Good Night Stories for Rebel Girls Wednesday Books

The updated edition of the bestselling book that has changed millions of lives with its insights into the growth mindset “Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life.”—Bill Gates, *GatesNotes* After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. Mindset reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also

expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.

100 segredos de uma garota de programa Simon & Schuster Books for Young Readers

Pesquisas recentes revelam que cerca de 84% dos homens se sentem inseguros em situações de flerte: seja pela falta de coragem, pelo receio de julgamentos, por se sentirem intimidados com a beleza das mulheres, por não saberem o que falar ou até por causa de uma timidez enraizada. Isto acontece porque estes homens não entendem os aspectos psicológicos e os gatilhos mentais que estão por trás de qualquer interação humana. Na minha adolescência, eu era muito tímido e tinha vergonha de conversar com mulheres que despertavam o meu interesse, até que eu descobri que as aptidões de sedução e conquista podiam ser aprendidas e eu podia realmente me tornar um habilidoso sedutor se aprendesse as técnicas certas. Depois de muito estudar o comportamento humano e até me formar em cursos sobre influência e persuasão, me tornei um especialista em comunicação e finalmente entendi como alguns homens conquistam mulheres com tanta facilidade, como se fossem verdadeiros ímãs e atraíssem elas para si com pouquíssimo esforço. Pensando em ajudar outros homens a superar estas dificuldades escrevi o livro “Segredos da Sedução”, onde ensino todas as poderosas técnicas de influência, persuasão, PNL e sedução que

realmente mudaram a minha vida. Revelo literalmente todos os segredos que nunca lhe contaram sobre relacionar-se com mulheres. Nele, ensino estratégias práticas desde o básico ao avançado para vencer qualquer bloqueio mental, ganhar autoconfiança, interpretar sinais de interesse e, apenas por olhar, saber exatamente quem são as mulheres que estão interessadas em você. Abordo também as melhores técnicas de comunicação com um poder quase hipnótico de criar conexões, que me ajudaram não só no aspecto da sedução como também em diversas áreas da minha vida. Espero que este livro agregue a você o mesmo valor que agregou a mim.

Mais 101 histórias bem curtas de terror. Algumas vieram de ideias súbitas, outras de narrativas mais pensadas; de pesadelos - e certas histórias chegaram mesmo a causa-los -, inspirações em noites insones, livros, músicas, filmes e provavelmente minha própria loucura. Mas todas surgiram do meu prazer pessoal em escrever tais narrativas. São histórias daquele mesmo nível da coletânea anterior. Cada uma feita com capricho e com os propósitos de sempre: entreter, assustar, fazer refletir e assustar mais um pouco, principalmente na hora de dormir.
