The Wrestler's Body tells the story of a way of life organized in terms of physical self-development. While Indian wrestlers are competitive athletes, they are also moral reformers whose conception of self and society is fundamentally somatic. Using the insights of anthropology, Joseph Alter writes an ethnography of the wrestler's physique that elucidates the somatic structure of the wrestler's identity and ideology. Young men in North India may choose to join an akhara, or gymnasium, where they subject themselves to a complex program of physical and moral fitness. Alter's first-hand description of each detail of the wrestler's regimen offers a unique perspective on South Asian culture and society. Wrestlers feel that moral reform of Indian national character is essential and advocate their way of life as an ideology of national health. Everyone is called on to become a wrestler and build collective strength through self-discipline.

This book intends to establish, against his numerous modern critics, that the ancient philosopher Parmenides was a mystic. Instead of arriving at his conclusions by cold reason, Parmenides found the unity of Being, which he called "the Truth," by turning to a life of meditation. His use of reason throughout his poem was not intended to discover the Truth, but to undermine those who

would disallow the Truth which had been revealed to him: the Truth as living and intelligent that is, some One, not something. In making the case that Parmenides was basically a religious seer, this book makes clear that the rationalist opponents of this interpretation have inevitably misread and emended the text to suit their views. Far from rejecting a mythic presentation of ultimate Reality, Parmenides' narrative upholds the doctrine that all Truth is one, as the mystics proclaim. This book also attempts to explain how, if Reality is ultimately one, multiplicity and flux can be part of the human experience.

Started in 1958, Sanathana Sarathi is a monthly magazine devoted to Sathya (Truth), Dharma (Righteousness), Shanti (Peace) and Prema (Love) - the four cardinal principles of Bhagawan Baba's philosophy. It is published from Prasanthi Nilayam (the Abode of Highest Peace) and acts as a mouthpiece of Baba's Ashram as it speaks of the important events that take place in His sacred Abode, besides carrying Divine Messages conveyed through Divine Discourses of Bhagawan Sri Sathya Sai Baba. The word meaning of Sanathana Sarathi is the 'Eternal Charioteer'. It signifies the presence of the Lord in every being as the atma guiding their lives like a charioteer. It implies that he who places his life, the body being likened to a chariot, in an attitude of surrender in the hands of the Lord, will be taken care of by the Lord even as a charioteer would take the occupant of his chariot safely to its destination. The magazine is an instrument to disseminate spiritual knowledge for the moral, physical and mental uplift of humanity without any discrimination as the subject matter discussed therein is always of common interest and of universal appeal. The fifteen Vahinis - streams of sacredness - known as the Vahini Series comprising annotation and interpretation of the Upanishads and other scriptures, Itihasas like the Ramayana, the Bhagavatha and the Mahabharata, and authentic explanations on Dhyana, Dharma, Prema, etc., have been serially published in this magazine as and when they emanated from the Divine pen of Bhagawan Baba. This magazine is published in almost all Indian languages, English and

Telugu from Prasanthi Nilayam and others from respective regions. Every year Sanathana Sarathi comes out with a special issue in November commemorating the Divine Birthday. The English and Telugu magazines are posted on the 10th and 23rd respectively, of every month, from Prasanthi Nilayam. This magazine has wide, ever increasing circulation in India as well as abroad, as the study of it brings the reader closer to the philosophy of the Avatar in simple understandable language THUS SPAKE SAI... Discoursing during the launch of Sanathana Sarathi... Few other Hindu gods guide a regional consciousness, pervade walks of everyday life and define a collective psyche the way Lord Jagannath does in Odisha and its contiguous areas. Jagannath is metonymic of Odisha and the Odia way of life, arguably much more than any other god for a particular geography or its peoples. While not derecognising the historical and the spiritual aspects of Jagannath, Bonding with the Lord attempts to look at the deployment of Jagannath in contemporary cultural practices involving the sensorium in the widest sense. The project of a

cultural Jagannath not only materialises him in people's everyday practices but also democratises scholarship on him. The expansion of the scope of research on Jagannath to cultural expressions in a more encompassing way rather than confining to 'elitist' religious/literary sources makes him an everyday presence and significantly enhances his sphere of influence. Jagannath's 'tribal' origin, his association with Buddhism and Jainism and his avatari status make him an all-encompassing, multilayered symbol and a treasure trove for multiple interpretations.

