Geography of Jammu and Kashmir

Routledge

What Happened to Governance in Kashmir? examines the policies, strategies, and tactics followed by the Indian state and the 'client' governments in Srinagar to manage the conflicted state of Jammu and Kashmir during 1948-89 . It shows how the policies deployed to 'create order in disorder' functioned inversely and

turned Kashmir into a smoldering volcano which erupted in 1989-90. The author argues that as the issue of dispute and policy framework has been constant, the clash between the status quoist state and the society was inevitable. The crisis deepened along with technological, economic, cultural, and social changes. Based on a variety of contemporary sources, this book deals with many aspects of Kashmir's governance through different political phases. It shows how the personal proclivities and decisions of each prime minister/chief minister played a role in determining the pattern of rule and the

course of history with consequences felt many miles downstream.

*Religion and Politics in Jammu and Kashmir* Oxford University Press

Jammu and Kashmir is one of the top states of India which is enriched with natural beauty so rich that it attracts candidates throughout the country to work in its territory. Having a good general knowledge about this state is highly beneficial for those appearing for its Civil Services Exam and other state level exams. Written in a comprehensive manner and based on the latest syllabus of Jammu and Kashmir Civil Services Exam, it is a perfect reference book to help you perform better in your exam. TOC Jammu and Kashmir: Basic Information, Ancient History of Jammu and Kashmir, Medieval History of Jammu and Kashmir, Modern History of Jammu and Kashmir, Physiography of Jammu and Kashmir, Climate of Jammu and Kashmir, Drainage System of Jammu and Kashmir, Soils and Minerals of Jammu and Kashmir, Forests of Jammu and Kashmir, National Parks and Wildlife Sanctuaries, Agriculture and Irrigation in Jammu and Kashmir, Animal Husbandry of Jammu and Kashmir, Industries of Jammu and Kashmir, Energy Sources of Jammu and Kashmir, Transport and Communication of Jammu and Kashmir, Tourism Profile of Jammu and

Kashmir, Jammu and Kashmir: Constitution, Jammu and Kashmir Executive, Jammu and Kashmir Legislature, Jammu and Kashmir Judiciary, Jammu and Kashmir: Panchayati Raj, District Profile of Jammu and Kashmir, Language and Literature of Jammu and Kashmir, Art and Crafts of Jammu and Kashmir, Folk Music and Dance of Jammu and Kashmir, Fairs and Festivals of Jammu and Kashmir, Education and Health Scenario in Jammu and Kashmir, Tribes and Tribal Population of Jammu and Kashmir, Sports of Jammu and Kashmir, Awards and Honors of Jammu and Kashmir, Historical and Political Personalities of Jammu and Kashmir, Demographic Profile of Jammu and Kashmir, Current Affairs

**Systematic Geography of Jammu and Kashmir** Partridge Publishing

This book provides a comprehensive and up-to-date analysis of the complex conflict situation in Kashmir. Through an internal perspective, it charts the shift in the Kashmiri response towards the Centre and offers a detailed examination of the background in which separatist politics took roots in Kashmir, and the way it

changed its nature in the militancy and post-militancy period. The volume shows how separatism and armed militancy, as manifest in the Valley in the late 1980s, (though augmented by external factors) have been internal responses to the changing nature of Kashmiri identity politics. It explores how the ideas central to Indian nationalist politics — especially democracy and secularism — echoed in Kashmir and were instrumental in dismantling the feudal structure and negotiating an autonomous space within the framework of asymmetrical federalism. Seamlessly blending facts and incisive analyses, this book raises new questions about the nature of conflict and contestation in the region. It will be of great interest to researchers and scholars of Indian politics, especially on Jammu and Kashmir, and sociology, as well as government bodies, think tanks and the interested general reader.

Geography of Jammu and Kashmir  
Springer Nature

This book investigates the factors that led to the breakdown of democracy and the rise of violent separatism in Jammu and Kashmir in the 1980s, and how the risk of

a large-scale war has grown in South Asia in the 1990s. Solutions to this conflict need to be based on knowledge about what caused it as well as perspectives on why this conflict is so particularly dangerous. Widmalm offers answers in this book, with systematic comparisons over time to establish the causes of the conflict. He refutes the contention that ethnic factors are the main cause, while acknowledging that ethnic dividing lines are salient features of the conflict today. Interviews with representatives of the Indian government, the ISI in Pakistan and separatist leaders in Jammu and Kashmir are also incorporated.

