Great Writing 1: Great Sentences for Great Paragraphs

Cengage Learning

Now with engaging National Geographic images, the new edition of the Great Writing series helps students write better sentences, paragraphs, and essays. The new Foundations level meets the needs of low-level learners through practice in basic grammar, vocabulary, and spelling, while all levels feature clear explanations, student writing models, and meaningful practice opportunities. The new edition of the Great Writing series is the perfect writing solution for all learners from beginning to

advanced.

Instruction and Insights from Teachers of the Associated Writing Programs Cengage Learning

FINALIST FOR THE PEN/E.O. WILSON LITERARY SCIENCE WRITING AWARD***A NEW YORK TIMES NOTABLE BOOK OF 2021***A SCIENCE NEWS FAVORITE BOOK OF 2021***A SMITHSONIAN TOP TEN SCIENCE BOOK OF 2021 “Stories that both dazzle and edify...

This book is not just about life, but about discovery itself.”

—Siddhartha Mukherjee, New York Times Book Review We all assume we know what life is, but the more scientists learn about the living world—from protocells to brains, from zygotes to pandemic viruses—the harder they find it is to locate life’s edge. Carl Zimmer investigates one of the biggest questions of all:

What is life? The answer seems obvious until you try to seriously

answer it. Is the apple sitting on your kitchen counter alive, or is only the apple tree it came from deserving of the word? If we can't answer that question here on earth, how will we know when and if we discover alien life on other worlds? The question hangs over some of society's most charged conflicts—whether a fertilized egg is a living person, for example, and when we ought to declare a person legally dead. *Life's Edge* is an utterly fascinating investigation that no one but one of the most celebrated science writers of our generation could craft. Zimmer journeys through the strange experiments that have attempted to re-create life. Literally hundreds of definitions of what that should look like now exist, but none has yet emerged as an obvious winner. Lists of what living things have in common do not add up to a theory of life. It's never clear why some items on the list are essential and others not. Coronaviruses have altered the course of history, and yet many scientists maintain they are not alive. Chemists are creating droplets that can swarm, sense their environment, and multiply. Have they made life in the lab? Whether he is handling pythons in Alabama or searching for hibernating bats in the Adirondacks, Zimmer revels in astounding examples of life at its most bizarre. He tries his own hand at evolving life in a test tube with unnerving results. Charting the obsession with Dr. Frankenstein's monster and how the world briefly believed radium was the source of all life, Zimmer leads us all the way into the labs and minds of researchers engineering life from scratch.

Great Writing 4: Great Essays Houghton Mifflin College Division

Twenty-Five Great Essays provides an outstanding collection of

classic and contemporary writing as part of Longman's Penguin Academics Series of low-cost, high-quality offerings intended for use in introductory college courses. This brief reader features a collection of eminently teachable and rewarding essays for today's college composition courses. Combining commonly taught, classic essays with the best of contemporary writing, *Twenty-Five Great Essays* provides flexible options for every composition classroom. The selections are diverse in both subject matter and authorship. They have been chosen as models of good writing, as well as for their usefulness as springboards for student writing. An introductory section informs students about the characteristics of the essay form and offers instruction both on reading essays critically and on the process of writing effective essays.

Writing Creative Nonfiction Houghton Mifflin College Division Grammar for Great Writing is a three-book series that focuses on the key grammatical and lexical elements learners need to become more powerful academic writers. Ideal for the grammar component of a writing and grammar class, Grammar for Great Writing may be used as a companion to the Great Writing series or in conjunction with any academic writing series. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Twenty-five Great Essays Penguin

Annie Dillard, Grace Paley, and Lee Gutkind are among more than thirty writers and teachers affiliated with the Associated Writing Programs who use examples from his or her own work to introduce the craft of creative nonfiction.

How to Write Great Essays Longman Publishing Group

The Fastest, Easiest Way to Learn: Schaum's Quick Guides These concise, quick reference guides are perfect for business people, writers, and students at all levels. Written by top experts, they offer readers the easiest, most efficient strategies to master or learn a new skill. All Schaum's Quick Guides include do's and don'ts for avoiding common errors, handy checklists, and practice exercises for building skills quickly.

