Comprehensive coverage of English grammar in over 600 fully cross-referenced entries. - common grammatical key words, such as 'more', 'what', 'unless' 'can'. - Main terms for talking about grammar, meaning and usage, such as 'indirect object', 'pronoun', 'tag question'. - Extra language and communicative ehelp, such as 'greetings', 'introductions', 'punctuation', 'letter writing', e-mails'. Simple and clear explanations, supported by real-life examples, diagrams, and entertaining new illustrations Helpful notes on style, intonation, and British and American usage.

### **A Plea for (Moderate) Relativism**

London : Royal National Institute for the Blind, [197-?]

A consistent best-seller, the wide-ranging and authoritative Dictionary of Sociology was first published in 1994 and contains more than 2,500 entries on the terminology, methods, concepts, and thinkers in the field, as well as from the related fields of psychology, economics, anthropology, philosophy, and political science. For this fourth edition, Professor John Scott has conducted a thorough review of all entries to ensure that they

are concise, focused, and up to date.

Revisions reflect current intellectual debates and social conditions, particularly in relation to global and multi-cultural issues. New entries cover relevant contemporary concepts, such as climate change, social media, terrorism, and intersectionality, as well as key living sociologists. This Dictionary is both an invaluable introduction to sociology for beginners, and an essential source of reference for more advanced students and teachers.

### **Oxford A-Z of English Usage** Oxford Quick Reference

Covers basic grammar, punctuation, spelling, and idiomatic phrases of American English.

Damp Squid Oxford University Press, USA

The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has arisen since the publication of the first edition, and there are also new entries on the most important English grammars published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to

reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all those with an informed interest in the English language.

*An A-Z of Effective Vocabulary* Oxford University Press

Fowler's Concise Dictionary of Modern English Usage is an invaluable quick-reference work, providing clear, practical and up-to-date guidance on questions of grammar, spelling, style, and word choice. Jeremy Butterfield has judiciously revised the text to reflect the English usage practices and concerns of the 21st century.

19 pages of contents in middle of book between end of L and beginning of M  
*The Oxford Dictionary of English Grammar* Oxford University Press

The purpose of this book English, like all languages, is full of problems for the foreign learner. Some of these points are easy to explain - for instance, the formation of questions, the difference between since and for, the meaning of after all. Other problems are more tricky, and cause difficulty even for advanced students and teachers. How exactly is the present perfect used? When do we use past tenses to be polite? What are the differences between at, on and in with expressions of place? We can say a chair leg - why not \* a cat leg? When can we use the expression do so? When is the used with superlatives? Is unless the same as if not? What are the differences between come and go, between each and every, between big, large and great, between fairly, quite, rather and pretty? Is it correct to say There's three more bottles in the fridge? How do you

actually say  $3 \times 4 = 12$ ? And so on, and so on. Practical English Usage is a guide to problems of this kind. It deals with over 600 points which regularly cause difficulty to foreign students of English. It will be useful, for example, to a learner who is not sure how to use a particular structure, or who has made a mistake and wants to find out why it is wrong. It will also be helpful to a teacher who is looking for a clear explanation of a difficult language point. There is very full coverage of grammar, as well as explanations of a large number of common vocabulary problems. There are also some entries designed to clarify more general questions (e.g. formality, slang, the nature of standard English and dialects) which students and teachers may find themselves concerned with.

Fowler's Concise Dictionary of Modern English Usage Clarendon Press

Recanati examines the nature of thought and understanding, and defends the idea that truth is relative to context. The book will be of interest to those working in philosophy of language and linguistics, as well as philosophers of mind, epistemologists, and psychologists and cognitive scientists.

1001 Words You Need To Know and Use Oxford University Press

Contains alphabetically arranged entries that explore the origin, evolution, and social history of over three thousand English language words.

Practical English Usage Third Edition Oxford University Press, USA

Covers written and spoken British and American English and reviews grammar, usage, punctuation, and phonetics

**The Oxford Dictionary of American English** Oxford University Press

This A-Z provides 1001 words you need to know to make your writing and speaking effective, convincing, and

expressive. With clear guidance on choosing the right word, this book is essential for anyone wanting to achieve greater success in written and spoken tasks including essays, interviews, CVs and application letters, reports, and more.

The Concise Oxford Dictionary of English Etymology Oxford University Press

Good spelling is fundamental to making the right impression with any type of writing; reports, homework, CVs, and letters all require correct spelling in order to get the message across in clear and straightforward English. Adaptable or adaptable? Definite or definite? Delirious or delirious? What is the difference between assent and ascent, dual and duel, or forbear and forebear? How do you make the plural of halo? Is it halos or haloes? Actually it's both, but not so for potato, the plural of which is potatoes. Knowing the difference between easily confusable words, making plurals, and adding endings are just some of the aspects of spelling that confront us with endless pitfalls. This easy-to-use A-Z guide does what no spellchecker can do: it gives immediate access not only to individual word spellings but also to general rules that will help you develop good spelling. The book covers the topics in simple and helpful terms and also offers advice on how to use apostrophes and hyphens, and the differences between British and American spelling. The core of the book is a list of over 2,000 words laid out for quick and easy reference. Based on evidence of misspelling gathered from real situations, this guide is the most useful and comprehensive help on spelling available. This new edition makes the benefits of the material more explicit to the general reader: better organization of the supplementary

features, simplified and more transparent design, additional and updated content, and more clearly written rules. One of a mini-series of titles on spelling, grammar and punctuation, and usage.

The Workbook helps students get the most out of the Dictionary.

*The Oxford Dictionary of Literary Terms* Addison-Wesley Longman Limited

Developed using evidence from the Oxford English Corpus, this fully revised text offers more up-to-date and complete coverage of synonyms and antonyms than any other A-Z thesaurus. Increased coverage now includes hundreds of new phrases and idioms, and newly selected examples of real English showing how words are used, and helping to guide you to the right meaning. New features include the Word Toolkit which helps you choose the best word matches based on evidence from the Oxford English Corpus. In addition, the popular Word Link feature points you to related words. Look up 'sleep' and find the words 'sedative', 'hypnotic', and 'soporific', and find related prefixes. The redesigned centre section provides convenient lists of words by topic, from society and religion, to fashion and technology, in addition to lists of foreign, and archaic words and phrases. An invaluable resource for puzzlers, or anyone wishing to broaden their vocabulary. The Oxford Thesaurus of English is ideal for anyone who wants a comprehensive and authoritative thesaurus of current English, for use by writers and editors, students, and crossword and puzzle solvers at work or at home. The thesaurus includes 12 months' access\* to Oxford's premium online dictionary and thesaurus service,

Oxford Dictionaries Online, updated regularly with the latest developments to words and meanings, so you will have the most accurate picture of English available. Find out more about our living language using Oxford Dictionaries Online. Hear how words are spoken with thousands of audio pronunciations, and access over 1.9 million real English example sentences to see how words are used in context. Improve your confidence in writing with helpful grammar and punctuation guides, full thesaurus information, style and usage help, and much more. \*Available in selected markets (UK, Europe, Australia, Canada, and South Africa). Terms and conditions apply; please see [www.oxforddictionaries.com/access](http://www.oxforddictionaries.com/access) for information.

**Oxford Thesaurus of English** Oxford University Press, USA