**Kashmir's Untold Story** APH Publishing

This book examines the shifting, non-linear relationship between religion, nationalism and politics in the state of Jammu and Kashmir, India. In the wake of the revocation of Article 370, the state's plural and relatively harmonious society has come under multiple strains, with religion

often informing day-to-day politics. The chapters in this volume: Trace the formation of the political entity of Jammu and Kashmir and the seemingly secular politics of its three regions Discuss the rise of militancy and resistance movements in the Kashmir Valley Highlight the intersection between everyday life, nationalism and resistance through a study of the literary traditions of Kashmir, contemporary resistance photography and everyday communalism located in the changing food practices of Hindu and Muslim communities Religion and Politics in Jammu and Kashmir will be an indispensable read for students and researchers of religion and politics, democratization and democracy, secularism, sociology, cultural studies and South Asian studies.

Jammu and Kashmir, the Cold War and the West Taylor & Francis

Presents A Realistic Picture Of Systematic, Economic And Commercial Aspects Of J & K State In Addition To Basic Knowledge About The Subject Upto Date Data Is Presented. The Book Has 2 Parts. Part I Relating To J & K Has 16 Chapters And Part II On Doda District Specifically Has 6

Chapters.

**Geography of the Jammu & Kashmir State** Sankalp Publication

Why has this state of siege in the Kashmir valley continued for 72 years since the Partition of India? What role has Pakistan played in it all of these years? And will there ever be a resolution to the militancy in the state? How will Islamabad get the forces of Islamic jihad-nurtured and based in Pakistan-to ever reconcile to the existing boundaries of J&K? How important is the ownership of the waters of the rivers of the Indus system for Pakistan-despite generous supplies under the Indus Waters Treaty-in determining an end to the siege within Kashmir? What are China's interests in J&K and how does the success of the China-Pakistan Economic Corridor (CPEC) for oil and gas supplies hinge on Pakistan's occupation of northern areas of Kashmir? Why does the future survival and growth of the Chinese microchip industry depend upon the continuance of China's control of the waters and dams in the Indus river system? Kashmir's Untold Story: Declassified provides answers to these gripping questions and joins the dots in presenting the matrix of a consistent and

compelling argument regarding the future of the state of Jammu and Kashmir. Today, the state's water resources are coveted by the beleaguered Chinese microchip industry and it appears that this is going to determine the continuing militancy in the state. Malhotra and Raza argue that China and its client Pakistan will actively back the militancy, come what may. Delving deeper, the book also reveals amazing insights into the Government of India's policy towards the state, right from 1889, when it first imposed central rule and dispossessed the rule of the then Maharaja, till date. Owing to its strategic location, the intrigues within the state and the machinations of its neighbours have resulted in the government directly administering its affairs, one way or the other, for the last 130 years. It is a riveting account of the history of Jammu and Kashmir, from the time of its political and geographic consolidation under Maharaja Gulab Singh to present-day India.

*The Truth About Jammu & Kashmir* Oxford University Press

On 26 January 1950, the Constitution of India came into force with a unique provision—Article 370. The special status accorded to the state of Jammu and Kashmir in the article meant that its people lived under a different set of laws while being part of the Indian Union. Alternating deftly between history and politics, A.G. Noorani examines a wide range of documents pertaining to Article 370. He incisively analyses the implications and consequences of the article for the constitutional democracy of the state and the nation. From Jammu and Kashmir's accession to India in 1947 to the various negotiations thereafter; Sheikh Abdullah's arrest to the framing of the Constitution of Jammu and Kashmir and the replacement of Sadar-i-Riyasat, this book impeccably documents the little-known constitutional history of the state. Noorani underscores the politics behind the gradual erosion of Article 370 and the need for restoration of autonomy. Critically analysing the various judgments relating

to this constitutional arrangement, he suggests a framework for resolving the 'Kashmir problem'. Collecting together rare, often unseen and unnoticed, letters, memoranda, white papers, proclamations, and amendments, this book will be an indispensable resource on Kashmir.

**Jammu Kashmir and Ladakh** APH Publishing

In northern India, the diverse physiography of the state of Jammu and Kashmir, situated in the western Himalayas, exhibits the shape of a terrace having three steps of increasing elevation from south to north. The lower step comprises Sub-Himalayan Jammu, the middle is Himalayan Kashmir, and the upper as trans-Himalayan Ladakh. This varied surface configuration makes these regions quite distinct where Jammu is mostly hilly; Kashmir, a sizeable plain surrounded by mountains; and Ladakh, an area of towering landforms. By virtue of its latitudinal location, the state lies within the sub tropics, but such conditions here are altered by a varying altitude, restricting the sub tropical climate to southern parts of Jammu region. The northern parts of the Jammu and Kashmir

valley experience temperate climate, while Ladakh is a cold highland desert. Consequently, each region is in possession of different environmental assets and constraints. This book provides a concise and coherent account of the geography of Jammu and Kashmir. It deals briefly with the political history of Jammu and Kashmir, and then traces the geological evolution of the state. The book includes chapters on the physical features of each region. It offers a clear understanding of the basics of the physical environment, presenting the weather and climate at the regional and the sub-regional level.

