Piano Adventures Classics Book 1 celebrates great masterworks of Western music, including symphony themes, opera gems, and classical favorites. The melodies of Bach, Beethoven, Brahms, and other master composers are arranged at just the right level for adult beginners and for those who are returning to the keyboard. Section 1 features piano arrangements with minimal hand position changes, and many selections include an optional duet part. Section 2 introduces the I, IV, and V7 chords in the key of C major, harmonizing themes such as Sibelius's Finlandia, Schubert's The Trout, and Mendelssohn's Spring

Song. Section 3 presents the primary chords in the key of G major, with arrangements of Vivaldi's Autumn (from The Four Seasons), Mozart's theme from The Magic Flute, Liszt's Liebestraum, and more.

 Pastor, consultant, and award-winning author Art Beals challenges churches to see each member as a potential missionary; in so doing, churches return full circle to the New Testament church model of ministry. Founded in trinitarian theology, Beal's practical advice explores congregation-based mission, explains how to creatively mobilize resources for mission, and discusses how to train and care for volunteers. Beal's

model for outreach emphasizes principles for partnership that provide mutual empowerment and long-term commitment.

A new series from the author of the much-loved Russell Quant books *The work of a Disaster Recovery Agent is unforgiving. Brutal. Violent. And rarely glamorous. But Adam Saint quietly travels the world, cleaning up after other peoples catastrophes and keeping the mess away from his well-ordered private life.*

This time, however, the blood is seeping closer and closer to home.

When a respected colleague is murdered at a disaster site, Saint is entrusted with the clean up or is it a cover up? Author Anthony Bidulka introduces a new hero in the mould of Jason Bourne and James Bond: tough, smart, and just a little dangerous.

AN INTERACTIVE,

SWING-ALONG

PICTURE BOOK—WITH 12 SOUND CHIPS!

Are you ready to swing? Discover the wonders of jazz: How to get in the groove, what it means to play a solo, and the joy of singing along in a call-and-response. In this

interactive swing-along picture book with 12 sound chips, you'll hear the instruments of jazz—the rhythm section with its banjo, drums, and tuba, and the leads, like the clarinet, trumpet, and trombone. And you'll hear singers scat, improvising melodies with nonsense syllables like be-bop and doo-we-ah! Along the way, you'll learn how this unique African American art form started in New Orleans, and how jazz changed over time as innovative musicians like King Oliver, Louis Armstrong, Duke Ellington, and Billie Holiday added their own ideas to it. Press the buttons to hear the band, the rhythms, and the singer calling out: "OH WHEN THE SAINTS—oh when the

saints..."

ShowTime Piano Music from China is an exciting exploration of rhythmic dances, serene folk melodies, and original Chinese selections. The book is arranged for the elementary pianist and correlates with Level 2A in the Piano Adventures method. At this level, five-finger melodies with simple harmonies reinforce tonalities and intervals, and teacher duets offer inspiration and support. Students meet LeLe the musical panda, a furry friend who asks discovery questions to guide understanding. Creatively, a duet improvisation and a

composition activity introduce the Chinese sound. Unique at each level of the series is a picture tour of China, a visual snapshot of history and culture.

Songs include:

Counting Toads * Crescent Moon * Foot Sloggers Tune * The Game * Nine Lotus Lantern * Rainy Day * The Toy.
