The riveting, true-life tales of the legendary Jim Corbett and the man-eating tigers and leopards he tracked and killed in India in the early part of the 1900s. One of the 20th century's greatest hunters and a noted naturalist, Corbett, in his memoirs, downplayed the courage and resourcefulness that marked his career. Retired Army officer Tim Werling has produced not only an accurate account of Corbett's exploits, but a book filled with gripping adventure.

The Man-Eating Leopard of Rudraprayag, Etc. [With Plates, Including a Portrait, and a Map.]. HarperCollins

A terrifying, suspenseful, and grim exploration of the circumstances under which animals become man-killers as told from the perspective of a huge and formidable wolf-dog. Based on true events in 18th century France.

The Hunter Is Death Ponytale Books

This is the story of a mysterious leopard that terrorized Thunag, a small town in Mandi District of Himachal Pradesh. It is about the extraordinary experience of sitting on a tree-top Machan, walking the forests in the middle of the night, and the adventures of chasing a man-eater. It is about the fear of living in the realm of a man-eater. This book gives an insight into the behaviour of a leopard derived from various sources of traditional knowledge. The description of the basic instincts, the strengths and the weaknesses of the big cat, and their linkage with the short tales of experience will keep you engrossed. Whether it is the changing perceptions of the human-leopard conflict, the modifications in the social behaviour that a man-eater brings along, or the challenges involved in dealing with a man-eater, the book describes it all. At the same time, it highlights the gaps in the system, grey areas which need research, and the need for people to remain connected with nature. This personal memoir is an exciting and useful read for people of all ages and professions, especially the environmentalists, foresters, bureaucrats, and wildlife enthusiasts.

Journey to the West (2018 Edition - PDF) General Press

This collection includes Jim Corbett's unpublished writings on man-eaters, nature, and his beloved Kumaon, personal letters, articles written for newspapers and gazettes by his contemporaries, and letters exchanged between Corbett and his publisher showcasing the development of his bestselling books—all from the archives of the Oxford University Press.

The Wolves of Paris HarperCollins

Called upon to rid affected locality of the prowling man-eaters, Anderson the hunter rises to the occasion. Step by step he takes the reader through the adventure, explaining his modus operandi and the terrible excitement and lurking danger. Stirring tales of wild animal's cunning pitted against human wit and presence of mind told by the ace hunter and master story-teller himself. Kenneth

Anderson (1910-74) hailed from a Scottish family settled in India for six generations. His love for the denizens of Indian jungle led him to big game hunting and eventually to writing real-life adventure stories. His books are hailed as classics of jungle lore.

The Jim Corbett Omnibus - B K Classics

From the author of *The Soul of an Octopus* and bestselling memoir *The Good Good Pig*, a book that earned Sy Montgomery her status as one of the most celebrated wildlife writers of our time, *Spell of the Tiger* brings readers to the Sundarbans, a vast tangle of mangrove swamp and tidal delta that lies between India and Bangladesh. It is the only spot on earth where tigers routinely eat people—swimming silently behind small boats at night to drag away fishermen, snatching honey collectors and woodcutters from the forest. But, unlike in other parts of Asia where tigers are rapidly being hunted to extinction, tigers in the Sundarbans are revered. With the skill of a naturalist and the spirit of a mystic, Montgomery reveals the delicate balance of Sundarbans life, explores the mix of worship and fear that offers tigers unique protection there, and unlocks some surprising answers about why people at risk of becoming prey might consider their predator a god.

