Stanford Solomon has a shocking, thirty-year-old secret. And it's about to change the lives of everyone around him. Stanford Solomon is actually Abel Paisley, a man	who faked his own death and stole the identity of his best friend. And now, nearing the end of his life, Stanford is about to meet his firstborn daughter, Irene Paisley, a home health aide who has unwittingly shown up for her first day of work to tend to the father she thought was dead. These Ghosts Are Family revolves around the consequences of Abel's decision and tells the story of the Paisley family from
---	--	---

colonial Jamaica to present day Harlem. There is Vera, whose widowhood forced her into the role of single mother. There are two daughters and a granddaughter who have never known they are related. And there are others, like the house boy who loved Vera, whose lives might have taken different courses if not for Abel Paisley's actions. These Ghosts Are Family explores the

ways each character wrestles with their ghosts and struggles to forge independent identities outside of the family and their trauma. The result is an engrossing portrait of a family and individuals caught in the sweep of history, slavery, migration, and the more personal dramas of infidelity, lost love, and regret. This electric and luminous family saga announces the arrival of a

new American talent.  
 A Novel Crown INTERNATIONAL BEST SELLER • A smart, sexy, laugh-out-loud romantic comedy about ex-boyfriends, imperfect parents, friends with kids, and a man who disappears the moment he says "I love you." "An absolute knock-out. Wickedly funny and, at turns, both cynical and sincere... feels like your very favorite friend."

Nina Dean is

she has a  
great

when she

She meets a

But more

Their

Funny, tender,

Ghosts is a

A Novel Faber & Faber A New York Times Book Review Editor's Choice "Roger Clarke tells this [the story that inspired Henry James' *The Turn of the Screw*] and many other gloriously weird stories with real verve, and also a kind of narrative authority that tends to constrain the skeptical voice within... [an] erudite and richly entertaining

book." —New York Times Book Review "Is there anybody out there?" No matter how rationally we order our lives, few of us are completely immune to the suggestion of the uncanny and the fear of the dark. What explains sightings of ghosts? Why do they fascinate us? What exactly do those who have been haunted see? What did they believe? And what proof is there? Taking us through the key hauntings

that have obsessed the world, from the true events that inspired Henry James's classic *The Turn of the Screw* right up to the present day, Roger Clarke unfolds a story of class conflict, charlatans, and true believers. The cast list includes royalty and prime ministers, Samuel Johnson, John Wesley, Harry Houdini, and Adolf Hitler. The chapters cover everything from religious

beliefs to modern developments in neuroscience, the medicine of ghosts, and the technology of ghosthunting. There are haunted WWI submarines, houses so blighted by phantoms they are demolished, a seventeenth-century Ghost Hunter General, and the emergence of the Victorian flash mob, where hundreds would stand outside rumored sites all night

waiting to catch sight of a dead face at a window. Written as grippingly as the best ghost fiction, *A Natural History of Ghosts* takes us on an unforgettable hunt through the most haunted places of the last five hundred years and our longing to believe. Stories and Essays Yearling Books This instant New York Times bestseller offers a withering view of life on Wall

Street from the perspective of an unhappy insider who is too hooked on the money to find a way out, even as his career is ruining his marriage and corroding his soul. It's 2005. Nick Farmer is a thirty-five-year-old bond trader with Bear Stearns clearing seven figures a year. The novelty of a work-related nightlife centering on liquor, hookers, and cocaine has long since worn thin, though Nick remains

keenly addicted to his annual bonus. But the lifestyle is taking a toll on his marriage—and on him. When a nerdy analyst approaches him with apocalyptic prognostications of where Bear's high-flying mortgage-backed securities trading may lead, Nick is presented with the kind of ethical dilemma he's spent a lifetime avoiding. Throw in a hot financial

