English File's unique, lively and enjoyable lessons are renowned for getting students talking. In fact, 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills.

**Complete First Certificate for Spanish Speakers Teacher's Book** Cambridge University Press

This volume, consisting of nineteen articles from Readings in Linguistics I and twenty articles from Readings in Linguistics II, constitutes an invaluable collection of papers in English, German, and French on subjects of continuing interest to linguists of all schools. Complete with a new preface explaining the editors'

principles of selection and bibliographical citations, Readings in Linguistics I & II includes the influential work of Bloomfield, Trubetzkoy, Firth, Harris, and Kurylowicz, as well as important but less accessible articles by Vachek, Bazell, Chao, Fischer-Jorgensen, and Tesniere.

*Face2face Intermediate Teacher's Book with DVD* Oxford University Press

This second edition updates a course which has proven to be a perfect fit for classes the world over. Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students. The Teacher's Resource Book contains extra photocopiable grammar and communication activities and full pages of teaching tips and ideas specially written by methodology expert, Mario Rinvolucri. A Testmaker Audio CD/CD-ROM which allows teachers to create and edit their own tests is also available separately, as is Classware which integrates the Student's Book, class audio and video.

*Compact First Teacher's Book* Cambridge University Press

Routledge English Language Introductions cover core areas of language study and are one-stop resources for students.

Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings - all in the same volume. The innovative and flexible 'two-dimensional' structure is built around four sections - introduction, development, exploration and extension - which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. English Grammar: presents the basic concepts

and key terms of English grammar in a clear and systematic way encourages readers to evaluate critically the knowledge they already have, particularly in areas that are problematic for them as learners, and to build up and trust their own intuitions about the language uses a range of international authentic texts to illustrate concepts and theories, from sources such as newspapers, novels and academic texts discussing English grammar is accompanied by a companion website featuring audio files of authentic spoken English, and further activities. Written by an experienced teacher and researcher, this accessible textbook is an essential resource for all students of English language and linguistics.

English in Mind Level 2 Teacher's Resource Book Cambridge University Press

Является первой частью учебного пособия, предназначенного для развития навыков чтения и смыслового восприятия письменного текста различных стилистических и жанровых видов. Уроки содержат тексты, задания по чтению и восприятию, материал для анализа текста и послетекстовые упражнения. Для студентов учреждений высшего образования.

**American English File 3E Level 2 Student Book** Litres  
American English File Second Edition retains the popular

methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University. *English Grammar* Cambridge University Press
