Dreams are gateways to other worlds, times, and planes of existence. They are sacred portals through which we receive powerful messages from Source, often in the form of symbols brought to us by our dream guide and the angels. In this book, Doreen Virtue and Melissa Virtue discuss where dreams come from, how to interpret them, what role angels play, and whom to call upon for

guidance. You'll gain tools to enhance your dreamtime journeys, including techniques for creating your own dreams and improving your recall upon awakening. In addition, you'll learn to identify the different types of dreams by reading personal stories and interpretations that will help you decode your dream messages.

My sister, Stacey Lynn Friedlander, the author of this humorous yet informative book, died on April 26, 2004 at the young age of 41. Four years before her death, Stacey was in a terrible car accident which led to many hospital stays, numerous surgeries, and too many medications. THOUGH STACEY LEFT US MUCH TOO SOON, HER WORDS OF WISDOM CONTINUE TO INSPIRE US THROUGH THIS CLEVER AND WITTY HOSPITAL SURVIVAL GUIDE. Stacey would be happy to know that since 2004, there have been many changes in healthcare focusing on patient satisfaction. She is right on when she says in her introduction that efficiencies are created by people divorced from patient care who obsess about ways to deliver that care in the least costly way. This is one of the greatest challenges for a healthcare staff member. Her Think in Shifts Chapter is definitely on target. Your

healthcare team should check on you before going off shift, to make sure your needs are met for the next half hour. Stacey's insight has helped me to see the hospital experience from the patient's point of view, and will help me be a better caregiver. Aimee Hueber, RN Aimee is a registered nurse in the largest hospital system in Indiana. She works on one of the busiest medical units in Indianapolis, and would like to give a copy of this book to patients upon their admission to the hospital.

Wounds from primal relationships, such as those with mothers and fathers, run very deep. If your childhood involved an absent, addicted, or abusive father, you may have these "emotional ghosts"-  
 - Low self-esteem - People-pleasing, approval-seeking, neediness, and codependency - Wishing and praying that your dad would change into the father you believe he should be - Feeling frequently angry, including repressed anger - Choosing romantic partners who remind you of your dad - Intimidation surrounding male authority figures In this insightful and compassionate book, former psychotherapist Doreen Virtue and practicing clinical social worker Andrew Karpenko

present a range of self-healing techniques to empower you to counsel your inner wounded child so that you can deal with men as a healthy functioning adult. Whether you are a man or a woman, they help you to choose thriving, balanced relationships with the males in your life; open your heart to feeling safe receiving love; and reconnect with both divine feminine and masculine energies. All of your painful experiences have happened for a reason. There are parts of your psyche calling out for attention. Healing your father wounds will free you from lingering feelings of emptiness and patterns of dysfunction with men-to pursue your passion and life purpose unfettered by the past.

When sixteen-year-old Angel meets Call at the mall, he buys her meals and says he loves her, and he gives her some candy that makes her feel like she can fly. Pretty soon she's addicted to his candy, and she moves in with him. As a favor, he asks her to hook up with a couple of friends of his, and then a couple more. Now Angel is stuck working the streets at Hastings and Main, a notorious spot in Vancouver, Canada, where the girls turn tricks until they disappear without a trace, and the authorities don't care. But after her friend Serena disappears, and when Call brings home a girl who is even younger and more vulnerable than her to learn the trade, Angel knows that she and the new girl have got to find a way out.

First Book of The Angel Guidance Series I always wanted to make an angel card deck of my own and the angels definitely heard my request. They inspired me to write poetic verses intuitively. I felt the power of eternity behind these simple words and the grounding they gave me was immense. Peace and healing followed, and I wanted to share these marvellous effects with others. I was blown away by the result. So, this my free gift to you or, I should say, it's the angels' free gift to you. How This Is Angel Therapy for Me and You Before I made the angel meditations into my own angel cards, I used to do readings while they were still in my writing pad. I numbered them one through sixty or so and would ask people to pick three random numbers. Sometimes I would get them to pick more cards. They were equally blown away by the accuracy they received. And just as these angelic words touched my heart and soul, so they touched those of others. You could say they're angel abundance cards since they bring the wealth and abundance of God's love for us through His angels. They're true angelic words and a great companion on our spiritual journey. This angel wealth left me wondering if I could make a book out of my angel card deck, and that's how this book came about. I pray it acts as an angel of manifestation book, revealing the angelic presence of which so many people stand in need. When we experience our guardian angels close to us we immediately feel relieved and comforted. This is angel healing in action. A Spiritual Angel Book This spiritual angel book is comprised of some of the verses from my own card deck as previously said, and, to help you focus on them better, I added little reflections after each one. Additionally, I finished with short angel prayers too. It's my hope that you will experience loving angel guidance through the use of these little meditations or angel poetry. I certainly feel them close when I use them. I also pray that these angel prayers will act as an angel detox for your soul and work angel miracles in your lives so that you experience heaven on earth. The power of the angels (God given) is amazing and they can help bring you comfort, guidance, healing and peace through the use of their words. Likewise, I pray for a spiritual awakening for those who are spiritually tepid. May the healing words of their angels guide them to a renewed way of spiritual living. Testimonies "Andrew showed us all how to get in touch with our angels and develop a friendship with them. Some of us felt our angels present and one of us got their angel's name. Two of us present were recently bereaved and Andy helped us connect with our deceased loved ones. One was a lad who died tragically. It was healing to experience his presence and how happy he is now. Some of us also felt confirmation in what we are meant to be doing with our lives and some guidance in with difficult life issues. Andrew really helped and encouraged us. We certainly felt the healing of the angels that night." -Mary McLoughlin; Peter, Ciara and Chris Mullen "Andrew has both

