Evil Lives On in the Land! tredition

Arthur Machen has finally been recognized as a key contributor to the glittering age of British Decadence. Best known for the novella *The Great God Pan* and for his formative influence on weird fiction, in fact much of Machen's writing profoundly challenges literary and cultural convention. From the demonic horror of "The Recluse of Bayswater" to the plush occultism of *The Hill of Dreams* and the prose poems of *Ornaments in Jade*, this selection of works from throughout Machen's career brings to life his unique symbolist aesthetics and spiritual philosophy. This is the first edition of Machen's work to foreground his Decadent and occult writing. It includes a scholarly introduction, extensive annotations, and revealing contextual materials. Engaging with the gems of Machen's oeuvre, the collection invites readers to open their minds to a reality beyond the veil, the reality - in Machen's view - that matters most.

Legends of vampires, werewolves, and unruly spirits have been a feature of European folklore for centuries. The authors whose work is collected together in this volume range from early Gothic writers to modern pulp enthusiasts. English writers like John William Polidori (1795-1821), the physician who wrote *The Vampyre*, and William H. G. Kingston (1814-1880), were pioneers of supernatural fiction, while others chose to master the ghost story. E. F. Benson was a part time archaeologist and M. R. James, a medieval historian at King's College, Cambridge. James would read his ghost stories aloud to his friends and students at Christmas-time. With good reason, he has been described as 'the best ghost-story writer England has ever produced.' Classic literary writers such as Ambrose Bierce and Guy de Maupassant found an outlet for their imagination in their terrifying tales, and later writers like Clifford Ball and M. P. Shiel established supernatural fiction in the pulp magazines of the early 20th century. Together, these stories demonstrate a stunning mastery of atmosphere and show an unmatched ability to terrify readers to this day. This collection features several of the leading purveyors of supernatural horror. Authors include: Clifford Ball E. F. Benson Ambrose Bierce Francis Marion Crawford Charlotte Perkins Gilman M. R. James William H. G. Kingston Arthur Machen Guy de Maupassant John William Polidori M. P. Shiel Bram Stoker

Lucian Taylor is damned, either through contact with an erotically pagan faerie world or through something degenerate in his own nature. He thinks of the damning thing inside him as a faun. He becomes a writer, and when he moves to London he becomes trapped by the increasing reality of the dark imaginings of this creature within him, which become increasingly real. The portrait of a doomed artist: a man not unlike Machen himself.

The Hill of Dreams (Illustrated) St. Martin's Griffin

The Three Impostors is an episodic novel incorporating several weird stories, including "The Novel of the White Powder" and "The Novel of the Black Seal", and culminates in a final denouement of deadly horror, connected with a secret society devoted to debauched pagan rites. The three impostors of the title are members of this society who weave a web of deception in the streets of London—relating the aforementioned weird tales in the process—as they search for a missing Roman coin commemorating an infamous orgy by the Emperor Tiberius and close in on their prey: "the young man with spectacles". Also included are: "The Novel of the Black Seal" — A precursor of H. P. Lovecraft in its subject matter—the protagonist gradually uncovers the secrets of a hidden pre- and non-human race hiding in the Welsh hills, and the true nature of a hybrid, idiot child fathered by one of them. "The Novel of the White Powder" — A man's behavior takes a strange turn after he starts taking a new prescription. His sister doesn't know if this is a good thing or a bad one. Contents: Adventure of the Gold Tiberius. The Encounter of the Pavement. Novel of the Dark Valley. Adventure of the Missing Brother. Novel of the Black Seal. Incident of the Private Bar. The Works of Arthur Machen Good Press

A masterful collection of ghost stories that have been overlooked by contemporary readers—including tales by celebrated authors such as Charles Dickens, Sir Walter Scott, Mark Twain, and Edith Wharton—presented with insightful annotations by acclaimed horror anthologists Leslie S. Klinger and Lisa Morton. The ghost story has long been a staple of world literature, but many of the genre's greatest tales have been forgotten, overshadowed in many cases by their authors' bestselling work in other genres. In this spine-tingling anthology, little known stories from literary titans like Charles Dickens and Edith Wharton are collected alongside overlooked works from masters of horror fiction like Edgar Allan Poe and M. R. James. Acclaimed anthologists Leslie S. Klinger (*The New Annotated Sherlock Holmes*) and Lisa Morton (*Ghosts: A Haunted History*) set these stories in historical context and trace the literary significance of ghosts in fiction over almost

