38000+ English - German German - English Vocabulary - is a list of more than 38000 words translated from English to German, as well as translated from German to English. Easy to use-great for tourists and English speakers interested in learning German. As well as German speakers interested in learning English.

Persian Vocabulary for English Speakers - 9000 Words Cambridge University Press

Unlike your average A-to-Z German/English dictionary, Mastering German Vocabulary presents more than 5,000 words in 41 separate categories. This arrangement allows students to understand the relationships of various words. Categories cover the human body, health and medicine, sports, culture and religion, and dozens of other subjects. Engaging example sentences help illustrate the meanings of words and also inform readers on idiomatic expressions, grammatical exceptions, and cultural and geographical information. English-speaking readers will find help in translating those German words and phrases that may be too specialized to be found in ordinary alphabetically arranged bilingual dictionaries. Engaging line art illustrations, charts, and a

comprehensive alphabetical word index enhances this volume's usefulness. A fine school supplement for language teachers, students, and language labs, and an aid for anyone who must sometimes get information from German journals and other publications.

Intuitive Vocabulary Courier Corporation

T Learn German Vocabulary through 5000 common words This book has been prepared to help you boost your German skills. Whether you prepare for an important exam, contemplate a move to a German-speaking country, or simply wants to brush up your skills, we have selected the 1500 words that you will encounter the most often. Forget about boring lectures on grammar and endless vocabulary lists. With the help of this book, English speakers like you can easily learn German and immerse themselves in it without having to leave the country!

How to Speak and Write It McGraw Hill Professional

Have you been trying to learn German and simply can't find the way to expand your vocabulary? Do your teachers recommend you boring textbooks and complicated stories that you don't really understand? Are you looking for a way to learn the language quicker without taking shortcuts? If you answered "Yes!"

to at least one of those previous questions, then this book is for you! We've compiled the 2000 Most Common Words in German, a list of terms that will expand your vocabulary to levels previously unseen. Did you know that -- according to an important study -- learning the top two thousand (2000) most frequently used words will enable you to understand up to 84% of all non-fiction and 86.1% of fiction literature and 92.7% of oral speech? Those are amazing stats, and this book will take you even further than those numbers! In this book: A detailed introduction with tips and tricks on how to improve your learning A list of 2000 of the most common words in German and their translations An example sentence for each word - in both German and English Finally, a conclusion to make sure you've learned and supply you with a final list of tips Don't look any further, we've got what you need right here! In fact, we're ready to turn you into a German speaker... are you ready to get involved in becoming one?

This new edition includes: Time-saving vocabulary panels that eliminate having to look words up Advice on how to avoid common mistakes A detailed answer key for quick, easy progress checks Offering a winning formula for getting a handle on German grammar right away, Practice Makes Perfect: Complete German Grammar your ultimate resource for learning to speak German the way the native speakers do.

Embedded in Sentences BoD - Books on Demand

As society becomes more global, you should equip yourself with knowledge of foreign languages. What better language to start with than German? German has a reputation for being a difficult language to learn especially for English speakers. While there is some truth to that - its grammar rules are more complicated and it has sounds that don't exist in the English language - learning a new language will always be a challenge, no matter what it is, to foreign language learners. This book, Learn German for Beginners, offers an effective way to learn the basics of German. But first, let's be clear about what this book isn't. If you're looking for a book that offers a method for mastering a language in few simple steps, this isn't it. If you want a book that can make you fluent in German in no time, this also isn't it. In fact, if you found a book or any language learning resource promising those kinds of things, throw them away. Learning a new language takes time and dedication.

Unless you're gifted, there's no shortcut. So, what can you expect from this book? Chapter 1 is all about the basics. You'll learn about the German alphabet, which is similar to the English alphabet but sounds differently, how to pronounce words the right way, and how to deal with numbers. This chapter will also show you that you already know a significant amount of German words even before you decided to study it. The second chapter deals with nouns and its companion, the articles. It explains how to identify which nouns are masculine, feminine, or neuter and how to form the plural. As an English speaker, the concept of having gendered nouns may be unusual. This chapter is filled with examples so you can start familiarizing yourself with them. In Chapter 3 you will learn about verbs and how to conjugate them. It also explains the different verb tenses that you are most likely to use and encounter as a beginner in the German language. Chapter 4 is about the German case system. This is one of the topics that makes many learners of the German language scratch their head. Cases may seem strange when you first encounter them but if you're still familiar with the concepts of English grammar,

understanding cases won't be difficult and you'll only need to memorize the rules. You'll also learn in this chapter how to form your own simple German sentences. In Chapter 5, you'll learn about adjectives, adverbs, and prepositions. This chapter discusses in detail the different rules on how to properly use these words when you build sentences. Chapters 6 to 10 contains words and expressions that you will find useful for everyday situations and for when you go on a trip to a German-speaking country. Finally, each chapter ends with a set of exercises so you can gauge how well you're doing on your German learning journey. So, if you want to improve your reading, writing, and speaking skills in this language, you need to make a change. Decide for yourself that you want to gain more opportunities. Take this risk. You will not regret it. This book is everything you need as a beginner. So, what are you still waiting for? Start reading this book to fulfill your goals! Scroll to the top of the page and select the buy now button.
