offers a model of the
human subject as
complicit in the
systems that structure
human society and the
human psyche which
draws together clinical
research with theory

from both psychology
and the humanities to
advance a more social
just theory and
practice. Beginning
from the premise that
we cannot separate
ourselves from the
systems that precede
and formulate us as
subjects, the author
argues that, in
reckoning with this
complicity, a model of
subjectivity can be
created that moves
beyond binaries and

identity politics. In doing so, the book examines how we might develop a more socially just psychological theory and practice, which is both systems work and intra-psychological work. In bringing together ways of thinking developed in the humanities with clinical psychotherapeutic practice, this book offers one interdisciplinary take on key questions of social and emotional efficacy in action-oriented psychotherapy work.

 Blood Sisters tells the story of Jeong Yeoul, a young Korean college student in the 1980's,

when the memory of President Chun Doohwan's violent suppression of student demonstrations against martial law was still fresh. Yideum captures with raw honesty the sense of dread felt by many Korean women during this time as Jeong struggles in a swirl of misguided desires and hopelessness against a society distorted by competing ideologies, sexual violence, and cultural conservatism. Facing this helplessness, her impulse is to escape into the world of art. Blood Sisters is a vivid, powerful portrayal of a woman's efforts to live an authentic life in the face of injustice.  A previously

untranslated classic of Portuguese feminist literature originally published in 1978, Carvalho's *Empty Wardrobes* introduces English-speaking readers to a forgotten and underappreciated woman writer a la recent publishing sensations Lucia Berlin, Natalia Ginzburg, Ingeborg Bachmann, Silvina Ocampo, and Armonia Somers. *Empty Wardrobes* is a tightly plotted, highly entertaining read, that, thanks to an ingenious detached narrative technique (one that makes the plot all the more fun to revisit and rethink), is both darkly humorous and devastatingly true. A Novel New Directions Publishing
The English-language debut of a master stylist: a

compassionate but relentless novel about the long, dark harvest of Brazil's totalitarian rule A professor prepares to retire—Gustavo is set to move from Sao Paulo to the countryside, but it isn't the urban violence he's fleeing: what he fears most is the violence of his memory. But as he sorts out his papers, the ghosts arrive in full force. He was arrested in 1970 with his brother-in-law Armando: both were vicariously tortured. He was eventually released; Armando was killed. No one is certain that he didn't turn traitor: I didn't talk, he tells himself, yet guilt is his lifelong harvest. *I Didn't Talk* pits everyone against the protagonist—especially his own brother. The

torture never ends, despite his bones having healed and his teeth having been replaced. And to make matters worse, certain details from his shattered memory don't quite add up... Beatriz Bracher depicts a life where the temperature is lower, there is no music, and much is out of view. I Didn't Talk's pariah's-eye-view of the forgotten "small" victims powerfully bears witness to their "internal exile." I didn't talk, Gustavo tells himself; and as Bracher honors his endless pain, what burns this tour de force so indelibly in the reader's mind is her intensely controlled voice. *Musical Leader* Europa Editions UK
Film culture often rejects visually rich

images, treating simplicity, austerity, or even ugliness as the more provocative, political, and truly cinematic choice. Cinema may challenge traditional ideas of art, but its opposition to the decorative represents a long-standing Western aesthetic bias against feminine cosmetics, Oriental effeminacy, and primitive ornament. Inheriting this patriarchal, colonial perspective?which treats decorative style as foreign or sexually perverse?filmmakers, critics, and theorists have often denigrated colorful, picturesque, and richly patterned visions in cinema. Condemning the exclusion of the "pretty" from masculine film culture,

Rosalind Galt reevaluates received ideas about the decorative impulse from early film criticism to classical and postclassical film theory. The pretty embodies lush visuality, dense mise-en-scène, painterly framing, and arabesque camera movements-styles increasingly central to world cinema. From European art cinema to the films of Wong Kar-wai and Santosh Sivan, from the experimental films of Derek Jarman to the popular pleasures of *Moulin Rouge!*, the pretty is a vital element of contemporary cinema, communicating distinct sexual and political identities. Inverting the logic of anti-pretty thought, Galt firmly establishes the

decorative image as a queer aesthetic, uniquely able to figure cinema's perverse pleasures and cross-cultural encounters. Creating her own critical tapestry from perspectives in art theory, film theory, and philosophy, Galt reclaims prettiness as a radically transgressive style, shimmering with threads of political agency.