First published in the Odia in 1948, and translated for the first time here into English by Bikram Das, Gopinath Mohanty's *Harijan* is one of the most original and radical Indian novels of the twentieth century. It brings to vivid life the story of a group of Mehentars living in a slum. Cleaning latrines with their bare hands is the only work that they can hope to find as their caste excludes them from every other occupation. The leader of this group is the middle-aged and foul-mouthed Jema who starts her day by gulping down a potful of liquor and smoking pinkas in order to deal with the stench of the excreta. One day, Jema comes down with a fever and is unable to go to work. Fourteen-year-old Puni offers to take her mother's place. The next morning Puni wakes up early, bathes, puts on a clean sari, and dabs some cheap perfume on her skin. Stepping out of the hut excitedly, she picks up basket and broom. When she arrives at the first latrine, the stink hits her with the force of a hammer blow. She drops her basket and broom, turns around, and is trying to run away, when her friends stop her. 'This is what you will have to do every day for the rest of your life! It is your fate!' Avinash Babu lives in a palatial house next to the slum. He is planning to evict the Mehentars in order to develop the slum into a residential colony. One night, a fire breaks out and the entire slum is burned to the ground. The Mehentars leave the slum carrying their remaining possessions on their backs. They have nowhere to go but they are past all worries—they know that no matter where they go, they will still be cleaning excrement, for they are Harijans. *Harijan* is an enduring Odia classic which is regarded as one of the most original and radical Indian novels of the twentieth century. Gopinath Mohanty was an esteemed Odia novelist who was awarded the Padma Bhushan, the Sahitya Akademi Award, and

the Jnanpith Award. This is the first English translation of the novel by Sahitya Akademi Translation Awardee Bikram Das.

This book explores the instrumentality of language in constructing identity in contemporary society. The processes of globalization, hyper-mobility, rapid urbanization, and the increasing desire of local populations to be linked to the global community have created a pressing need to reconfigure identity in this new world order. Following the digital revolution, both traditional and new media are dissolving linguistic boundaries. The centrality of language in organizing communities and groups cannot be overstated: our social order is developed alongside our linguistic allegiance, shared narratives, collective memories, and common social history. Keeping in mind the fluidity of identity, the book brings together fourteen chapters providing cultural and social perspectives. The ideas reflected here draw on a range of disciplines, such as psychology, sociology, anthropology, cultural studies, the politics of language, and linguistic identity.

Among the world’s myriad cultures and their associated calendars, the idea of a “New Year” is relative and hardly specifies a universal celebration or even a universal point in time. Ways of celebrating the New Year range from the observances of religious rituals and superstitions to social gatherings featuring particular foods, music, dancing, noisemaking, fireworks and drinking. This first encyclopedia devoted exclusively to the New Year includes 320 entries that give a global perspective on the New Year, beyond its traditional Western associations with Christmas. National or regional entries detail the principal traditions and customs of 130 countries, while 27 entries discuss major calendar systems in current use or of significant historical interest. The remaining entries cover a wide variety of subjects including literary works, movies, and television specials; the customs of specific ethnic groups; universal customs such as toasting and drinking; football bowl games and parades; and the New Year celebrations at the White House and the Vatican.

Revival is bringing something that is dead back to life. Much of today’s Church needs reviving. When God comes in an unusual way, releasing His presence and power over and above what a church normally experiences, we call it a visitation of God. Every visitation of God should become a habitation of God and become a move of God, going beyond that local church into the community, city, and nation. The move of God results in evangelization, missions, and the fulfilling of the Great Commission. Starting in the book of Acts and down through the centuries, there have been numerous visitations and moves of God. We look at Church history. Understanding history helps us correctly interpret the present and prepare for the future. We draw inspiration, insight, and lessons from what God has done in the past, by reviewing stories, and asking relevant questions:

What can we learn from Church history about revivals, visitations, and moves of God? What does it take for a visitation of God to become a move of God? What are signs of a genuine visitation of God? How do we steward a revival, a visitation, and a move of God? The "latter rain" falls just before harvest. "Therefore, be patient, brethren, until the coming of the Lord. See how the farmer waits for the precious fruit of the earth, waiting patiently for it until it receives the early and latter rain. You also be patient. Establish your hearts, for the coming of the Lord is at hand" (James 5:7-8). In biblical context, the early rains were showers that usually came during October-November and prepared the ground for the seed. The latter rain fell during March-April and

was necessary for the ripening of the crops before harvest. If we believe God is preparing for a mighty endtime outpouring, a great visitation, and ingathering of harvest before His return, then we must get ourselves and our congregations ready for the latter rain of the Holy Spirit.
