrong. Book jacket.

A Basic Guide for Students of the Social and Behavioral Sciences Parlor Press LLC Known through four editions as the boldest and most distinguished introduction to drama, William Worthen's pace-setting text continues to provide exciting plays usefully situated within their historical and cultural contexts. In its fifth edition, THE WADSWORTH ANTHOLOGY OF DRAMA broadens its scope to offer even more plays than ever before.

Defining the Field Wadsworth Publishing Company

"Literature, Compact 4/e," the concise edition of the most popular introduction of its kind, is organized into three genres Fiction, Poetry, and Drama. As in past editions, the authors' collective poetic voice brings personal warmth and a human perspective to the discussion of literature, adding to students' interest in the readings. An introduction to a balance of contemporary and classic stories, poems, and plays. Casebooks offer in-depth look at an author or clusters of works, for example "Latin American Poetry." Authors Joe Kennedy and Dana Gioia provide inviting and

illuminating introductions to the authors included and to the elements of literature. Coverage of writing about literature is also included. For those interested in literature.

The Differentiated Classroom The Wadsworth Anthology of Drama Theatre, like other subjects in the humanities, has recently undergone quintessential changes in theory, approach, and research. *Modern Drama* – a collection of twelve essays from leading theatre and drama scholars – investigates the contemporary meanings and the cultural and political resonances of the terms inherent in the concepts of 'modern' and 'drama,' delving into a range of theoretical questions on the history of modernism, modernity, postmodernism, and postmodernity as they have intersected with the shifting histories of drama, theatre, and performance. Using incisive analyses of both modern and postmodern plays, the contributors examine varied topics such as the analysis of periodicity; the articulation of social, political, and cultural production in theatre; the re-evaluation of texts, performances, and canons; and demonstrations of how interdisciplinarity inflects theatre and its practice. Including work by Sue-Ellen Case, Elin Diamond, Harry J. Elam Jr, Alan Filewod, Erika Fischer-Lichte, Stanton B. Garner Jr, Shannon Jackson, Loren Kruger, Josephine Lee, David Savran, Michael Sidnell, and Ann Wilson, the collection highlights the importance of continuing to investigate not only critical texts but also the terms of the debate themselves. Incorporating both drama history and modern studies, this compilation will be an invaluable work to all scholars of theatre and drama, and as well as those students of the humanities and modernism.

2nd edition Cengage Learning
 ONLY CONNECT is a comprehensive history of American broadcasting from its earliest days in radio, through the rise of television, to the current era of digital media and the Internet. It presents broadcasting as a vital component of American cultural identity, placing the development of U.S. radio, television, and new media in the context of social and cultural change. Each chapter opens with a discussion of the historical period, thoroughly traces the development of media policy, the growth of media industries, and the history of U.S. broadcast programming, and closes with a look at the major ways that radio and television have been understood and discussed throughout American history. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Spirituality, Performance, and Power in Afro-Diasporic Literature Univ of California Press

An early American textbook for beginning readers, that includes a rhyming alphabet, Bible questions, and Shorter Catechism, with original woodcut illustrations.

A History Princeton University Press

- Designed for students who will be writing research proposals, reports, theses, and dissertations.
- The 15 chapters cover 191 guidelines for effective scientific writing. The guidelines are fully illustrated with easy-to-follow examples.
- The guidelines describe the types of information that should be included, how this information should be expressed, and where various types of information should be placed within a research report.
- End-of-chapter questions help students master the writing process.

Literature University of Toronto Press

This best-selling brief introduction to public speaking offers practical coverage of every topic typically covered in a full-sized text, from invention, research and organization, practice and delivery, to the different speech types. Its concise, inexpensive format makes it perfect not only for the public speaking course, but also for any setting across the curriculum, on the job, or in the community. This newly redesigned full-color edition offers even stronger coverage of the fundamentals of speechmaking, while also addressing the changing realities of public speaking in a digital world. It features fully updated chapters on online presentations and using presentation software, and a streamlined chapter on research in print and online.