The Temple Tigers and More Man-Eaters of Kumaon OUP India

As thrilling as any novel, as taut and exciting as any adventure story, Peter Hathaway Capstick's *Death in the Long Grass* takes us deep into the heart of darkness to view Africa through the eyes of one of the most renowned professional hunters. Few men can say they have known Africa as Capstick has known it—leading safaris through lion country; tracking man-eating leopards along tangled jungle paths; running for cover as fear-maddened elephants stampede in all directions. And of the few who have known this dangerous way of life, fewer still can recount their adventures with the flair of this former professional hunter-turned-writer. Based on Capstick's own experiences and the personal accounts of his colleagues, *Death in the Long Grass* portrays the great killers of the African bush—not only the lion, leopard, and elephant, but the primitive rhino and the crocodile waiting for its unsuspecting prey, the titanic hippo and the Cape buffalo charging like an express train out of control. Capstick was a born raconteur whose colorful descriptions and eye for exciting, authentic detail bring us face to face with some of the most ferocious killers in the world—underrated killers like the surprisingly brave and cunning hyena, silent killers such as the lightning-fast black mamba snake, collective killers like the wild dog. Readers can lean back in a chair, sip a tall, iced drink, and revel in the kinds of hunting stories Hemingway and Ruark used to hear in hotel bars from Nairobi to Johannesburg, as veteran hunters would tell of what they heard beyond the campfire and saw through the sights of an express rifle.

allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Jim Corbett Omnibus Zondervan

Henry Phibbs is an American who worked in the Indian forest department because of his love for Indian wild life. He retires to a relaxed life in his ancestral farm but is called back to service. A leopard has gone rogue and has become a man eater. It has thirty human kills to its credit. The problem is it is the age of forest and wild life conservation. Big game hunters have gone extinct except for a few old men who are still alive. Henry is one of them. And he is the best. But old age has dampened his exuberance to take part in big game hunting. Will he accept the challenge????? The leopard starts a killing spree, killing a human every third day. It has to be stopped. Henry realizes there is no way out. He will have to stalk, hunt, and kill the man eater.

The Man-eating Leopard of Rudraprayag Chelsea Green Publishing

Jim Corbett is world famous for his classic Man-eater stories. However, the three volumes collected here show a very different side to this remarkable man. In *Man-Eaters of Kumaon*: It details the experiences that Corbett had in the Kumaon region of India from the 1900s to the 1930s, while hunting man-eating Bengal tigers and Indian leopards. One tiger, for example, was responsible for over 400 human deaths. *Man-Eaters of Kumaon* is the best known of Corbett's books, and contains 10 stories of tracking and shooting man-eaters in the Indian Himalayas during the early years of the twentieth century. In *The Man-Eating Leopard of Rudraprayag*: An exciting narrative of a leopard that spread terror through five hundred square miles of the hills of the United Provinces, *The Man-eating Leopard of Rudraprayag* also takes a detailed look at life in the Garhwal region of India. *The Man Eating Leopard of Rudraprayag* is often considered the most exciting of all Corbett's jungle tales. *The Man-eating Leopard of Rudraprayag* is also an ode to the people who inhabit the hills and the resilience with which they face the hardships that assail them. In *My India*: Jim Corbett describes the villages of the Kumaon Hills, and the customs and lifestyles of the people he encountered.

THE MAN-EATING LEOPARD OF RUDRAPRAYAG eNet Press

Most of Jim Corbett's books contain collections of stories that recount adventures tracking and shooting man-eaters in the Indian Himalaya. An exciting narrative of a leopard that spread terror through five hundred square miles of the hills of the United Provinces, *The Man-eating Leopard of Rudraprayag* also takes a detailed look at life in the Garhwal region of India. *The Man Eating Leopard of Rudraprayag* is often considered the most exciting of all Corbett's jungle tales. He gives a carefully-detailed account of a notorious leopard that terrorized life in the hills of the colonial United Provinces. This story represents Corbett's most sustained and unique effort. *The Man-eating Leopard of Rudraprayag* is also an ode to the people who inhabit the hills and the resilience with which they face the hardships that assail them.

Impossible Owls CreateSpace

'*Man-Eaters of Kumaon*' is the best known of Corbett's books, one which offers ten fascinating and spine-tingling tales of pursuing and shooting tigers in the Indian Himalayas during the early years of this 19th Century. The stories also offer first-hand information about the exotic flora, fauna, and village life in this obscure and treacherous region of India, making it as interesting a travelogue as it is a compelling look at a bygone era of hunting. No one understood the ways of the Indian jungle

better than Corbett. A skilled tracker, he preferred to hunt alone and on foot, sometimes accompanied by his small dog Robin. Corbett derived intense happiness from observing wildlife and he was a fervent conservationist as well as a tracker. He empathised with the impoverished people amongst whom he lived, in what is today Uttarakhand, and he established India's first tiger sanctuary there. Corbett's writing is as immediate and accessible today as it was when first published in 1944.