journalist who seems to be more interested in him than in the percolating financial Armageddon and the prospect that his own wife may have found a new romantic interest of her own, and you have the recipe for Nick's personal and professional implosion. By turns hilarious and harrowing, *Ghosts of Manhattan* follows a winning but flawed protagonist as

he struggles to find the right path in a complicated urban heart of darkness

Everything happens for a reason. At least that's what everyone keeps telling Liam Cooper after his older brother Ethan is killed suddenly in a hit-and-run. Feeling more alone and

isolated than ever, Liam has to not only learn to face the world without one of the people he loved the most, but also face the fading relationships of his two best friends in the process. Soon, Liam finds himself spending time with Ethan's best friend, Marcus, who might just be the only person that seems to know exactly what they're going through for better and for worse. The Ghosts We Keep is an

achingly honest portrayal of grief. But it is also about why we live. Why we have to keep moving on, and why we should. *How a Weirdo and a Ghost Can Change Your Entire Life* Simon and Schuster David Peace's acclaimed Red Riding Quartet continues with this exhilarating follow-up to *Nineteen Seventy-Four*. It's summer in Leeds and the city is anxiously awaiting the Jubilee of

Queen Elizabeth's reign. Detective Bob Fraser and Jack Whitehead, a reporter at the Post, however, have other things on their minds-mainly the fact that someone is murdering prostitutes. The killer is quickly dubbed the "Yorkshire Ripper" and each man, on their own, works tirelessly to catch him. But their investigations turn grisly as they each engage in affairs with

the prostitutes they are supposedly protecting. As the summer progresses, the killings accelerate and it seems as if Fraser and Whitehead are the only men who suspect or care that there may be more than one killer at large. [Life with the Afterlife](#) Eric Praschan From #1 NYT bestselling author Victoria Schwab comes a sweeping, spooky, evocative adventure, perfect for fans of

"Stranger Things" and Miss Peregrine's Home for Peculiar Children. A New York Times bestseller! Ever since Cass almost drowned (okay, she did drown, but she doesn't like to think about it), she can pull back the Veil that separates the living from the dead . . . and enter the world of spirits. Her best friend is even a ghost. So things are already pretty strange. But

they're about to get much stranger. When Cass's parents start hosting a TV show about the world's most haunted places, the family heads off to Edinburgh, Scotland. Here, graveyards, castles, and secret passageways teem with restless phantoms. And when Cass meets a girl who shares her "gift," she realizes how much she still has to learn about the Veil -- and herself. And

she'll have to learn fast. The city of ghosts is more dangerous than she ever imagined. #1 NYT bestselling author Victoria Schwab delivers a thrillingly spooky and action-packed tale of hauntings, history, mystery, and the bond between friends (even if that friend is a ghost . . .). **Hauntology** Ghosts of My Life Writings on Depression, Hauntology and Lost Futures

### **Ghosts in Our Backyard**

John Hunt Publishing  
Ghosts and specters, the eerie and the occult. Why is contemporary culture so preoccupied by the supernatural, so captivated by the revenants of an earlier age, so haunted? The concept of Hauntology

has evolved since first emerging in the 1990s, and has now entered the cultural mainstream as a shorthand for our new-found obsession with the recent past. But where does this term come from and what exactly does it mean? This book seeks to answer these questions by examining the history of our fascination with the uncanny from the golden age of the Victorian ghost story to

the present day. From Dickens to Derrida, MR James to Mark Fisher; from the rise of Spiritualism to the folk horror revival, Hauntology traces our continuing engagement with these esoteric ideas. Moving between the literary and the theoretical, the visual and the political, Hauntology explores our nostalgia for the cultural artifacts of a past from which we seem unable to break free.

A Natural History: 500 Years of Searching for Proof Little, Brown Books for Young Readers  
A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer

who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may

have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in

the aftermath  
of his own  
death.