read my angel cards and drew my life purpose angel. I was both intrigued and excited as to what to expect. Andy's wacky sense of humour and kindness helped me be at ease. I was surprised and spellbound by such a lovely picture he produced. I felt an immediate connection. The card reading was also very accurate and some of what we discussed at our meeting is coming about." Ronah Corcoran "Andy and I took to each other immediately. Both of us talk a lot and have a similar sense of humour. Andy drew one of my angels, which is a life's change angel. She's with me for only a certain period of my life and am thankful to have her. I'd recommend Andy to anybody. He's definitely gifted. The angels are truly with him." Mary Mc Lean

"Gabrielle is the real thing. I respect her work immensely." —Dr. Wayne Dyer "A new role model." —The New York Times "I came to one of Bernstein's monthly lectures and got my first look at the woman I'd one day unabashedly refer to as 'my guru.'" —Elle From #1 New York Times bestselling author Gabrielle Bernstein comes a clear, proactive, step-by-step process to release the beliefs that hold you back from living a better life. This six-step practice offers many promises. Petty resentments will disappear, compassion will replace attack, the energy of resistance will transform into freedom and you'll feel more peace and happiness than you've ever known. I can testify to these results because I've lived them. I've never felt more freedom and joy than I have when writing and practicing these steps. My commitment to healing my own relationship to judgment has changed my life in profound ways. My awareness of my judgment has helped me become a more mindful and conscious person. My willingness to heal these perceptions has set me free. I have been able to let go of resentments and jealousies, I can face pain with curiosity and love, and I forgive others and myself much more easily. Best of all, I have a healthy relationship to judgment so that I can witness when it shows up and I can use these steps to quickly return to love. The Judgment Detox is an interactive six-step process that calls on spiritual principles from the text A Course in Miracles, Kundalini yoga, the Emotional Freedom Technique (aka Tapping), meditation, prayer and metaphysical teachings. I've demystified these principles to make them easy to commit to and apply in your daily life. Each lesson builds upon the next to support true healing. When you commit to following the process and become willing to let go, judgment, pain and suffering will begin to dissolve. And the miracles will keep coming. Once you begin to feel better you start to release your resistance to love. The more you practice these steps, the more love enters into your consciousness and into your energetic vibration. When you're in harmony with love, you receive more of what you want. Your energy attracts its likeness. So when you shift your energy from defensive judgment to free-flowing love your life gets awesome. You'll attract exactly what you need, your relationships will heal, your health will improve and you'll feel safer and more secure. One loving thought at a time creates a miracle. Follow these steps to clear all blocks, spread more love and live a miraculous life.

"Nutrition for Intuition shows the connection between what we eat and our spiritual abilities. Previous books have spoken about how to become psychic, and how to trust your intuition, through meditation, prayer, and so on. And, of course, these methods are extremely effective. However, this book is different because it recognizes that meditation alone may not change your intuition if you continue to ingest unhealthy, low-vibration foods. Nutrition for Intuition speaks about how to enhance your natural gifts by combining good dietary practices with energizing spiritual techniques. This book also covers the pineal gland and its connection to clairvoyance, as well as the energetic properties of nutritional supplements like zinc and magnesium. Readers will learn exactly what to eat and drink to increase their intuition, and what to avoid in their diets."--

A new edition of an occult classic, which includes a new introduction by Mary K. Greer, author of *Women of the Golden Dawn*, and a new afterword with excerpts from rarely seen documents by Fortune herself describing how the book came about. After finding herself the subject of a powerful psychic attack in the 1930s, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defense guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defense. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognize them. This is one of the best guides to detection and defense against psychic attack from one of the leading occult writers of the twentieth century.
