Turn on the power of we!
Collaborate is an innovative secondary course that will help you and your students take an important step towards

creating a collaborative and positive environment in the classroom. The Student's Book provides 9 units with projects and videos (documentaries, Grammar and Everyday English voxpops) for every unit; CLIL lessons; fast-finishers pages; 'Learn to learn' boxes; 'Use it! Voice it!' sections for personalisation, critical thinking and practice in

context; and 'Explore it!' sections, which encourage internet research around the unit topic. The Student's Book also includes an ample reference section with extra materials, a Pronunciation section and a Vocabulary bank. *Competencia gramatical en uso A2: ejercicios de gramática: forma y uso + claves* Cambridge

In the years after World
 War I, the defeated and
 much-reduced German
 Army developed new
 clothing and personal

equipment that drew
 upon the lessons learned
 in the trenches. In place
 of the wide variety of
 uniforms and insignia that
 had been worn by the
 Imperial German Army, a
 standardized approach
 was followed, culminating
 in the uniform items
 introduced in the 1930s
 as the Nazi Party came to
 shape every aspect of
 German national life. The
 outbreak of war in 1939
 prompted further
 adaptations and
 simplifications of uniforms
 and insignia, while the
 increasing use of

camouflaged items and
 the accelerated pace of
 weapons development led
 to the appearance of new
 clothing and personal
 equipment. Medals and
 awards increased in
 number as the war went
 on, with grades being
 added for existing awards
 and new decorations
 introduced to reflect
 battlefield feats.
 Specialists such as
 mountain troops, tank
 crews and combat
 engineers were issued
 distinctive uniform items
 and kit, while the ever-
 expanding variety of

fronts on which the German Army fought – from the North African desert to the Russian steppe – prompted the rapid development of clothing and equipment for different climates and conditions. In addition, severe shortages of raw materials and the demands of clothing and equipping an army that numbered in the millions forced the simplification of many items and the increasing use of substitute materials in their manufacture. In this fully illustrated book

noted authority Dr Stephen Bull examines the German Army's wide range of uniforms, personal equipment, weapons, medals and awards, and offers a comprehensive guide to the transformation that the German Army soldier underwent in the period from September 1939 to May 1945.

Cambridge University Press

The popular Fast and Fun

Way language learning series, previously available as book-and-cassette programs and in paperback book-only versions, can now be purchased to teach Spanish and three other languages as a combination book and audio CD package. This program, designed for both travelers and students, instructs in the basics of speaking, understanding, and reading and writing Spanish. Suitable both for adults and older children, the program includes

language games and puzzles, cartoon illustrations, vocabulary flash cards, and other features that help make language-learning fun. The four compact discs present dramatized bilingual conversations and introduce students of Spanish to correct pronunciation and listening comprehension.

El libro se dedica a la teoría y las aplicaciones prácticas del empleo de recursos literarios en la clase de ELE de niveles iniciales. En la parte teórica, se presentan los géneros literarios breves y se comentan las ventajas e inconvenientes de su uso como recurso didáctico en los niveles

iniciales de ELE. Además, se plantea una metodología didáctica basada en la combinación de actividades cognitivas y creativas y la integración de destrezas a partir del modelo tripartito de prelectura-lectura-poslectura. En el proyecto de aplicación práctica se presentan varias propuestas didácticas para explotar los géneros breves en los niveles A1, A2 y B1.

A variety of imaginative

techniques for integrating literature work with language learning.

Unlocking Spanish with Paul Noble Fawcett Books
Explores the deep, internal work necessary for the effective practice of tai chi • Reveals the Taoist principles that gave birth to the Yang-style tai chi forms • Shows how tai chi can circulate powerful healing energies through the body Taoist adepts developed tai chi as both a martial art and a way to cultivate their physical body, energy body, and spirit body. Like all Taoist

exercises, its main purpose is to form a connection to the basic energy that is the foundation of all life: chi. Until the beginning of the twentieth century, tai chi was considered a secret practice that was passed down only within a closely knit structure of family and loyal disciples. Despite its widespread growth in popularity as a martial art and health exercise, many of its underlying internal practices remain unknown. The Inner Structure of Tai Chi

explores the deep, internal work necessary for the effective practice of tai chi. Designed for practitioners at every level, the book contains step-by-step illustrated instructions for mastering the 13 forms of early Yang-style tai chi, also known as Tai Chi Chi Kung. The authors demonstrate the relationship of the inner structure of tai chi to the absorption, transformation, and circulation of the three forces that animate all life--the Universal force,

the Cosmic force, and the Earth force--revealing the principles and practices necessary to receive the full spectrum of physical, psychological, and spiritual benefits that tai chi can bring.

Dances with Wolves

Bloomsbury Publishing

This book traces the history of English language teaching right up to the origins of the communicative approach, ending with a discussion of the impact of applied linguistics on language teaching in both America and Britain.

The Life and Adventures of Lazarillo de Tormes

Elsevier Health Sciences

This book provides an alternative to the grammar debate in second language acquisition theory and teaching. Accepting that language acquisition is at least partially input dependent, the author asks how grammatical form is processed in the input by second language learners and is it possible to assist this in ways that help the learner to create richer grammatical intake. He answers these

questions and explains why traditional paradigms are not psycholinguistically motivated. Drawing on research from both first and second language acquisition, he outlines a model for input processing in second language acquisition that helps to account for how learners construct grammatical systems. He then uses this model to motivate processing instruction, a type of grammar instruction in which learners are engaged in making form-

meaning connections during particular input activities.