NEW YORK TIMES BESTSELLER. SEMI-FINALIST FOR THE PEN/DIAMONSTEIN-SPIELVOGEL AWARD FOR ART OF THE ESSAY. One of Amazon, BuzzFeed, ELLE, Electric Literature and Pop Sugar's Best Books of 2018. Named one of the Best Books of October and Fall by Amazon, BuzzFeed, TIME, Vulture, The Millions and Vol. 1 Brooklyn. "Hilarious, nimble, and thoroughly illuminating." —Colson Whitehead, author of *The Underground Railroad* A globe-spanning, ambitious book of essays from one of the most enthralling storytellers in narrative nonfiction In his highly anticipated debut essay collection, *Impossible Owls*, Brian Phillips demonstrates why he's one of the most iconoclastic journalists of the digital age, beloved for his ambitious, off-kilter, meticulously reported essays that read like novels. The eight essays assembled here—five from Phillips's Grantland and MTV days, and three new pieces—go beyond simply chronicling some of the modern world's most uncanny, unbelievable, and spectacular oddities (though they do that, too). Researched for months and even years on end, they explore the interconnectedness of the globalized world, the consequences of history, the power of myth, and the ways people attempt to find meaning. He searches for tigers in India, and uncovers a multigenerational mystery involving an oil tycoon and his niece turned stepdaughter turned wife in the Oklahoma town where he grew up. Through each adventure, Phillips's remarkable voice becomes a character itself—full of verve, rich with offhanded humor, and revealing unexpected vulnerability. Dogged, self-aware, and radiating a contagious enthusiasm for his subjects, Phillips is an exhilarating guide to the confusion and wonder of the world today. If John Jeremiah Sullivan's *Pulphed* was the last great collection of New Journalism from the print era, *Impossible Owls* is the first of the digital age.

The Man-eater of Punanai Notion Press

An exciting narrative of a leopard that spread terror through five hundred square miles of the hills of the United Provinces, *The Man-eating Leopard of Rudraprayag* also takes a detailed look at life in the Garhwal region of India. Apart from Corbett's hair-raising pursuit of the leopard for almost a year, the book talks about the superstitions prevalent in the region, the beauty of the landscape, what turns a leopard into a man-eater and many other, often surprising facts and anecdotes, all told in Corbett's inimitable style. A worthwhile read for all ages, *The Man-eating Leopard of Rudraprayag* is also an ode to the people who inhabit the hills, and the resilience with which they face the hardships that assail them.

[In Pursuit of a Man-Eater](#) Macmillan + ORM

Jim Corbett's tales of tiger hunts are legendary. Mostly alone, he would traverse the hills and jungles of India, hunting his quarry using blood trails, examining pug marks and following broken twigs and branches, often putting himself at risk. Later, he became a conservationist, taking up the cause of the endangered royal Bengal tiger. This comprehensive volume contains some of Jim Corbett's best-known books and short stories, from The Man-eating Leopard of Rudraprayag, a gripping tale of a

notorious leopard, to the fascinating stories in Man-eaters of Kumaon and The Temple Tiger. Showcasing Corbett's acute awareness of jungle sights and sounds and enlivened by his descriptions of village life, this is a must-read for those interested in wildlife and tiger tales.

Jim Corbett is famous for his exploits as a hunter, but there was so much more to the man than tracking down man-eating tigers and leopards. In fact, 'Carpet Sahib' (as many Indians called him) was a conservationist at heart, with a deep love for jungles - its flora and fauna; and its inhabitants - the birds and the animals, and the people - who lived in the lush Kumaon hills. It is this side of Corbett that comes to the fore in Jungle Lore. Almost autobiographical in nature, Jungle Lore sees Corbett talk of his boyhood, the people he met, lessons he learnt in absorbing the jungle, his concern for the jungles and environment, and of course, there are doses of hunting expeditions too. There is even the odd story of detection and of supernatural sightings. Jungle Lore is the first book anyone should read on Jim Corbett. Simply because it is about Jim Corbett the man who went on to become a famous hunter.