two hundred years—from a traditional English ballad first printed in 1724 through the Christmas-themed ghost stories of the Victorian era and up to the science fiction-tinged tales of the early twentieth century. In bringing these masterful tales back from the dead, Ghost Stories will enlighten and frighten both longtime fans and new readers of the genre. Including stories by: Ambrose Bierce, Wilkie Collins, Charles Dickens, Olivia Howard Dunbar, Nathaniel Hawthorne, Henry James, M. R. James, Arthur Machen, Georgia Wood Pangborn, Mrs. J. H. Riddell, Elizabeth Stuart Phelps, Edgar Allan Poe, Sir Walter Scott, Frank Stockton, Mark Twain, and Edith Wharton.

Tales of Eldritch Horror from the Masters of the Genre New York Review of Books

Decadent, perverse and unreal, the strange stories of Arthur Machen uncover a lingering, ancestral horror, distantly remembered in the language of fairy tales, pagan lore, and in the secret old games that nurses teach to children. Deeply controversial in their own time, some of Machen's stories had to wait decades to for changing social mores to permit their publication. This new collection by Lowood Press combines all of Machen's most celebrated works in one volume. Herein are his greatest short stories, including The White People, The Great God Pan, The Bowmen and The Shining Pyramid; his semi-autobiographical novel, Hill of Dreams; and the original, complete version of The Three Impostors, with its interconnecting tales of occult intrigue. An unrivaled master of sacred terror and pioneer of the weird fiction genre, Machen's work has directly influenced such notable horror writers as H. P. Lovecraft, Peter Straub, and Stephen King—but it has yet to be surpassed.

An ancient Roman hilltop fort proves an irresistible draw to Lucian Taylor, but what awaits at the top isn't just a view of the surrounding Welsh landscape but a bacchal experience his young soul isn't ready for. This experience sets his path as he attempts to transcribe his increasingly elaborate visions into the perfect book; the book that will actually mean something more than the banal novels he sees the publishing houses push out. The Hill of Dreams is a semi-autobiographical work, with Arthur Machen following a similar physical journey to the novel: a childhood in rural Wales followed by attempts to become an author in London. Machen was inspired by a review of Tristram Shandy that described it as "a picaresque of the mind," and determined to write "a Robinson Crusoe of the soul." The protagonist's isolation from the rest of society certainly resonates with that description. Machen wrote this ten years earlier than its original 1907 publication, it having been turned down by the publishers of the time. While it was mostly ignored on its initial release, it has picked up admirers over the years and is now viewed as one of Machen's most important works. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown. These facts few psychologists will dispute, and their admitted truth must establish for all time the genuineness and dignity of the weirdly horrible tale as a literary form... The collection includes the following twelve stories: Edgar Allan Poe, "MS. An atmosphere of breathless and unexplainable dread of outer, unknown forces must be present; a hint of that most terrible conception of the human brain—a malign and particular suspension or defeat of those fixed laws of Nature which are our only safeguard against the assaults of chaos and the daemons of

The Secret Glory BoD - Books on Demand

'Loathsomeness waits and dreams in the deep, and decay spreads over the tottering cities of men. A time will come - but I must not and cannot think!' H. P. Lovecraft (1890-1937) was a reclusive scribbler of horror stories for the American pulp magazines that specialized in Gothic and science fiction in the interwar years. He often published in *Weird Tales* and has since become the key figure in the slippery genre of 'weird fiction'. Lovecraft developed an extraordinary vision of feeble men driven to the edge of sanity by glimpses of malign beings that have survived from human prehistory or by malevolent extra-terrestrial

visitations. The ornate language of his stories builds towards grotesque moments of revelation, quite unlike any other writer. This new selection brings together nine of his classic tales, focusing on the 'Cthulhu Mythos', a cycle of stories that develops the mythology of the Old Ones, the monstrous creatures who predate human life on earth. It includes the Introduction from Lovecraft's critical essay, 'Supernatural Horror in Literature', in which he gave his own important definition of 'weird fiction'. In a fascinating contextual introduction, Roger Luckhurst gives Lovecraft the attention he deserves as a writer who used pulp fiction to explore a remarkable philosophy that shockingly dethrones the mastery of man.