Script Analysis for Actors, Directors, and Designers ASCD

A Companion to Shakespeare and Performance provides a state-of-the-art engagement with the rapidly developing field of Shakespeare performance studies. Redraws the boundaries of Shakespeare performance studies. Considers performance in a range of media, including in print, in the classroom, in the theatre, in film, on television and video, in multimedia and digital forms. Introduces important terms and contemporary areas of enquiry in Shakespeare and performance. Raises questions about the dynamic interplay between Shakespearean writing and the practices of contemporary performance and performance studies. Written by an international group of major scholars, teachers, and professional theatre makers.

The Coding Manual for Qualitative

Researchers Longman Publishing Group

The Handbook on Teaching Social Issues,

2nd edition, provides teachers and teacher educators with a comprehensive guide to teaching social issues in the classroom. This second edition re-frames the teaching of social issues with a dedicated emphasis on issues of social justice. It raises the potential for a new and stronger focus on social issues instruction in schools. Contributors include many of the leading experts in the field of social studies education. Issues-centered social studies is an approach to teaching history, government, geography, economics and other subject related courses through a focus on persistent social issues. The emphasis is on problematic questions that need to be addressed and investigated in-depth to increase social understanding, active participation, and social progress. Questions or issues may address problems of the past, present, or future, and involve disagreement over facts, definitions, values, and beliefs arising in the study of any of the social studies disciplines, or other aspects of human affairs. The authors and editor believe that this approach should be at the heart of social studies instruction in schools.

ENDORSEMENTS "At a time when even the world's most stable democracies are backsliding towards autocratic rule, Ronald Evans has pulled together an essential guide for teachers who want to do something about it. The 2nd edition of the Handbook on Teaching Social Issues is a brilliant and timely collection that should be the constant companion for teachers across the disciplines." Joel Westheimer University Research Chair in Democracy and Education University of Ottawa "The Handbook on Teaching Social Issues (2nd edition) is a fantastic resource for teachers, teacher educators, and professional development specialists

who are interested in ensuring that social issues are at the center of the curriculum. The chapters are focused on the most important contemporary thinking about what social issues are, why they are so important for young people to learn about, and what research indicates are the most effective pedagogical approaches. The wide-ranging theoretical and practical expertise of the editor and all of the chapter authors account for why this handbook makes such an exceptional contribution to our understanding of how and why the social issues approach is so important and stimulating." Diana Hess Dean, UW-Madison School of Education Karen A. Falk Distinguished Chair of Education "Democracy, both as a form of governance and a reservoir of principles and practices, faces an existential threat. The Handbook on Teaching Social Issues is a perfectly-timed and wonderfully engaging exploration of what lies at the heart of social studies curriculum: social inquiry for democratic life. The authors provide conceptual frames, classroom strategies and deep insights about the complex and utterly crucial work of education for democratic citizenship. Education like that conceptualized and described in this volume is a curative so needed at this critical moment. Ron Evans and his colleagues have delivered, assembling an outstanding set of contributions to the field. The Handbook underscores John Dewey's now-haunting invocation that democracy must be renewed with each generation and an education worthy of its name is the handmaiden of democratic rebirth." William Gaudelli Dean and Professor Lehigh University "This volume is so timely and relevant for democratic education. Instead of retreating to separate ideological

corners, the authors in this handbook invite us to engage in deliberative discourse that requires civic reasoning and often requires us to meet in a place that serves us all." Gloria Ladson-Billings, Professor Emerita Department of Curriculum & Instruction University of Wisconsin President, National Academy of Education Fellow, AERA, AAAS, and Hagler Institute @ Texas A&M "At the heart of our divisive political and social climate is the need to understand and provide clarity over polarizing concepts. Historically, confusion and resistance has hindered the nation's growth as a democratic nation. Typically, the most vulnerable in our society has suffered the most from our unwillingness to reconceptualize society. The Handbook on Teaching Social Issues, 2nd edition, is a good step in helping social studies educators, students, and laypersons realize a new society that focuses on equity. With over 30 chapters, Ronald Evans and his colleagues' centered inquiry, critical thinking, controversy, and action to challenge ideologies and connect social studies to student's lives and the real world. The first edition helped me as a young social studies teacher; I am excited to use the 2nd edition with my teacher education students!" LaGarrett King Isabella Wade Lyda and Paul Lyda Professor of Education Founding Director, CARTER Center for K-12 Black history education University of Missouri "Ronald Evans has curated a collection of informative contributions that will serve as an indispensable resource for social studies educators committed to engaging their students in the thoughtful examination of social issues. The Handbook on Teaching Social Issues, 2nd edition, articulates the historical, definitional, and conceptual foundations of social

