Building on the successful top-down  
approach of previous editions, the Fourth  
Edition of Computer Networking  
continues with an early emphasis on  
application-layer paradigms and  
application programming interfaces,  
encouraging a hands-on experience with  
protocols and networking concepts. With  
this edition, Kurose and Ross bring the  
issues of network security to the  
forefront and integrate the most current  
and relevant networking  
technologies.Computer Networking: A  
Top-Down Approach: United States ...We  
have also been active researchers in  
computer networking during this time.

(In fact, Jim and Keith first met each  
other as master's students in a computer  
networking course taught by Mischa  
Schwartz in 1979 at Columbia  
University.) We think all this gives us a  
good perspective on Teaching  
networking, and an appreciation for  
high-quality ...Computer Networking: a
