What do you do when you encounter the famous footballer voted "Sexiest Athlete Alive" three years running on a soccer field in Germany? If you're Saylor Scott, you challenge him to a shoot-out. And win. Saylor's goals have always involved the literal kind constructed from posts and netting. Her single-minded focus has cost her a lot, but it's also earned her recognition as the top female college player in the US. She doesn't get attached, she never gets distracted, and she could care less what anyone thinks of her. Meeting Adler Beck, the notorious player celebrated worldwide and coveted by women everywhere, challenges her indifference. But Saylor perfected the art of appearing unbothered a long time ago, and her scoring percentage is even higher off the pitch. Might as well add a gorgeous German to the tally. Because only a fool would fall for a superstar known for breaking hearts alongside records. And no one has ever accused Saylor Scott of being a fool.

How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of *The Daily Show*; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone "Listener Line" fielded questions on any subject, day and night. From 1968 to Watergate, Boston's WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar

system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston

CommonInterwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the “news dissector” Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein’s documentary WBCN and the American Revolution is available as a DVD sold separately.

In the United States, the entanglement of sports and education has persisted for over a century. Multimillion-dollar high school football stadiums, college coaches whose salaries are many times those of their institutions’ presidents, psychological and educational tolls on student-athletes, and high-profile academic scandals are just symptoms of

a system that has come under increasing fire. Institutions large and small face persistent quandaries: which do they value more, academic integrity or athletic success? Which takes precedence: prioritizing elite teams and athletes, or making it possible for all students to participate in sports? How do we create opportunities for academic—not just athletic—development for players? In *Alternative Models of Sports Development in America*, B. David Ridpath—a leading sports development researcher who has studied both the US system and the European club model—offers clear steps toward creating a new status quo. He lays out four possible alternative models that draw various elements from academic, athletic, and European approaches. His proposals will help increase access of all young people to the benefits of sports and exercise, allow athletes to also thrive as students, and improve competitiveness. The result is a book that will resonate with sports development professionals, academic administrators, and parents.

From legendary playwright August Wilson comes the powerful, stunning dramatic bestseller that won him critical acclaim, including the Tony Award for Best Play and the Pulitzer Prize. Troy Maxson is a strong man, a hard man. He has had to be to survive. Troy Maxson has gone through life in an America

where to be proud and black is to face pressures that could crush a man, body and soul. But the 1950s are yielding to the new spirit of liberation in the 1960s, a spirit that is changing the world Troy Maxson has learned to deal with the only way he can, a spirit that is making him a stranger, angry and afraid, in a world he never knew and to a wife and son he understands less and less. This is a modern classic, a book that deals with the impossibly difficult themes of race in America, set during the Civil Rights Movement of the 1950s and 60s. Now an Academy Award-winning film directed by and starring Denzel Washington, along with Academy Award and Golden Globe winner Viola Davis.

I Keep Trying to Catch His Eye Algonquin Books

SHORTLISTED for the 2011 Man Booker Prize for Fiction An intense psychological drama that echoes sophisticated entertainments like *Gorky Park* and *The Talented Mr. Ripley*. Nick Platt is a British lawyer working in Moscow in the early 2000s—a place where the cascade of oil money, the tightening grip of the government, the jostling of the oligarchs, and the loosening of Soviet social mores have led to a culture where corruption, decadence, violence, and betrayal define everyday life. Nick doesn't ask too many questions about the shady deals he works on—he's too busy enjoying the exotic, surreally sinful nightlife Moscow has to offer. One day in the subway, he rescues two willowy sisters, Masha and Katya, from a would-be purse snatcher. Soon Nick, the seductive Masha, and long-limbed Katya are cruising the seamy glamour spots of the city. Nick begins to feel something for Masha that he is pleased to think is love. Then the sisters ask Nick to help their aged aunt, Tatiana, find a new apartment. Of

course, nothing is as it seems—including this extraordinary debut novel. The twists in the story take it far beyond its noirish frame—the sordid and vivid portrayal of Moscow serves as a backdrop for a book that examines the irresistible allure of sin, featuring characters whose hearts are as cold as the Russian winter.

In this powerful novel set in contemporary Kandahar, an Afghan woman approaches an American military base to demand the return of her brother's body. At a stark outpost in the Kandahar mountain range, a team of American soldiers watches a young Afghan woman approach. She has come to beg for the return of her brother's body. The camp's tense, claustrophobic atmosphere comes to a boil as the men argue about what to do next. Taking its cue from the Antigone myth, this significant, eloquent novel re-creates the chaos, intensity, and immediacy of war, and conveys the inevitable repercussions felt by the soldiers and their families--especially one sister.

In this deeply emotional memoir, a longtime ESPN writer reflects on the suicide of his son Max and delves into how their complicated relationship led him to see grief as love. In February 2015, Ivan Maisel received a call that would alter his life forever: his son Max's car had been found abandoned in a parking next to Lake Ontario. Two months later, Max's body would be found in the lake. There'd been no note or obvious indication that Max wanted to harm himself; he'd signed up for a year-long subscription to a dating service; he'd spent the day he disappeared doing photography work for school. And this uncertainty became part of his father's

grief. *I Keep Trying to Catch His Eye* explores with grace, depth, and refinement the tragically transformative reality of losing a child. But it also tells the deeply human and deeply empathetic story of a father's relationship with his son, of its complications, and of Max and Ivan's struggle—as is the case for so many parents and their children—to connect. *I Keep Trying to Catch His Eye* is a stunning, poignant exploration of the father and son relationship, of how our tendency to overlook men's mental health can have devastating consequences, and how ultimately letting those who grieve do so openly and freely can lead to greater healing.

Two season tickets. One genius idea. Zero interest in a relationship. The plan is simple: a brand new, hot, preferably funny, definitely single male will fill one of those seats for every Bears game at Soldier Field. And I'll fill the other. I can't think of a better way to use the season passes I'd bought for my ex-husband. I am a woman of plans, and this one's foolproof. Until Zach Bowen offers to be my practice round. He's infuriating. Presumptuous and overbearing. And absolutely, undeniably gorgeous. Any woman with a heartbeat would be attracted to him, and mine picks up speed every time he speaks. But as I said, I'm a woman of plans - and I'm not backing down on this one. One night. One game. And then, his time's up. He can try to change the rules, but here's the truth: he can't win if he's playing the wrong game. *The Wrong Game* is a stand-alone, angsty, enemies-to-lovers sports romance.