issues education. It offers clear presentations of general guidelines for unit planning, discussion methods, and assessment. It identifies specific teaching strategies, resources, and sample lessons for investigating a range of persistent and contemporary social issues on the elementary, middle, and secondary levels through the social studies disciplines. Updated with perspectives on education for social justice that have emerged since the first edition, this edition effectively situates social issues education in the contemporary sociopolitical milieu. The Handbook on Teaching Social Issues, is a timely, accessible, and practical guide to involving students in a vital facet of citizenship in a democracy." William G. Wraga, Professor Dean's Office Mary Frances Early College of Education University of Georgia "The Handbook on Teaching Social Issues, 2nd edition is a long-awaited, welcome, and timely volume. It is apparent that the foundational tenets of the first edition have served social studies professionals well over the past 25 years, given the growth of social issues scholarship showcased in this new edition. Notable is the re-framing and presentation here of scholarship through a social justice lens. I appreciate the offering of unique tools on an array of specific, critical topics that fill gaps in our pedagogical content knowledge. This volume will sit right alongside my dog-eared 1996 edition and fortify many methods courses, theses, and dissertations to come. Sincere thanks to the editor and authors for what I am certain will be an enduring, catalyzing contribution." Nancy C. Patterson Professor of Education Social Studies Content Area Coordinator Bowling Green State University "The Handbook on Teaching Social Issues is a

tool that every informed social studies educator should have in their instructional repertoire. Helping students understand how to investigate and take action against problems is essential to developing a better world. The articles in this handbook provide explanations and reasonings behind issues-centered education as well as strategies to employ at every age level of learning. I look forward to using this edition with the K-12 social studies teachers in my district in order to better prepare our students for future learning and living." Kelli Hutt, Social Studies Curriculum Facilitator Dallas Center-Grimes CSD Grimes, Iowa "Ron Evans has chosen an appropriate time to create a companion publication to the first Handbook on Teaching Social Issues published in 1996. During the last few years, social studies teachers have been confronted by student inquiries on a plethora of historical and contemporary issues that implores for the implementation of an interdisciplinary approach to the teaching of anthropology, economics, geography, government, history, sociology, and psychology in order for students to make sense of the world around them and develop their own voices. This demands a student centered focus in the classroom where problematic questions must be addressed and investigated in depth in order to increase social understanding and active participation toward social progress. This volume provides crucial upgrades to the original handbook including a greater emphasis on teaching issues in the elementary grades, the inclusion of issues pertaining to human rights, genocide and sustainability to be addressed in the secondary grades, and addressing issues related to disabilities." Mark Previte,

Associate Professor of Secondary Education University of Pittsburgh-Johnstown Chair, NCSS Issues Centered Education Community
The Unbearable Heaviness of Philosophy Made Lighter Springer Nature
 Written by a premier author team, now including Angela Trethewey, *Organizational Communication: Balancing Creativity and Constraint* draws on contemporary research to provide a lively discussion of today's organizational issues (including such topics as identity, employee health, gender and cultural difference, and the work/life balance) while helping students to see how these theories and concepts are relevant in everyday life.
Curriculum John Wiley & Sons
 This first volume begins with the history of Canada's Indigenous inhabitants prior to the arrival of Europeans and ends with the nation-building project that got underway in 1864.
Modern Drama Longman Publishing Group
 The ideal alternative to longer anthologies, this brief, affordable, and diverse collection of fiction, poetry, and drama provides a concise yet comprehensive introduction to the study of literature. Why do you need this new edition? New short stories include selections by authors not represented in earlier editions of this anthology, including Hisaye Yamamoto, Tim O'Brien, and Sherman Alexie, as well as new offerings from previously anthologized authors. A wide range of new poems includes works by poets like Joseph Harrison, Allison Joseph, Sophie Hannah, and Emily Moore, as well as Iraq veteran Brian Turner—a 21st century soldier-poet. New dramas by Milcha Sanchez-Scott and Arlene Hutton reflect current American concerns (immigration,

