Answers to Progressive 'Romeo and Juliet' University Press of America
 Animal Farm Prophecy Fulfilled in Africa: A Call to a Values and Systems Revolution discusses why deep levels of poverty and suffering persist in Africa despite all the successive regime changes over the last half century. It discusses why more people are poorer now than they were in the colonial era. The author argues that this is so because most of the leadership change efforts on the continent focus on replacing individuals rather than changing or overhauling the negative systems and the values inherent in the systems that the individual leaders inherit, create or perpetuate. The problems persist because they are systemic rather than personal in nature. Deep and lasting change that could result in lifting millions of people out of poverty will only occur when the systems, rather than only the individuals, are changed or replaced. The author challenges ordinary citizens, especially the youth, to rise up against 'animal farm systems' in order to create the tomorrow to which they aspire and deserve.

Getting older doesn't have to mean experiencing more pain and illness, becoming less mobile, or developing disease. Renowned cardiovascular research scientist and doctor of pharmacy Dr. James DiNicolantonio partners with leading physician and bestselling author Dr. Jason Fung to deliver *The Longevity Solution*, a groundbreaking new book that unlocks the secrets of healthy aging. Using evidence drawn from their years of medical research and clinical practice, Dr. DiNicolantonio and Dr. Fung lay out five simple, easy-to-follow steps you can take now for a longer, fuller, healthier life. *The Longevity Solution* explains how to incorporate time-honored wellness traditions while doing away with fads, unnecessary supplements, and unsubstantiated wellness practices. It investigates the dietary habits and other practices of the healthiest, longest-lived humans on the planet, who live in regions known as Blue Zones, as a model for what and how we should eat. It teaches the benefits of intermittent fasting and calorie restriction, which have been shown to slow the aging process, while consuming proper ratios of protein and healthy fats. It also looks at how red wine, tea, and coffee play key roles in optimizing health and why salt is an ally, not an enemy, in the longevity equation. In this comprehensive guide, Dr. DiNicolantonio and Dr. Fung unveil cutting-edge science in an approachable format that is easy to understand and can be put into practice immediately. Simple dietary changes can help you break the cycle of carbohydrate dependence, kick your metabolism into high gear, and jump-start your longevity genes. *The Longevity Solution* puts healthy aging back in your control!

George Orwell Routledge

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

The Carbon Farming Solution Simon and Schuster

The making of literary reputations is as much a reflection of a writer's surrounding culture and politics as it is of the intrinsic quality and importance of his work. The current stature of George Orwell, commonly recognized as the foremost political journalist and essayist of the century, provides a notable instance of a writer whose legacy has been claimed from a host of contending political interests. The exemplary clarity and force of his style, the rectitude of his political judgment along with his personal integrity have made him, as he famously noted of Dickens, a writer well worth stealing. Thus, the intellectual battles over Orwell's posthumous career point up ambiguities in Orwell's own work as they do in the motives of his would-be heirs. John Rodden's *George Orwell: The Politics of Literary Reputation*, breaks new ground in bringing Orwell's work into proper focus while providing much original insight into the phenomenon of literary fame. Rodden's

intent is to clarify who Orwell was as a writer during his lifetime and who he became after his death. He explores the dichotomies between the novelist and the essayist, the socialist and the anti-communist and the contrast between his day-to-day activities as a journalist and his latter-day elevation to political prophet and secular saint. Rodden's approach is both contextual and textual, analyzing available reception materials on Orwell along with audiences and publications decisive for shaping his reputation. He then offers a detailed historical and biographical interpretation of the reception scene analyzing how and why did individuals and audiences cast Orwell in their own images and how these projected images served their own political needs and aspirations.

Examined here are the views of Orwell as quixotic moralist, socialist renegade, anarchist, English patriot, neo-conservative, forerunner of cultural studies, and even media and commercial star.

Rodden concludes with a consideration of the meaning of Or

Matt is six years old when he discovers that he is different from other children and other people. To most, Matt isn't considered a boy at all, but a beast, dirty and disgusting. But to El Patron, lord of a country called Opium, Matt is the guarantee of eternal life. El Patron loves Matt as he loves himself - for Matt is himself. They share the exact same DNA. As Matt struggles to understand his existence and what that existence truly means, he is threatened by a host of sinister and manipulating characters, from El Patron's power-hungry family to the brain-deadened eejits and mindless slaves that toil Opium's poppy fields. Surrounded by a dangerous army of bodyguards, escape is the only chance Matt has to survive. But even escape is no guarantee of freedom... because Matt is marked by his difference in ways that he doesn't even suspect.

Literature teaching remains central to the teaching of English around the world. This edited text brings together expert global figures under the banner of the International Federation for the Teaching of English (IFTE). The book captures a state-of-the-art snapshot of leading trends in current literature teaching, as well as detailing predicted trends for the future. The expert scholar and leading teacher contributors, coming from a wide range of countries with fascinatingly diverse approaches to literature teaching, cover a range of central and fundamental topics: literature and diversity; digital literatures; pedagogy and reader response; mother tongues; the business of reading; publishers, adolescent fiction and censorship; assessing responses to literature; the changing definitions of literature and multimodal texts. The collection reviews the consistently important place of literature in the education of young people and provides international evidence of its enduring value and contribution to education, resisting the functionalist and narrowly nationalist perspectives of misguided government authorities. *International Perspectives on the Teaching of Literature in Schools* will be of value to researchers, PhD students, literature scholars, practitioners, teacher educators, teachers and all those in the extensive academic community interested in English and literacy around the world.

George Orwell was a much-respected English novelist, who wrote some of the finest pieces in literary criticism, It got published in August 1945. His work is animal farm The fiction based on Farm animals, the author has named them too. Such as Major (a majestic-looking pig), 3-dogs (Bluebell, Jessie, and Pincher), many hens, pigeons, ducklings, sheeps and cows. Two horses, Boxer and Clover. Amongst them, Major is their leader. He wanted to speak on the nature of life on this earth and How any animal is now living. Animals complain that despite their hard labour, why then do they continue in the miserable condition They also com-plain about human beings that they use to steal nearly the whole of their produce. Their main enemy is - Man. The book narrates about the agony of ill-treated farm animals. 1984 George Orwell is the pen name of the author, Eric Arthur Blair. He was an English essayist, novelist, journalist and critic. His writings are based on social criticism, anti-Fascism, anarchism. The story behind its title is also very interesting, when Orwell finished this novel in 1948, this title was chosen simply as the inversion of this year. So, at last, in the story, there is a celebration of massive victory of Okeanias over Eurasian armies in Africa. Also, Winston accepted that he loves Big Brother. How this happened What were the circumstances Winston refused to love Julia How this political storm took place For all, the story reveals step by step in an interesting manner. A mind-blowing novel of that time and forever.
