Franklin Watts

Two children sitting at home on a rainy day are visited by the cat in the hat who shows them some tricks and games.

The Cat in the Hat

Cambridge University Press

The Cambridge Advanced Learner's Dictionary is the ideal dictionary for advanced EFL/ESL learners. Easy to use and with a great CD-ROM - the perfect learner's dictionary for exam success. First published as the Cambridge International Dictionary of English, this new edition has been completely updated and redesigned. - References to over 170,000 words, phrases and examples explained in clear and natural English - All the important new words that have come into the language (e.g. dirty bomb, lairy, 9/11, clickable) - Over 200 'Common Learner Error' notes, based on the Cambridge Learner Corpus from Cambridge ESOL exams Plus, on the CD-ROM: - SMART

thesaurus - lets you find all the words with the same meaning - QUICKfind - automatically looks up words while you are working on-screen - SUPERwrite - tools for advanced writing, giving help with grammar and collocation - Hear and practise all the words. The Cambridge Companion to English Dictionaries Cambridge University Press
The Cambridge Academic Content Dictionary defines the vocabulary students need to succeed in high school and beyond. Entries cover more than 2,000 content-area vocabulary items, as well as general academic vocabulary and full coverage of everyday words and phrases. The CD-ROM lets students search for vocabulary by subject area, includes audio of all entry words, offers word family and frequency information, and has a thesaurus and instant lookup feature. The CD-ROM is compatible with Windows XP/Vista and with Mac OSX 10.4 (32-bit only). *Cambridge Dictionary of American Idioms* Cambridge University Press
This is the leading, full-

scale comprehensive dictionary of philosophical terms and thinkers to appear in English in more than half a century. Written by a team of more than 550 experts and now widely translated, it contains approximately 5,000 entries ranging from short definitions to longer articles. It is designed to facilitate the understanding of philosophy at all levels and in all fields. Key features of this third edition: • 500 new entries covering Eastern as well as Western philosophy, and covering individual countries such as China, France, Germany, Italy, and Spain • Increased coverage of such growing fields as ethics and philosophy of mind • More than 100 new intellectual portraits of leading contemporary thinkers • Wider coverage of Continental philosophy • Dozens of new technical concepts in cognitive science and other areas • Enhanced cross-referencing to add context and increase understanding • Expansions in both text and index to facilitate research and browsing

English OUP Oxford
If you use statistics and need easy access to simple, reliable definitions and explanations of modern statistical concepts, then look no further than this dictionary. Over 3600 terms are defined, covering medical, survey, theoretical, and applied statistics, including computational aspects. Entries are provided for standard and specialized statistical software. In addition, short biographies of over 100 important statisticians are given. Definitions provide enough mathematical detail to clarify concepts and give standard formulae when these are helpful. The majority of definitions then give a reference to a book or article where the user can seek further or more specialized information, and many are accompanied by graphical material to aid understanding.

Cambridge Essential English Dictionary

Cambridge University Press

Using a learner's dictionary for the first time can be daunting, but the Cambridge English Mini Dictionary makes that first step easier for learners with short

definitions that are easy to understand, and lots of example sentences to put the language into context. There are also hundreds of illustrations for those words that are more simply explained with a picture. Ideal for KET, PET and Starters, Movers and Flyers Tests preparation and also for ESOL applications for the UK and Ireland.

The Cambridge Dictionary of American English is the first dictionary of American English to help learners find the meaning they're looking for and use English more effectively.

Thesaurus of English Words and Phrases

Cambridge University Press

Learn the language of Nebraska . . . and 49 other states With more entries than any other reference of its kind, McGraw-Hill's Dictionary of American Idioms and Phrasal Verbs shows you how American English is spoken today.

