Godsmack's founder  
and front man Sully  
Erna has been  
immersed in the world

of rock ever since he  
got his first drum set.  
Given his  
achievements, that  
early start might  
suggest that his career  
was a straight shot to  
the top. The truth is,  
Erna took so many  
detours during the  
years between his first  
instrument and  
Godsmack's first  
contract that, more  
than once, he nearly  
forgot his destination.  
In *The Paths We  
Choose*, he relates the  
turbulent story of his  
life before the platinum  
albums and packed  
arenas. Sully's story  
shows us that  
whatever hardship we  
may face, ultimately,  
our choices determine  
our destiny. He's made  
the most of every

advantage and obstacle he has faced, and reminds us that we can, too. For Sully, success is not an ultimate destination.

Every day brings a new fork in the road, another path to choose

 Bipolar Sagacity  
 Volume 10 continues  
 with the theme of the  
 first book: Bipolar  
 Sagacity and  
 underscores the  
 profound bipolar  
 spiritual, psychological  
 and social struggles a  
 person of introspection  
 experiences as he/she  
 travels throughout the  
 stages of the adult life  
 cycle. This life, both  
 past and present,  
 witnesses to the fact  
 that many people of  
 astute perceptual  
 skills, religious faith,  
 and intellectual  
 knowledge live lives of  
 great contradictions -  
 those bipolar  
 experiences that  
 challenge the very  
 essence of sanity. Yet  
 in truth, the  
 commentary in this

book - whether sayings, ruminations, lamentations, exhortations, aphorisms, or questions - encapsulates what it means to be human as a cognizant and vibrant living adult; whether as celebrated through supplications, acknowledgement of thanks, discovered truths or founded wisdom, or by experiencing all the human fallibilities and negative perceptions associated with powerful emotional states such as confusion, fear, anger, jealousy, etc.

The darkly seductive Bad for You series continues with a romance that Harlequin Junkie notes

“will appease fans who have been patiently (or impatiently) waiting for the final surprisingly sweet and tender outcome.” He always keeps his promises. Angelina has sacrificed everything to be with the man she loves. Forced to abandon her family, and even her own identity, Angelina depends on Haithem as never before. With no more secrets between them, Haithem has become the source of all her needs. Sexually. Emotionally. But not even Haithem can hide forever. While they’re sneaking across borders, avoiding persecution from everyone who would see Haithem dead and his prototype stolen, the media fascination surrounding Angelina’s disappearance continues to mount.

For Angelina, it's a brutal reminder of what she's left behind and the pain she's caused to those who believe her dead or held against her will. To Haithem, it's a warning: he stands to lose the one person left in his life he loves beyond measure. The hunt won't be called off until his enemies have destroyed him, his life's work and everyone involved—including Angelina. He has only one choice. He's promised to protect her. And Haithem always keeps his promises. This book is approximately 74,000 words One-click with confidence. she did not do. Nor is she eager to live among the resentful veterans of McQuade wars. And however brave and beautiful a man Cullen may be, he has much to learn about a woman's fighting spirit. Bono is one of the most influential musicians at work today. Over the past twenty-five years his band, U2, have sold a staggering 130 million albums and collected 14 Grammys. Their

success has made Bono one of the most recognisable faces in the world. Here, in a series of conversations with his friend, the music journalist, Michka Assayas, Bono reflects on his transformation from extrovert singer of a small, Irish, post-punk band into an international rock star. Along the way he speaks candidly about his childhood, about his mother's death, about his Christian faith and about his difficult relationship with his father, who died recently. Bono also speaks passionately about how he has used his fame as a platform to campaign fervently on a range of global issues, and why these issues - which include the IRA ceasefire, Third World debt and, most

recently, the growing AIDS crisis in Africa - are so important to each of us. Intimate, humorous, and fiercely opinionated, *BONO ON BONO* is Bono's story in his own words. It will fascinate and challenge fans of U2 and general readers alike.

When asked "What is the goal of a writer?" author Anne Lamott responded, "To help others have this sense of wonder, of seeing things anew, things that can catch us off guard, that break in on our small, bordered worlds." This is what Jawad Mian achieves with *Stray Reflections*, an intimate account of his journey through life and lessons learned along the way. He delivers distilled

infusions of clarity and inspiration in short chapters for reading in quiet moments at home or at the office. In his own search for meaning, Jawad draws from such sources as Rumi, Emerson, Goethe, Buddha,

Confucius, Seneca, and many others. To read *Stray Reflections* is to be immersed in the timeless wisdom of the great poets, saints, and philosophers. This book is an antidote to the great angst of modern life.
