Big Preschool Workbook Ages 3 - 5 Priddy Books US

If you're looking for a fun way to teach your kids about numbers, this is the book for you. There is no better place for you! Make learning the numbers from 0 to 100 a fun experience for your child by using: ♣ Tracing Numbers Workbook For Preschoolers & Kindergarten Kids Ages 3-5 to Learn The Numbers From 1 to 100! ♣ Your child may already be able to count to 10 or more, and some may even be able to write those numbers on their own by this point. Even if they're just beginning to learn about numbers, this book will help them expand their knowledge, and we'll even go up to 100! ♣ Tracing activities cover more than 100 pages in the book to help your children learn how to write numbers and understand the sequence of numbers. Children will learn how to write numbers without pre-drawn lines by copying them in this book's exercises, which will help them become familiar with pencil instruction. Auxiliary lines are provided to ensure that the numbers are positioned properly. Look at some of the most important facts about

this book in a few sentences: ♣ To be used with kids between the ages of 3 - 5. ♣ Structure that supports the learning process in a logical manner. ♣ Preparation for kindergarten and preschool is excellent. ♣ A fun way to learn the numbers from one to one hundred. ♣ Crafted with children in mind and arranged in a way that makes sense to them ♣ It helps students improve their penmanship and focus. Are you looking for a fun workbook to help you teach your child to write? Then you are in the right place! Take them on an exciting journey through ABC and the numbers 0 to 30 with: Letter And Number Tracing Book For Kids Ages 3-5: A Fun Practice Workbook To Learn The Alphabet And Numbers From 0 To 30 For Preschoolers And Kindergarten Kids! This exercise book introduces your child to writing letters and numbers in a playful and age-appropriate manner that will help them get to know the alphabet and the numbers 0 to 30. In this way, they are guided and optimally prepared for pre-school and primary school. The book is divided into sections: numbers and letters. The learning process is guided as follows: Letters Every letter is a new territory for your child. The first step is to get to know the letter and practice through the correct pen guidance by simply tracing it. This is followed by a word containing the letter you have just learned. So your child learns to put the letter in a word. Encourage your child to read the word aloud to directly practice the corresponding sound. Finally, your child learns to write the letter freely and independently. Numbers To understand the meaning of numbers, your child starts counting picture elements. Then, just as with letters, they will have to trace the numbers. As soon as they become more confident, free writing follows the number they have just learned, with guidelines ensuring that the number is placed at the correct height. By completing this exercise book, your child will be able to write the lower and upper case letters from A to Z, as well as the numbers 0 to 30. It is especially important that your child can work and learn at their own pace. This is the only way to keep the fun and become more confident in writing from letter to letter, or from number to number. A quick look at the most important facts of the book: Suitable for children from ages 3 to 5 Sensible structure that optimally accompanies the learning process Great preparation for pre-school and kindergarten A fun way to learn the numbers from 0 to 30 and the letters A to Z Promotes correct pen management and concentration Lots of space for free practice Lovely designs Combine play with learning. Benefit from "Letter And Number Tracing Book For Kids Ages 3-5" and accompany your child within a meaningful structure on the way to writing letters and numbers! Get this book NOW!
