Think *Wuthering Heights*... with worms!"—Tamsyn Muir **MEET THE CURE FOR THE HUMAN DISEASE** In an isolated chateau, as far north as north goes, the baron's doctor has died. The doctor's replacement has a mystery to solve: discovering how the Institute lost track of one of its many bodies. For hundreds of years the Interprovincial Medical Institute has grown by taking root in young minds and shaping them into doctors, replacing every human practitioner of medicine. In the frozen north, the Institute's body will discover a competitor for its rung at the top of the evolutionary ladder. A parasite is spreading through the baron's castle, already a dark pit of secrets, lies, violence, and fear. The two will make war on the battlefield of the body. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. Malazan Book of the Fallen Macmillan

After decades of internecine warfare, the tribes of the Tiste Edur have at last united under the Warlock King of the Hiroth. There is peace--but it has been exacted at a terrible price: a pact made with a hidden power whose motives are at best suspect, at worst, deadly. To the south, the expansionist kingdom of Lether, eager to fulfill its long-prophesized renaissance as an Empire reborn, has enslaved all its less-civilized neighbors with rapacious hunger. All, that is, save one--the Tiste Edur. And it must be only a matter of time before they too fall--either beneath the suffocating weight of gold, or by slaughter at the edge of a sword. Or so destiny has

decreed. Yet as the two sides gather for a pivotal treaty neither truly wants, ancient forces are awakening. For the impending struggle between these two peoples is but a pale reflection of a far more profound, primal battle--a confrontation with the still-raw wound of an old betrayal and the craving for revenge at its seething heart. Bachelain and Korbal Broach Macmillan

A brutal, harrowing chapter of the Malazan Book of the Fallen from best selling author Steven Erikson All is not well in the Letherii Empire. Rhulad Sengar, the Emperor of a Thousand Deaths, spirals into madness, surrounded by sycophants and agents of his Machiavellian chancellor. Meanwhile, the Letherii secret police conduct a campaign of terror against their own people. The Errant, once a farseeing god, is suddenly blind to the future. Conspiracies seethe throughout the palace, as the empire - driven by the corrupt and self-interested - edges ever-closer to all-out war with the neighboring kingdoms. The great Edur fleet--its warriors selected from countless numbers of people--draws closer. Amongst the warriors are Karsa Orlong and Icarium Lifestealer--each destined to cross blades with the emperor himself. That yet more blood is to be spilled is inevitable... Against this backdrop, a band of fugitives seek a way out of the empire, but one of them, Fear Sengar, must find the soul of Scabandari Bloodeye. It is his hope that the soul might help halt the Tiste Edur, and so save his brother, the emperor. Yet, traveling with them is Scabandari's most ancient foe: Silchas Ruin, brother of Anomander Rake. And his motives are anything but certain - for the wounds he carries on his back, made by the

blades of Scabandari, are still fresh. Fate decrees that there is to be a reckoning, for such bloodshed cannot go unanswered--and it will be a reckoning on an unimaginable scale. This is a brutal, harrowing novel of war, intrigue and dark, uncontrollable magic; this is epic fantasy at its most imaginative, storytelling at its most thrilling. Malazan Book of the Fallen: Books 1-4 Tor Nightfire

Nightmare Fuel by Nina Nesseth is a pop-science look at fear, how and why horror films get under our skin, and why we keep

coming back for more. Do you like scary movies? Have you ever wondered why? Nina Nesseth knows what scares you. She also knows why. In *Nightmare Fuel*, Nesseth explores the strange and often unexpected science of fear through the lenses of psychology and physiology. How do horror films get under our skin? What about them keeps us up at night, even days later? And why do we keep coming back for more? Horror films promise an experience: fear. From monsters that hide in plain sight to tension-building scores, every aspect of a horror film is crafted to make your skin crawl. But how exactly do filmmakers pull this off? The truth is, there's more to it than just loud noises and creepy images. With the affection of a true horror fan and the critical analysis of a scientist, Nesseth explains how audiences engage horror with both their brains and bodies, and teases apart the elements that make horror films tick. *Nightmare Fuel* covers everything from jump scares to creature features, serial killers to the undead, and the fears that stick around to those that fade over time. With in-depth discussions and spotlight features of some of horror's most popular films—from classics like *The Exorcist* to modern hits like *Hereditary*—and interviews with directors, film editors, composers, and horror academics, *Nightmare Fuel* is a deep dive into the science of fear, a celebration of the genre, and a survival guide for going to bed after the credits roll. "An invaluable resource, a history of the horror genre, a love letter to the scary movie—it belongs on any horror reader's bookshelf." —Lisa Kröger, Bram Stoker Award-winning author of *Monster, She Wrote* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