An Introduction to Writing Essays Longman Publishing Group Takes a step-by-step approach that centers on the essential processes and organizational strategies of teaching students how to effectively transition from paragraphs to essays.

Great Essays Heinle

This bestselling book is now available in an exciting new edition! Write Great Essays is very popular with students because it offers concise and practical advice on how to write effectively and produce better essays. Peter Levin has an engaging and accessible writing style which identifies well with students' concerns and questions. The 2nd edition has been designed to retain all these positive features of the 1st edition, but to also include more coverage of electronic sources; dealing with assessment; using and citing secondary sources; mastering a textbook; targeted reading; and a thorough update of the plagiarism section. In addition, there will be a whole new section on getting started with your essay and the book will include advice on report writing as well as essays. This book is essential reading for students embarking on writing an essay or report for the first time, or returning to study after a break. It will be an invaluable tool for students of any discipline.

Why I Write Heinle & Heinle Publishers

The new edition of the Great Writing series provides clear explanations, extensive models of academic writing and practice to help learners write great sentences, paragraphs, and essays. With expanded vocabulary instruction, sentence-level practice, and National Geographic content to spark ideas, students have the tools they need to become confident writers. Updated in this Edition: Clearly organized units offer the practice students need to become effective independent writers. Each unit includes: Part 1: Elements of Great Writing teaches the fundamentals of organized writing, accurate grammar, and precise mechanics. Part 2: Building Better Vocabulary provides practice with carefully-selected, level-appropriate academic words. Part 3: Building Better Sentences helps writers develop longer and more complex sentences. Part 4: Writing activities allow students to apply what they have learned by guiding them through writing, editing, and revising. Part 5: New Test Prep section gives a test-taking tip and timed task to prepare for high-stakes standardized tests, including IELTS and TOEFL. The new guided online writing activity takes students through the entire writing process with clear models for reference each step of the way. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Or, Thirty Years a Slave and Four Years in the White House
Cengage Learning

Elegant ideas deserve elegant expression. Sword dispels the myth that you can't get published without writing wordy, impersonal prose. For scholars frustrated with disciplinary conventions or eager to write for a larger audience, here are imaginative, practical, witty pointers that show how to make

articles and books enjoyable to read—and to write.

Great Writing 5: From Great Essays to Research Heinle

An essential volume for generations of writers young and old, *Bird by Bird* is a modern classic. This twenty-fifth anniversary edition will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott’s hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne’s father—also a writer—in the iconic passage that gives the book its title: “Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he’d had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother’s shoulder, and said, ‘Bird by bird, buddy. Just take it bird by bird.’”

Fifty Great Essays McGraw Hill Professional

Designed to create a structure of academic writing skills, *Great Sentences for Great Paragraphs* teaches the grammar needed for accurate sentence construction and the basics of paragraph development. Grammar activities and practice are taught in context through model paragraphs that provide authentic input regarding English composition and paragraph cohesion. Each unit contains the following exercises: Scrambled Sentences; Writing Sentences About a Topic; Proofreading; Sequencing; Copying; Paragraph Analysis; Following Writing Advice; Grammar Practice;

Writing; and Peer Editing.

Great Paragraphs Kwani

The Second Edition of *Great Sentences for Great Paragraphs* teaches beginning- and low-intermediate-level students the grammar needed for accurate sentence construction and the basics of paragraph development. The text uses sample paragraphs to provide students with authentic input regarding English composition, paragraph organization, and cohesion. In addition, contextualized grammar activities, suggestions for additional writing practice, journal-writing assignments, and an emphasis on peer editing all work together to help students develop academic writing skills. The *Word Building* feature offers practice with common suffixes and helps students develop a rich vocabulary. *Building Better Sentences* encourages students to practice constructing and combining sentences—the cornerstones of good paragraph writing. Many guided writing activities are supported by additional online material and provide independent practice of targeted structures. Activities with additional web-based content are indicated by icons in the text. Quizzes on the instructor web site help you assess student progress.