feminism), and new selections by previously anthologized dramatists offer echoes of today's politics (Sophocles' *Antigone*), an adaptation by Arthur Miller (Ibsen's *An Enemy of the People*), and a classic from one of America's most admired playwrights, August Wilson (*The Piano Lesson*). *The Bedford Anthology of American Literature, Volume One* Macmillan Higher Education

For an accessible, comprehensive global survey of the world's major civilizations, Adler and Pouwels's *WORLD CIVILIZATIONS* offers a great balance between detail and brevity. This unique student-oriented text offers 53 short chapters accompanied by strong pedagogy and critical thinking tools, giving instructors the flexibility to assign a wide range of major topics in world history in a variety of different ways, while making learning more manageable for students. The focused treatment of topics throughout history covers every major epoch and follows broad patterns and processes, while illuminating history through specific examples and a particular emphasis on social and cultural topics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

From Theory to Practice University of Toronto Press

Prepared by recognized scholars and devoted teachers, *The Bedford Anthology of American Literature* brings the canon of American literature down to a manageable size. Half the length of other leading anthologies, and offered at a much lower price, the anthology reflects years of firsthand experience in the classroom and extensive research on what instructors are actually teaching in the survey course today. Prepared

expressly for students and informed by the new understandings of and approaches to American literature that have emerged during the last 30 years, the anthology is lavishly illustrated and features several pedagogical innovations that help students engage with the literature.

Writing Empirical Research Reports IAP

Using an abundance of exercises, including twenty-one that are new; examples; and writing applications, *AT A GLANCE: WRITING SENTENCES AND BEYOND*, Sixth Edition, focuses on sentence writing, with detailed attention to matters such as grammar, rhetoric, sentence variety, sentence combining, diction, capitalization, punctuation, and spelling. The book also includes basic instructions for all ten patterns of writing, including classification; a reproducible Writing Process Worksheet designed to provide guidance for students in recursive writing and to save time for instructors; and concise instruction, with student examples, on the process of writing paragraphs and essays. This edition presents new instruction on writing the summary, a revision on community dialects, and more than a hundred prompts and topics for writing specific and combined patterns of paragraphs and essays. Delivering engaging, effective, and affordable basic instruction, the book can be used on its own or as a companion to a reader or other text materials. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Walk Two Moons CRC Press

This affordable, chronologically arranged anthology features 72 short stories carefully selected for their representation of international voices

and techniques, their significance in the development of fiction, and their educational and thematic value. Selections are weighted toward the modern and contemporary, with a fair representation of earlier stories. Story groupings help instructors shape thematic units, and help students recognize thematic and technical points of comparison between readings. Multiple stories by the same author allow students to compare works and analyze the evolution of the writer's literary technique.

The Challenge of World Theatre History
Rowman & Littlefield

The future of theatre history studies requires consideration of theatre as a global phenomenon. *The Challenge of World Theatre History* offers the first full-scale argument for abandoning an

obsolete and parochial Eurocentric approach to theatre history in favor of a more global perspective. This book exposes the fallacies that reinforce the conventional approach and defends the global perspective against possible objections. It moves beyond the conventional nation-based geography of theatre in favor of a regional geography and develops a new way to demarcate the periods of theatre history. Finally, the book outlines a history that recognizes the often-connected developments in theatre across Eurasia and around the world. It makes the case that world theatre history is necessary not only for itself, but for the powerful comparative and contextual insights it offers to all theatre scholars and students, whatever their special areas of interest.