The CEFR Companion volume broadens the scope of language education. It reflects academic and societal developments since the

publication of the Common European Framework of Reference for Languages (CEFR) and updates the 2001 version. It owes much to the contributions of members of the language teaching profession across Europe and beyond. This volume contains: ► an explanation of the key aspects of the CEFR for teaching and learning; ► a complete set of updated CEFR descriptors that replaces the 2001 set with: - modality-inclusive and gender-neutral descriptors; - added detail

on listening and reading; - a new Pre-A1 level, plus enriched description at A1 and C levels; - a replacement scale for phonological competence; - new scales for mediation, online interaction and plurilingual/pluricultural competence; - new scales for sign language competence; ► a short report on the four-year development, validation and consultation processes. The CEFR Companion volume represents another step in a process of engagement

with language education that has been pursued by the Council of Europe since 1971 and which seeks to: ► promote and support the learning and teaching of modern languages; ► enhance intercultural dialogue, and thus mutual understanding, social cohesion and democracy; ► protect linguistic and cultural diversity in Europe; and ► promote the right to quality education for all.

Estudiante de Español, Versión Inglés The Students' Basic Grammar of Spanish (SBG) is a self-study grammar book for students at Common European Framework of Reference (CEFR) levels A1-B1. It tackles the traditionally difficult grammatical problems faced by students of Spanish through clear, straightforward explanations, accompanied by a variety of engaging, accessible and practical exercises. Designed as a self-study book for

students, the SBGS can be used outside the classroom, or as a study aid for a language course. It can also be used at levels above B1. It offers clear, precise and thorough explanations expressed in plain language. It contains over 470 illustrations that make it easier to understand the grammar points covered. It provides more than 370 exercises to help learners understand and assimilate the grammar presented and avoid common mistakes. It offers helpful

examples of real, communicative Spanish and contains a wide range of text types. It also includes: An answer key Regular and irregular conjugated verbs A complete and easy-to-use thematic index Longman Collocations Dictionary and Thesaurus Ariana loves her life as a schoolteacher in a little frontier town. But one evening after classes are done and she prepares to hurry home, her life changes in an instant when a band of rough outlaws abduct her and

take her far away from all she has ever known. Trapped in a small shack, Ariana prays and waits, her emotions swinging between terror and boredom as days stretch into weeks. Still, the outlaws refuse to tell her why they've taken her or what they plan to do. Then the boss's son appears in the doorway of her cabin. He seems different from the others, but can she trust him? Will she ever again see her mother and father, the couple who lovingly adopted her and raised

her as their own? Will she ever wear the beautiful wedding dress so carefully saved for her--her one remaining link to her birth parents?

Short Stories to Learn Spanish, Vol. 1 Penguin The Solutions 2nd Edition Workbook supports the Student's Book content with plenty of extra practice and revision.

Vertical Inc

A comprehensive, communicative, and practical guide to using Japanese, Kodansha's Furigana English-Japanese Dictionary is an invaluable reference tool for anyone with an interest in the Japanese language. It has been edited with the needs of English-speaking users in mind students, teachers, business

people, and casual linguists. What is furigana and why is it so important? Furigana refers to the small kana that are printed above or alongside kanji to show the pronunciation of the Chinese character. With furigana superscripts, the beginner who is familiar with hiragana and katakana is able to read even the most difficult and obscure kanji at a glance. Other dictionaries either provide little or no guide to kanji readings or romanize some or all of the Japanese words and

sentences. In the past, romanized dictionaries were of some value to students using textbooks that contained no Japanese script. Now, however, an increasing number of influential curriculums around the world are based on a rationale and methodology that demands the introduction of hiragana and katakana from the earliest stages. Learners and their teachers studying under such curriculums will inevitably feel more comfortable with a

dictionary such as Kodansha's Furigana English-Japanese Dictionary, one that shows the pronunciation of kanji with familiar and authentic kana script.

FEATURES • More than 14,000 entries comprising the most commonly used words in English • Furigana pronunciation guides added to all kanji • Semantic and usage differences between Japanese words and expressions explained clearly in English • Thousands of full-length example sentences

illustrate typical usage in natural Japanese • Idioms, phrases, and common expressions help expand vocabulary and sentence building skills • Many encyclopedic entries offer useful background information on Japanese history and culture • Includes many current terms such as artificial intelligence and internet • Hundreds of scientific and medical terms with full Japanese equivalents With its sister publication, Kodansha's Furigana Japanese-English Dictionary, this dictionary

makes the perfect reference for all students of Japanese. The two books are combined in Kodansha's Furigana Japanese Dictionary. The Syntax of Adjuncts HarperCollins UK This book proposes a theory of the distribution of adverbial adjuncts in a Principles and Parameters framework, claiming that there are few syntactic principles specific to adverbials; rather, for the most part, adverbials adjoin freely to any projection. Adjuncts' possible hierarchical

positions are determined by whether they can receive a proper interpretation, according to their selectional (including scope) requirements and general compositional rules, while linear order is determined by hierarchical position along with a system of directionality principles and morphological weight, both of which apply generally to adjuncts and all other syntactic elements. A wide range of adverbial types is analysed; predicational adverbs (such as manner,

and modal adverbs), domain expressions like financially, temporal, frequency, duration and focusing adverbials; participant PPs (e.g. locatives and benefactives); resultative

and conditional clauses, and others, taken primarily from English, Chinese, French and Italian, with occasional reference to others (such as German and Japanese).
