AXEL TY

A Novel Isis Large Print Books

A celebration of the work of the late Academy Award-nominated author and screenwriter collects her writings on topics ranging from journalism and feminism to food and aging, in a volume complemented by her notorious Wellesley commencement address and her recent blogs about death.

How To Be a Woman Moranthology

Johanna Morrigan (aka Dolly Wilde) has it all: she is nineteen, lives in her own flat in London, and writes for the coolest music magazine in Britain. Her star is rising, just not quickly enough for her liking. Then John Kite, Johanna's unrequited love, has an album go to number one. Suddenly John exists on another plane of reality: that of the Famoses, a world of rabid fans and VIP access. Johanna lacks the traditional trappings of fame (famous parents, mind-scorching hotness, exotic sandals, etc.), so she does the only thing a self-respecting Lady Sex Adventurer can do. She starts a magazine column critiquing the lives and follies of the Famoses around her. But as Johanna skyrockets to fame

herself, she begins to realize that with celebrity comes sacrifice, and hers may mean giving up the one person she was determined to keep. For anyone who has been a girl or known one, who has admired fame or judged it, *How to Be Famous* is a big-hearted, hilarious tale of fame and fortune—and all that they entail.

Inside the Hunt for El Chapo, the World's Most Wanted Drug Lord Harper Collins

In aid of breast cancer charities. A collection of stories from famous names with one thing in common - boobs! Knockers, baps, bazoomas and hooters - big ones, small ones, man boobs, boob jobs and lopsided lady lumps - every boob tells a story. From teenage diaries that will make you laugh out loud and squirm with embarrassment, to heart-breaking first-hand celebrity confessions, journalist and author Dawn O'Porter is joined by celebrities such as Caitlin Moran, Chris O'Dowd, Jameela Jamil and Sarah Millican in a big book of all things booby. Bestselling authors also contribute with writing from Maureen Johnson, Marian Keyes, Patrick Ness, Laura Dockrill, James Dawson, Will Hill, Maude Apatow and Benjamin Zephaniah. This is a full-frontal insight into breasts, nips, pecs and all the other bits

and boobs.

Moranthology Random House

After receiving warnings through her dreams that soul-eaters are threatening her life, Imogene enlists the help of her introverted friend Maxine and the ghost of a boy who haunts the school.

And Other Rituals to Fix Your Life, from Someone Who's Been There Open Road + Grove/Atlantic

Outspoken, Pulitzer Prize-winning New York Times Op-Ed columnist Maureen Dowd tackles the hot-button topic of gender politics in this “funny, biting, and incisive take on women's place in American society today” (Library Journal). Are men afraid of smart, successful women? Why did feminism fizzle? Why are so many of today's women freezing their faces and emotions in an orgy of plasticity? Is “having it all” just a cruel hoax? In this witty and wide-ranging book, Maureen Dowd looks at the state of the sexual union, raising bold questions and examining everything from economics and presidential politics to pop culture and the “why?” of the Y chromosome. In our ever-changing culture where locker room talk has become the talk of the town, *Are Men Necessary?* will intrigue Dowd's devoted readers—and anyone trying to sort out the chaos that occurs when sexes collide. THE INSPIRATION FOR WHITNEY CUMMINGS' FORTHCOMING HBO® COMEDY PILOT “A LOT”

How To Be Famous Lulu.com

The investigative journalist author of *Kingdom Coming* explores the ways in which restrictions against women's reproductive rights are directly linked to consequences in global development, in a cautionary report that covers such topics as abortion, female circumcision, and human trafficking.

Are Men Obsolete? Knopf

"A spectacular achievement and one of the very best travel books I have read." —Simon Winchester, Wall Street Journal Declaring independence in 1945, Indonesia said it would “work out the details of the transfer of power etc. as soon as possible.” With over 300 ethnic groups spread across over 13,500 islands, the world's fourth most populous nation has been working on that “etc.” ever since. Author Elizabeth Pisani traveled 26,000 miles in search of the links that bind this disparate nation.

Are Men Necessary? HarperCollins

Bestselling author Marisa Silver takes Dorothea Lange's Migrant Mother photograph as inspiration for a story of two women—one famous and one forgotten—and their remarkable chance encounter. In 1936, a young mother resting by the side of the road in central California is spontaneously photographed by a woman documenting migrant laborers in search of work. Few personal details are exchanged and neither woman has any way of knowing that they have produced one of the most iconic images of the Great Depression. In present day, Walker Dodge, a professor of cultural history, stumbles upon a family secret embedded in the now-famous picture. In luminous prose, Silver creates an extraordinary tale from a brief event in history and its repercussions throughout the decades that follow—a reminder that a great photograph captures the essence of a moment yet only scratches the surface of a life.

