Brewer/Garrison/Noreen is

satisfies the basic needs
of the managerial

Managerial Accounting for
Managers, 3rd edition by
Noreen/Brewer/Garrison is
based on the market-
leading managerial
accounting solution,
Managerial Accounting, by
Garrison, Noreen and
Brewer. The Noreen
solution presents
integrated and proven
solutions designed to help
attain course goals of
student readiness,
comprehension of
content, and application
of key concepts in the
managerial accounting
course, while addressing
the needs of instructors
who do not wish to teach
the financial accounting-
oriented content that is

included in the Garrison
solution. Of the three
programs in the Garrison
franchise (the Brewer
solution, the Garrison
solution, and the Noreen
solution), the Noreen
solution is the most pure
management accounting
content. The other two
programs contain greater
coverage of financial
accounting topics.

Managerial Accounting for
Managers 3e is geared
towards professors who
love Garrison's market-
leading managerial
accounting content but
prefer to approach their
course by eliminating the
debits and credits
coverage. The Noreen
solution includes the
managerial accounting
topics such as Relevant
Costs for Decision Making,
Capital Budgeting
Decisions, and Segment
Reporting and
Decentralization;
however, the job-order
costing chapter has been
extensively rewritten to
remove all journal entries.
Furthermore, the chapters
dealing with process
costing, the statement of
cash flows, and financial
statement analysis have
been dropped to enable
professors to focus their
attention on the bedrocks

of managerial accounting—planning, control, and decision making. McGraw-Hill's Connect Accounting offers a complete digital solution that combines all the great features of Connect Accounting, along with access to an online version of Managerial Accounting for Managers 3e, so that students can easily refer back to the text for review and guidance. This media rich eBook links directly to tutorials and online resources and offers additional functionality like taking notes and highlighting key passages for reviewing later. Contained within Connect Accounting is McGraw-Hill's adaptive learning system, LearnSmart, which is designed to help students learn faster, study more efficiently, and retain more knowledge for greater success. In addition, Interactive Presentations deliver learning objectives in an interactive environment, giving students access to course-critical content anytime, anywhere. Guided Examples provide students with narrated and animated, step-by-step walkthroughs of algorithmic versions of assigned exercises.

Managerial Accounting McGraw-Hill Education Garrison - Your guide through the challenging waters of managerial accounting. For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the Canadian eighth edition of Managerial Accounting by Garrison, Chesley, Carroll and Webb with an image that encapsulates the greatest strengths of this market leading text. Garrison is your guide through the challenging waters of managerial accounting. It identifies the three functions managers must perform within their organizations—plan operations, control

activities, and make decisions—and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. Managerial Accounting 8ce focuses, now as in the past, on three qualities: Relevance, Balance and Clarity. The authors' steady focus on these core elements has led to tremendous results! As seafarers look to the lighthouse for direction along unfamiliar shore, so too can Garrison act as a compass for students seeking to master this course.
