First multi-year cumulation covers six years: 1965-70.

Spanish-speaking Africa Penguin

A union list of serials commencing publication after Dec. 31, 1949.

The National Union Catalog, 1952-1955 Imprints Schreiber, Shengold Publishing

An A-Z encyclopedia covering the principal battles and campaigns, key military and political figures, and the political maneuvering during the Spanish-American and Philippine-American Wars. America's adventure into colonialism began with the destruction of the U.S. battleship Maine in 1898, presumably by a Spanish mine. The four month war against Spain that followed—the shortest declared war in U.S. history—resulted in the U.S. acquisition of the Philippines, Puerto Rico, and Guam. The young giant of the Western Hemisphere was transformed into a colonial power, and the balance of power in the world was changed forever. In this chronicle of an era that has escaped the attention it deserves, military historian Jerry Keenan explores America's war with Spain and the violence that followed. He shows how the United States muddled the administration of the sprawling Philippine archipelago, guided by a policy that President McKinley called "benevolent assimilation." Within a year, the United States was fighting a war against Philippine nationalists—a three year conflict that would give American soldiers their first bitter taste of counterinsurgency warfare in an Asian jungle.

National Union Catalog McGraw-Hill Science, Engineering & Mathematics

A cumulative list of works represented by Library of Congress printed cards.

The National Union Catalog

Includes entries for maps and atlases.

Catalog

La frontera entre los Estados Unidos y México es una tierra de nadie. Las drogas, las armas, y los humanos son los cargamentos preferido en un imperio de multi-mil millones de dólares, dominado por carteles, bandas homicidas, y oficiales de gobierno corruptos. Contra ellos son los Agentes Especiales del Servicio Aduanero de los Estados Unidos—hombres y mujeres que pelean para mantener las leyes y proteger los EE UU en ambos lados de la frontera. Terry Kirkpatrick trabajó uno de los profesiones más difíciles en los Estados Unidos: un agente de la aduana de los Estados Unidos en la frontera entre Arizona y México. Ha visto todo y ha hecho más por más de veinte años en un trabajo que muchos oficiales dejan andes de que han trabajado por seis meses. Estos son las historias descarnadas, gráficas, y verdaderas de Terry y sus compañeros mientras patrullan las tierras malas de América moderno, donde las balas son la moneda y la sangre ha tomado por el pago. Desde las condiciones inhumanos que sufra la gente para llegar a los Estados Unidos, a trabajando con líderes militares corruptos, a unos de los situaciones mas increíbles que cualquiera ha sobrevivido, los lectores sentirán el caos que ha envuelto la frontera del EE UU en las palabras de alguien que ha estado allá. Sesenta millas de frontera arroja luz en la vida de agentes de la aduana, sus transacciones en la frontera, el efecto en sus vidas diarias—y una vista despiadado a uno de los temas más debatido y controversial en los Estados Unidos hoy.