You will find commonly used phrasal verbs, idiomatic expressions, proverbial expressions, and clichés. The dictionary contains more than 24,000 entries, each defined and followed by one or two example sentences. It also includes a Phrase-Finder Index with more than 60,000 entries. "This book is an authoritative reference work for a twenty-first century audience. Its entries, written by eminent scholars, define the spiritual and intellectual concepts and movements that distinguish Judaism and the Jewish experience. The book discusses central figures and literary works, formative historical events, Jewish rituals and practices, and it illuminates the lives of ordinary Jewish men and women. But what makes this dictionary different is its broad exploration of the Jewish experience beyond Judaism, including literature, art, music, theater, dance, film, broadcasting, sports, and ecology, among many other topics from the Bible to the internet"-- *The Cambridge Dictionary of Christian Theology* Ishi

Press
How did a single genre of text have the power to standardise the English language across time and region, rival the Bible in notions of authority, and challenge our understanding of objectivity, prescription, and description? Since the first monolingual dictionary appeared in 1604, the genre has sparked evolution, innovation, devotion, plagiarism, and controversy. This comprehensive volume presents an overview of essential issues pertaining to dictionary style and content and a fresh narrative of the development of English dictionaries throughout the centuries. Essays on the regional and global nature of English lexicography (dictionary making) explore its power in standardising varieties of English and defining nations seeking independence from the British Empire: from Canada to the Caribbean. Leading scholars and lexicographers historically contextualise an array of dictionaries and pose urgent theoretical and methodological questions relating to their role as tools of standardisation, prestige, power,

education, literacy, and national identity.

A Dictionary of Sociology Cambridge University Press

Traces the history of the United States' symbol of freedom, the Statue of Liberty, from its conception and design, through the fund-raising and construction, to its dedication in 1886.

Cambridge School Dictionary Oxford University Press

The best dictionary available in the market at an affordable price is the Cambridge Low Price Edition Dictionary. The factors which makes it attractive are its price, maximum coverage of words and most importantly it gives an 'use in sentence' for every word something you cannot find in other dictionaries. I would say this is the best dictionary suited for any one who has a flair for English.

[Cambridge Academic Content Dictionary Reference Book with CD-ROM](#) Cambridge University Press

A fully updated edition of the best-selling Cambridge Advanced Learner's Dictionary. It includes up-to-date vocabulary, clear definitions, hundreds of pictures and illustrations,

and a new 'Focus on Writing' section. Informed by the Cambridge International Corpus and correlated to English Vocabulary Profile, it is ideal for exam preparation and also features 'Common mistake' boxes, to help learners avoid typical mistakes.

Linear Electric Machines, Drives, and MAGLEVs Handbook Cambridge University Press

One Dictionary for all subjects For Secondary School Learners Ideal for Learners in CBSE, ICSE and International Schools The perfect companion for learners studying other subjects through English, this dictionary includes vocabulary from all subjects. Every word is explained in clear, simple English, along with all the grammar and usage information you need.

Cambridge Learner's Dictionary Cambridge University Press

The Cambridge Dictionary of Linguistics provides concise and clear definitions of all the terms any undergraduate or graduate student is likely to encounter in the study of linguistics and English language or in other degrees involving linguistics, such as

modern languages, media studies and translation. It covers the key areas of syntax, morphology, phonology, phonetics, semantics and pragmatics but also contains terms from discourse analysis, stylistics, historical linguistics, sociolinguistics, psycholinguistics, computational linguistics and corpus linguistics. It provides entries for 246 languages, including 'major' languages and languages regularly mentioned in research papers and textbooks. Features include cross-referencing between entries and extended entries on some terms. Where appropriate, entries contain illustrative examples from English and other languages and many provide etymologies bringing out the metaphors lying behind the technical terms. Also available is an electronic version of the dictionary which includes 'clickable' cross-referencing.

Ernst Klett Sprachen

In a world where we take for granted the ability to communicate instantly across vast distances and time, world history has come of age. We increasingly reflect on history from a position which no longer privileges Europe or the West, and from a global perspective which ranges from the Pacific Rim to the Balkans, and from Latin America to the Middle East. Compiled by an international team of contributors, area editors and general editors, *The Cambridge Dictionary of Modern World History* provides a much needed guide to the main global events, personalities and themes from the eighteenth century to the present. Major themes of war, politics, society and religion are covered, alongside more recent subjects within the discipline; from globalization and the environment to transnational social movements and human rights. This is an essential new work of reference not only for scholars and students but also for the wider general public.
