Rusty, is being
released from
prison. Thirty
years ago,
Rusty
received a life
sentence for
the massacre
of Dustin's

parents, aunt, and uncle. The trial came to epitomize the 1980s hysteria over Satanic cults; despite the lack of physical evidence, the jury believed the outlandish accusations Dustin and his cousin made against Rusty. Now, after DNA analysis has overturned the conviction, Dustin braces for a reckoning. Meanwhile, one of Dustin's patients has been plying him with stories of the drowning

deaths of a string of drunk college boys. At first Dustin dismisses his patient's suggestions that a serial killer is at work as paranoid thinking, but as the two embark on an amateur investigation, Dustin starts to believe that there's more to the deaths than coincidence. Soon he becomes obsessed, crossing all professional boundaries—and putting his own family in harm's way. From one of

today's most renowned practitioners of literary suspense, Ill Will is an intimate thriller about the failures of memory and the perils of self-deception. In Dan Chaon's nimble, chilling prose, the past looms over the present, turning each into a haunted place. "In his haunting, strikingly original new novel, [Dan] Chaon takes formidable risks, dismantling his timeline like a film

Schocken In an age of ubiquitous music and countless new songs releasing every minute, the Great American Songbook endures. After all, the Songbook—th at sprawling canon of popular songs, standards,

and show tunes from roughly the 1920s through the 1950s—is a foundational text of American pop music. Rare indeed is the song that doesn't in some way draw on this magnificent corpus, and rare is the person who hasn't heard at least a few of its most enduring melodies. Nonetheless, the Songbook is broader and deeper than most listeners can imagine, and on the margins, the question of

whether this or that song should be included is the source of regular arguments among scholars and buffs alike. Attempting to plumb its depths can be a daunting prospect. Enter Steven Suskin, who has been writing about music since the days that Rodgers, Arlen, and Berlin still roamed the streets of Manhattan. In this carefully curated and cheerfully opinionated guidebook,

Suskin surveys 201 of the most significant selections from the Songbook, ranging from celebrated masterpieces to forgotten gems. Year by year, he puts songwriters and their contributions in their context, and explains what makes each song such a distinctive treat—whether felicitous melody, colorful harmony, compositional originality, or merely the sheer, irreducible joy

of listening to it. Old and new favorites await all readers of this painstakingly compiled, enthusiastically written catalog. ---	--	--

Meacham and Tim McGraw form an irresistible duo—connecting us to music as an unsung force in our nation's history.”—Doris Kearns Goodwin
Through all the years of strife and triumph, America has been shaped not just by our elected leaders and our formal politics but also by our music—by the lyrics, performers, and instrumentals that have helped to carry us

through the dark days and to celebrate the bright ones. From “The Star-Spangled Banner” to “Born in the U.S.A.,” Jon Meacham and Tim McGraw take readers on a moving and insightful journey through eras in American history and the songs and performers that inspired us. Meacham chronicles our history, exploring the stories behind the songs, and Tim McGraw reflects on them as an artist and

performer. Their perspectives combine to create a unique view of the role music has played in uniting and shaping a nation. Beginning with the battle hymns of the revolution, and taking us through songs from the defining events of the Civil War, the fight for women’s suffrage, the two world wars, the Great Depression, the civil rights movement, the Vietnam War, and into

the twenty-first century, Meacham and McGraw explore the songs that defined generations, and the cultural and political climates that produced them. Readers will discover the power of music in the lives of figures such as Harriet Tubman, Franklin Roosevelt, Eleanor Roosevelt, and Martin Luther King, Jr., and will learn more about some of our most beloved

musicians and performers, including Marian Anderson, Elvis Presley, Sam Cooke, Aretha Franklin, Bob Dylan, Duke Ellington, Carole King, Bruce Springsteen, and more. *Songs of America* explores both famous songs and lesser-known ones, expanding our understanding of the scope of American music and lending deeper meaning to the historical context of such songs as

“My Country, ‘Tis of Thee,” “God Bless America,” “Over There,” “We Shall Overcome,” and “Blowin’ in the Wind.” As Quincy Jones says, Meacham and McGraw have “convened a concert in *Songs of America*,” one that reminds us of who we are, where we’ve been, and what we, at our best, can be. *The Great American Songbook* Random House Chronicles the creation of Meredith

Willson's The Music Man—reprinted now as the Broadway Edition Composer Meredith Willson described The Music Man as "an Iowa's attempt to pay tribute to his home state." Now featuring a new foreword by noted singer and educator Michael Feinstein, this book presents Willson's reflections on the ups and downs, surprises and disappointments, and finally successes of making one of America's most popular musicals. Willson's whimsical, personable writing style brings readers back in time with him to the 1950s to experience firsthand the exciting trials and tribulations of creating a Broadway masterpiece. Fresh admiration of the musical—and the man behind the music—is sure to result. The House That George Built Univ. Press of Mississippi

An insightful look at the urban sensibility that gives the Great American Songbook its pizzazz. The Great American Songbook - Liveright Publishing From an acclaimed cultural critic, a narrative and social history of the Great American Songwriting era. Everybody knows and loves the American Songbook. But it's a bit less

widely understood that in about 1950, this stream of great songs more or less dried up. All of a sudden, what came over the radio wasn't Gershwin, Porter, and Berlin, but "Come on-a My House" and "How Much Is That Doggie in the Window?" Elvis and rock and roll arrived a few years later, and at that point the game was truly up. What happened, and why? In *The B Side*,

acclaimed cultural historian Ben Yagoda answers those questions in a fascinating piece of detective work. Drawing on previously untapped archival sources and on scores of interviews—the voices include Randy Newman, Jimmy Webb, Linda Ronstadt, and Herb Alpert—the book illuminates broad musical trends through a series of intertwined stories.

Among them are the battle between ASCAP and Broadcast Music, Inc.; the revolution in jazz after World War II; the impact of radio and then television; and the bitter, decades-long feud between Mitch Miller and Frank Sinatra. *The B Side* is about taste, and the particular economics and culture of songwriting, and the potential of popular art for greatness and beauty. It's destined to become a classic of

American musical history. Great American Songbook Black Dog Publishing (Ukulele). Romance, heartbreak, optimism, melancholy, or just a lovely autumn day it's all been captured by American songwriters. A generation of the country's finest songwriters captured universal feelings and experiences in such an infectious combination of words and music that their songs have never disappeared. This collection features 100 classics by treasured composers arranged for ukulele: All the Things You Are (Jerome Kern) * Blue Skies (Irving Berlin) * Come Fly with Me (Sammy Cahn) * Georgia on My Mind (Hoagy Carmichael) * Mood Indigo (Duke Ellington) * On the Street Where You Live (Lerner & Loewe) * People Will Say We're in Love (Rodgers & Hammerstein) * Somebody Loves Me (George Gershwin) * You'd Be So Nice to Come Home To (Cole Porter) * and more.