Imagine a duel. A face-off between a man and

a boy. The same blood runs through their veins. One, Daniele Mallarico, is a successful illustrator at the peak of his career. The other, Mario, is his four-year-old grandson who has barely learned to talk but has a few tricks up his loose-fitting sleeves all the same. The older combatant has lived for years in almost complete solitude. The younger one has been dumped with a grandfather he barely knows for 72 hours. Starnone's sharp novella unfolds within the four walls (and a balcony!) of the apartment where the grandfather grew up, now the home of his daughter and her family, where the rage of an aging man meets optimism incarnate in the shape of a four-

year-old child. Lurking, ever present in the conflict, is the memory of Naples, a wily, violent, and passionate city where the old man spent his youth and whose influence is not easily shaken.

2018 -- Paste Magazine
 The definitive English language translation of the internationally acclaimed Russian novel—a brilliant dark fantasy combining psychological suspense, enchantment, and terror that makes us consider human existence in a fresh and provocative way. Our life is brief . . .
 Sasha Samokhina has been accepted to the Institute of Special Technologies. Or, more precisely, she’s been chosen. Situated in a tiny village, she finds the students are bizarre, and the curriculum even more so. The books are impossible to read, the lessons obscure to the point of maddening, and the work refuses memorization. Using terror and coercion to

keep the students in line, the school does not punish them for their transgressions and failures; instead, it is their families that pay a terrible price. Yet despite her fear, Sasha undergoes changes that defy the dictates of matter and time; experiences which are nothing she has ever dreamed of . . . and suddenly all she could ever want. A complex blend of adventure, magic, science, and philosophy that probes the mysteries of existence, filtered through a distinct Russian sensibility, this astonishing work of speculative fiction—brilliantly translated by Julia Meitov Hersey—is reminiscent of modern classics such as Lev Grossman’s *The Magicians*, Max Barry’s

Lexicon, and Katherine Arden’s *The Bear and the Nightingale*, but will transport them to a place far beyond those fantastical worlds.

The work of a novelist and translator collide in this visionary and hilarious debut from acclaimed French writer Brice Matthieussent.

Revenge of the Translator follows Trad, who is translating a mysterious author’s book, *Translator’s Revenge*, from English to French. The book opens as a series of footnotes from Trad, as he justifies changes he makes. As the novel

progresses, Trad begins to take over the writing, methodically breaking down the work of the original writer and changing the course of the text. The lines between reality and fiction start to blur as Trad's world overlaps with the characters in *Translator's Revenge*, who seem to grow more and more independent of Trad's increasingly deranged struggle to control the plot. *Revenge of the Translator* is a brilliant, rule-defying exploration of literature, the act of writing and translating, and the often complicated relationship between authors and their translators.

 In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue

that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

 Notable International Crime Novel of the Year - Crime Reads / Lit Hub From a prize-winning Turkish novelist, a heady, political tale of one man's search for identity and meaning in Istanbul after the loss of his memory. A blues singer, Boratin, attempts suicide by jumping off the Bosphorus Bridge, but opens his eyes in the hospital. He has lost his memory, and can't recall why he wished to end his life. He remembers only things that are unrelated to himself, but confuses their timing. He knows that the Ottoman Empire fell, and that the last sultan died, but has no idea when. His mind falters when

remembering civilizations, while life, like a labyrinth, leads him down different paths. From the confusion of his social and individual memory, he is faced with two questions. Does physical recognition provide a sense of identity? Which is more liberating for a man, or a society: knowing the past, or forgetting it? Embroidered with Borgesian micro-stories, Labyrinth flows smoothly on the surface while traversing sharp bends beneath the current.

WINNER OF THE 2019 PEN TRANSLATION PRIZE FINALIST FOR THE NATIONAL BOOK AWARD FOR TRANSLATED LITERATURE A mother and son move to a village in northern

Norway, each ensconced in their own world. Their distance has fatal consequences. Love is the story of Vibeke and Jon, a mother and son who have just moved to a small place in the north of Norway. It's the day before Jon's birthday, and a travelling carnival has come to the village. Jon goes out to sell lottery tickets for his sports club, and Vibeke is going to the library. From here on we follow the two individuals on their separate journeys through a cold winter's night - while a sense of uneasiness grows. Love illustrates how language builds its own reality, and thus how mother and son can live in completely separate worlds. This distance is found not only between human

beings, but also within each individual. This novel shows how such distance may have fatal consequences.