More Than a Woman HarperCollins

Charlotte Fairlie is a successful, elegant career woman. Still in her 20s, she has landed a job as headmistress of her old school. She is admired and liked by both staff and pupils - but she begins to feel there is something missing in her well-organized life. Then one summer she goes to stay with a young pupil on the remote Scottish Isle of Targ. In the romantic atmosphere of the Highlands, anything can happen - and even the cool, efficient Charlotte surprises herself...

The Corpse Had a Familiar Face Penguin

On the seventy-fifth anniversary, the authors of Pulitzer Prize

finalist *The Eleventh Day* unravel the mysteries of Pearl Harbor to expose the scapegoating of the admiral who was in command the day 2,000 Americans died, report on the continuing struggle to restore his lost honor—and clear President Franklin D. Roosevelt of the charge that he knew the attack was coming. The Japanese onslaught on Pearl Harbor on December 7, 1941 devastated Americans and precipitated entry into World War II. In the aftermath, Admiral Husband Kimmel, Commander-in-Chief of the Pacific Fleet, was relieved of command, accused of negligence and dereliction of duty—publicly disgraced. But the Admiral defended his actions through eight investigations and for the rest of his long life. The evidence against him was less than solid. High military and political officials had failed to provide Kimmel and his Army counterpart with vital intelligence. Later, to hide the biggest U.S. intelligence secret of the day, they covered it up. Following the Admiral's death, his sons—both Navy veterans—fought on to clear his name. Now that they in turn are dead, Kimmel's grandsons continue the struggle. For them, 2016 is a pivotal year. With unprecedented access to documents, diaries and letters, and the family's cooperation, Summers' and Swan's search for the truth has taken them far beyond the Kimmel story—to explore claims of duplicity and betrayal in high places in Washington. *A Matter of Honor* is a provocative story of politics and war, of a man willing to sacrifice himself for his country only to be sacrificed himself. Revelatory and definitive, it is an invaluable contribution to our understanding of this pivotal event. The book includes forty black-and-white photos throughout the text.

How to be a Woman Penguin

Traces the development of thought through historical movements and periods from 1500 to 1830.

Moranthology W. W. Norton & Company

An inspiring architecture and interior design survey of the most stunning courtyard houses of the Asia-Pacific region.

Quick Reads 2021 Harper Collins

It's a good time to be a woman: we have the vote and the Pill, and we haven't been burnt as witches since 1727. But a few nagging questions remain... Why are we supposed to get Brazilians? Should we use Botox? Do men secretly hate us? And why does everyone ask you when you're going to have a baby? Part memoir, part protest, Caitlin answers the questions that every modern woman is asking.

Boomerbroadcast University of Texas Press

Brutally honest, often hilarious, hard-won lessons in learning to love and care for yourself from a young vice president at Comedy Central who was called “ahead of her time” by Jordan Peele “Compelling, persuasive, and useful no matter where you are in your life.”--Chelsea Handler, #1 New York Times bestselling author of *Life Will Be the Death of Me* “A bracingly honest, funny read . . . like Wild meets *You Are a Badass*.”--Adam Grant, #1 New York Times bestselling author of *Give and Take*, *Originals*, and *Option B* By the time she was in her late twenties, Tara Schuster was a rising TV executive who had worked for *The Daily Show* with Jon Stewart and helped launch *Key & Peele* to viral superstardom. By all appearances, she had mastered being a grown-up. But beneath that veneer of success, she was a chronically anxious, self-medicating mess. No one knew that her road to adulthood had been paved with depression, anxiety, and shame, owing in large part to her minimally parented upbringing. She realized she'd hit rock bottom when she drunk-dialed her therapist pleading for help. *Buy Yourself the F*cking Lilies* is the story of Tara's path to re-parenting herself and becoming a “ninja of self-love.” Through simple, daily rituals, Tara transformed her mind, body, and relationships, and shows how to * fake gratitude until you actually feel gratitude * excavate your emotional

wounds and heal them with kindness * identify your self-limiting beliefs, kick them to the curb, and start living a life you choose * silence your inner frenemy and shield yourself from self-criticism * carve out time each morning to start your day empowered, inspired, and ready to rule * create a life you truly, totally f*cking LOVE This is the book Tara wished someone had given her and it is the book many of us desperately need: a candid, hysterical, addictively readable, practical guide to growing up (no matter where you are in life) and learning to love yourself in a non-throw-up-in-your-mouth-it's-so-cheesy way.

When Sexes Collide Random House

Moranthology is proof that Caitlin Moran, author of the bestselling *How to be a woman*, can be 'quite chatty' on a wide variety of other subjects too. This includes cultural, social and political issues which are usually the province of hot-shot wonks - and not a woman who once, as an experiment, put a wasp in a jar and got it stoned.