*Geography of Jammu & Kashmir* Vyusta ePress

The Himalaya, a global biodiversity hotspot, sustains about one-fifth of the humankind. Nestled within the north-western mountain ranges of the Himalaya, the Jammu and Kashmir (J&K) State harbours more than half of the biodiversity found in the Indian Himalaya. The wide expanse of State, spread across the subtropical Jammu, through the temperate Kashmir valley, to the cold arid Ladakh, is typical representative of the extensive elevational and topographical diversity

encountered in the entire Himalaya. This book, the most comprehensive and updated synthesis ever made available on biodiversity of the J&K State, is a valuable addition to the biodiversity literature with global and regional relevance. The book, arranged into 7 parts, comprises of 42 chapters contributed by 87 researchers, each of whom is an expert in his/her own field of research. The precious baseline data contained in the book would form the foundation for assessing current status of knowledge about the bioresources, identify the knowledge gaps, and help prioritization of conservation strategies to steer the sustainable use of biodiversity in this Himalayan region. Given the breadth of topics covered under the banner of biodiversity in this book, it can surely serve as a model for documentation of biodiversity in other regions of the world. The book will be of immense value to all those who, directly or indirectly, have to deal with biodiversity, including students, teachers, researchers, naturalists, environmentalists, resource managers, planners, government agencies, NGOs and the general public at large.

This book re-examines the multifaceted reality of the Kashmir problem. The state of Jammu and Kashmir had acceded to India soon after India's partition. Pakistan laid claim to it waged wars with India to wrest it. The various decisions taken by the USA and Britain in conjunction with India and Pakistan as to how Kashmir should be governed are discussed. Studying the spread of communism, the book makes extensive use of primary resources available in India and the UK. The principal object of the author is to locate conflict in Kashmir within the international politics of the time, during the Cold War, and especially in the context of India's relationship with the UK. The narratives of the discourse throw light on the varied and salient features of the problem. These have been enriched by an in-depth analysis based on the writings, notes and correspondence of distinguished British and Indian politicians and

statesmen. The author has also consulted public documents on US foreign relations as well as other studies. This study explores myths about the Kashmir problem, reinforcing known and unknown truths.

**Geography of the Jammu and Kashmir State**

This book is written to highlight a completely different aspect of the actual problem of Jammu and Kashmir state and how it manifested to the current situation. The 'Great Game' of the British Empire of having a buffer state between India and the expanding Soviets is known to all. However, the shrewd policies of achieving

the dominance of a particular ethnicity over the complete state of Jammu and Kashmir state has been cleverly hidden from the people of Jammu and Kashmir. The Tribal invasion of 1947, the conditions for accession to India and the demarcation of Cease Fire Line achieved a particular set of Geographical and Ethnic divide that completely changed the politics and demographic pattern of Jammu and Kashmir. This book further makes an endeavor to understand the actual impact of demarcation of Cease Fire line and where the state of Jammu and Kashmir was cleverly steered over the last 75 years. Also, this book aims to bring out the true leaders of Jammu and Kashmir, who mattered the most in 1947 including

Sheikh Mohammad Abdullah, Choudhary Ghulam Abbas and Mirwaiz Yusuf Shah, Pandit Prem nath Dogra, Mahashey Ram Chand and Ahmed Yar Khan 'Duggar'. Kashmir in Comparative Perspective  
The book starts with the details of universe, structure of earth, history of world, its population and languages, Hhelum Valley Civilization, History of Kashmir, Kashmir's glorious past, and other updated information about Kashmir from available sources including geography, geology, history, introduction of Islam in Kashmir, languages spoken, monuments, Kashmir affairs, political events, tourism, handicrafts, health infrastructure, agriculture, socio-economic

and administrative development, forest development, fisheries, live stock, dairy, sericulture, irrigation, industry, minerals, power, roads, people of Kashmir, Institutions of higher education, current status besides references. The book shall be of interest to the research scholars in particular and for common masses in general.