One morning,

three  
generations

immigration  
from China

Kong to

America and Cuba. This redemptive coming-of-age story uncovers the uncanny parallels in Kat's lineage, including the strength of sisterhood and the complicated duty of looking after parents, even after death. Seeing Ghosts asks what it means to claim and tell your family's story: Is writing an exorcism or is it its own form of preservation? What do we owe to our families in our grief, and how

does it shape us? In order to answer these questions and to understand her family's ghosts, Kat unearths their sorrow and challenges the power structures of race, class, and gender. The result is an extraordinary new contribution to the literature of grief and the American family, and a provocative and transformative meditation on who we become under the specter of loss.

Liz is staying with her grandmother in her old house in the woods of northern Minnesota when one night a noise awakens her. It is someone calling her name, calling for Elizabeth. Liz opens her eyes. There is a blue ghost in her room! What does the ghost want from her? This exciting mystery by Newbery Honor writer Marion Dane Bauer is

perfect for first chapter-book readers. **Ghosts of Harvard** Watkins Media Limited Everything You Always Wanted to Know About Ghosts, but Were Too Afraid to Ask From a very young age James Van Praagh was aware of a dimension that most of us cannot see, and he has dedicated his life to explaining it to the rest of us. The New York Times bestseller *Ghosts Among Us* takes us on

an incredible journey into the spirit world that brings to light one of our greatest mysteries—what happens to us after we die? [Ghosts of Manhattan](#) HarperCollins Some memories will find you no matter where you hide... Cindy James is a cognitive behavioral therapist in a quiet Missouri town, but her precisely patterned life spins into chaos when she is besieged by panic attacks.

Forced to undergo counseling with a new, peculiar therapist in town, Tony Prost, Cindy defiantly resists both his unnerving charm and the truth behind the haunting images that are unleashing her anxiety. As Cindy's memory flashes increase in frequency, she is jolted by the terrible deed her beloved mother committed to gain their freedom from her father. That memory is one clue to

the mystery behind her compulsive behaviors: carrying a headless Raggedy Ann doll throughout the five-story mansion in which she lives alone, spot cleaning the mansion's thirty-one rooms, and crying herself to sleep in an empty red room. Cindy slowly recalls her grandmother's dominating, divisive presence and a violent history shrouded by years of silence,

binding three generations. She soon realizes that the key to her future is buried in her past, but finding the truth means embarking on a harrowing journey back into the heart of her darkest fears.

IN A NOVEL A  
chilling thriller  
that brilliantly

psychological suspense and supernatural horror, reminiscent of Stephen King's *The Shining*, Shirley Jackson's *The Haunting of Hill House*, and William Peter Blatty's *The Exorcist*. The lives of the Barretts, a normal suburban New England family, are torn apart when fourteen-year-old Marjorie begins to display signs of acute schizophrenia. To her parents' despair, the

doctors are unable to stop Marjorie's descent into madness. As their stable home devolves into a house of horrors, they reluctantly turn to a local Catholic priest for help. Father Wanderly suggests an exorcism; he believes the vulnerable teenager is the victim of demonic possession. He also contacts a production company that is eager to document the Barretts' plight. With

John, Marjorie's father, out of work for more than a year and the medical bills looming, the family agrees to be filmed, and soon find themselves the unwitting stars of *The Possession*, a hit reality television show. When events in the Barrett household explode in tragedy, the show and the shocking incidents it captures become the stuff of urban legend. Fifteen years later, a

bestselling writer interviews Marjorie's younger sister, Merry. As she recalls those long ago events that took place when she was just eight years old, long-buried secrets and painful memories that clash with what was broadcast on television begin to surface—and a mind-bending tale of psychological horror is unleashed, raising vexing questions about memory

and reality, science and religion, and the very nature of evil. *Ghosts of My Life* MCD A USA TODAY BESTSELLER Star of *Kindred Spirits* and paranormal investigator Amy Bruni shares stories from her years of experiences with ghosts, organized around thirteen truths that guide her approach to the supernatural.
