Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for

himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril,

adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. Notes on the Hebrew Text and the Topography of the Books of Samuel Lippincott Williams & Wilkins

In the early evening of 16 October 1834, to the horror of bystanders, a huge ball of fire exploded through the roof of the Houses of Parliament, creating a blaze so enormous that it could be seen by the King and Queen at Windsor, and from stagecoaches on top of the South Downs. In front of hundreds of thousands of witnesses the great conflagration destroyed Parliament's glorious old buildings and their contents. No one who witnessed the disaster would ever forget it. The events of

that October day in 1834 were as shocking and significant to contemporaries as the death of Princess Diana was to us at the end of the 20th century - yet today this national catastrophe is a forgotten disaster, not least because Barry and Pugin's monumental new Palace of Westminster has obliterated all memory of its 800 year-old predecessor. Rumours as to the fire's cause were rife. Was it arson, terrorism, the work of foreign operatives, a kitchen accident, careless builders, or even divine judgement on politicians? In this, the first full-length book on the subject, Parliamentary Archivist Caroline Shenton unfolds the gripping story of the fire over the course of that fateful day and night. In the process, she paints a skilful portrait of the political and social context of the time, including details of the slums of Westminster and the frenzied expansion of the West End; the plight of the London Irish; child labour, sinecures and corruption in high places; fire-fighting techniques and floating engines; the Great Reform Act and the new Poor Law; Captain Swing and arson at York Minster; the parlous state of public buildings and records in the Georgian period; and above all the symbolism which many contemporaries saw in the spectacular fall of a national icon.

Lab Manual for Health Assessment in Nursing, 5e serves as a laboratory manual and a study guide for the student. Each chapter of the lab manual corresponds to a chapter in the main textbook assisting students with comprehending and applying the theoretical content. Students will fully develop their assessment skills using the new interview guides and assessment guides. Students will also develop independence and readiness for test-taking by answering questions designed to hone these skills. Critical thinking skills are further developed when students participate in the Critical Thinking and Case Study activities.