Pearl Harbor: Betrayal, Blame, and a Family's Quest for Justice OUP Oxford

Popular assumptions about gender and communication--famously summed up in the title of the massively influential 1992 bestseller *Men Are From Mars, Women Are From Venus*--can have unforeseen but far-reaching consequences in many spheres of life, from attitudes to the phenomenon of "date-rape" to expectations of achievement at school, and potential discrimination in the work-place. In this wide-ranging and thoroughly readable book, Deborah Cameron, Rupert Murdoch Professor of Language and Communication at Oxford University and author of a number of leading texts in the field of language and gender studies, draws on over 30 years of scientific research to explain what we really know and to demonstrate how this is often very different from the accounts we are familiar with from recent popular writing. Ambitious in scope and exceptionally accessible, *The Myth of Mars and Venus* tells it like it is: widely accepted attitudes from the past and from other cultures are at heart related to assumptions about language and the place of men and women in society; and there is as much similarity and variation within each gender as between men and women, often associated with social roles and relationships. The author goes on to consider the influence of Darwinian theories of natural selection and the notion that girls and boys are socialized during childhood into different ways of using language, before addressing problems of "miscommunication" surrounding, for example, sex and consent to sex, and women's relative lack of success in work and politics. Arguing that what linguistic differences there are between men and women are driven by the need to construct and project personal meaning and identity, Cameron concludes that we have an urgent need to think about gender in more complex ways than the prevailing myths and stereotypes allow.

The Skylight Random House

Women today are inundated with conflicting messages from the mass media: they must either be strong leaders in complete command or sex kittens obsessed with finding and pleasing a man. In *The Rise Of Enlightened Sexism*, Susan J. Douglas, one of America's most entertaining and insightful cultural critics, takes

readers on a spirited journey through the television programs, popular songs, movies, and news coverage of recent years, telling a story that is nothing less than the cultural biography of a new generation of American women. Revisiting cultural touchstones from *Buffy the Vampire Slayer* to *Survivor* to *Desperate Housewives*, Douglas uses wit and wisdom to expose these images of women as mere fantasies of female power, assuring women and girls that the battle for equality has been won, so there's nothing wrong with resurrecting sexist stereotypes—all in good fun, of course. She shows that these portrayals not only distract us from the real-world challenges facing women today but also drive a wedge between baby-boom women and their "millennial" daughters. In seeking to bridge this generation gap, Douglas makes the case for casting aside these retrograde messages, showing us how to decode the mixed messages that restrict the ambitions of women of all ages. And what makes *The Rise Of Enlightened Sexism* such a pleasure to read is Douglas's unique voice, as she blends humor with insight and offers an empathetic and sisterly guide to the images so many American women love and hate with equal measure.

Sex, Power, and the Future of the World Ebury Press

The follow up to her bestselling breakout hit *How to Be a Woman*, *Moranthology* is a hilarious, insightful collection of Moran's London Times columns that confirms her status as "the UK's answer to Tina Fey, Chelsea Handler, and Lena Dunham all rolled into one." (Marie Claire) Possibly the only drawback about the bestselling *How to Be a Woman* was that its author, Caitlin Moran, was limited to pretty much one subject: being a woman.

Moranthology is proof that Caitlin can actually be "quite chatty" about many other things, including cultural, social and political issues that are usually the province of learned professors, or hot-shot wonks—and not of a woman who once, as an experiment, put a wasp in a jar, and got it stoned. Here you'll find Caitlin ruminating on—and sometimes interviewing—subjects as varied as caffeine, Keith Richards, *Ghostbusters*, Twitter, the welfare state, the royal wedding, Lady Gaga, and her own mortality, to name just a few. With her "brilliant, original voice" (Publishers Weekly), Caitlin brings insight and humor to everything she writes.

How To Build A Girl Random House

Listen to the brand new dramatisation of *How To Be a Woman*, narrated by Caitlin herself, as part of BBC Radio 4's *Riot Girls* season Selected by Emma Watson for her feminist book club 'Our Shared Shelf' It's a good time to be a woman: we have the vote and the Pill, and we haven't been burnt as witches since 1727. However, a few nagging questions do remain... Why are we supposed to get Brazilians? Should we use Botox? Do men secretly hate us? And why does everyone ask you when you're going to have a baby? Part memoir, part rant, Caitlin answers the questions that every modern woman is asking.

How Pop Culture Took Us from Girl Power to Girls Gone Wild ReadHowYouWant.com

Collection of essays about issues relevant to Baby Boomers, particularly women. This includes fashion, mind, body, current events, business, social causes, movies and books. Davis relates her own experiences and observations with a touch of humour including lessons learned and our place in the world today.
