WINNER OF THE PULITZER PRIZE • NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's

world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

Nothing is overdone and not a word is out of place in this auspicious debut," wrote Kirkus in a starred review of *Instead of Three Wishes*, the first book by Megan Whalen Turner. Her second book more than fulfills that promise. The king's scholar, the magus, believes he knows the site of an ancient treasure. To attain it for his king, he needs a skillful thief, and he selects Gen from the king's prison. The magus is interested only in the thief's abilities. What Gen is interested in is anyone's guess. Their journey toward the treasure is both dangerous and difficult, lightened only imperceptibly by the tales they tell of the old gods and goddesses. Megan Whalen Turner weaves Gen's stories and Gen's story together with style and verve in a novel that is filled with intrigue, adventure, and surprise.

Sculpting in Time Penguin

From the author of fiction favorite *Sunday Brunch* comes an inspirational novel about two bitterly divided sisters struggling to forgive each other and

renew their faith in God. Everything is not always sweet on Magnolia Lane, where the Ledoux clan had always gathered under the watchful eye of the family matriarch, Hannah. Years later, Hannah's granddaughter Summer, a soon-to-be bride, has planned a weekend event that prompts a major family reunion. But once relatives come together to celebrate Summer's wedding, generational secrets that have spanned decades slowly come to the surface. Blowing in belatedly and stoking long-standing resentments is Summer's older sister, Misa, an international model. Unbeknownst to them, the sisters share something besides a feud: they have inherited the depression that had darkened the life of their mother, Elizabeth. While Summer relies on God to keep her from the abyss, Misa submerges herself in drinks and men. But neither can avoid what happens when, after a particularly vitriolic argument, one of the sisters flees in anger into the darkness of a rain-swept night. The aftermath leads the sisters to uncover the truth about their family and themselves, testing their spiritual reserves. And along the way, God's spirit continues to send them messages about the beauty of faith and love. Spiritual, dramatic, and a memorable tribute to our beloved New Orleans, Jarrett's second novel is a confident step forward in an already bright career.

The Scorch Trials Movie Tie-in Edition (Maze Runner, Book Two) University of Texas Press

The inspiring story of three young Sudanese boys who were driven from their homes by civil war and began an

epic odyssey of survival, facing life-threatening perils, ultimately finding their way to a new life in America. Between 1987 and 1989, Alepho, Benjamin, and Benson, like tens of thousands of young boys, took flight from the massacres of Sudan's civil war. They became known as the Lost Boys. With little more than the clothes on their backs, sometimes not even that, they streamed out over Sudan in search of refuge. Their journey led them first to Ethiopia and then, driven back into Sudan, toward Kenya. They walked nearly one thousand miles, sustained only by the sheer will to live. They *Poured Fire on Us from the Sky* is the three boys' account of that unimaginable journey. With the candor and the purity of their child's-eye-vision, Alepho, Benjamin, and Benson recall by turns: how they endured the hunger and strength-sapping illnesses—dysentery, malaria, and yellow fever; how they dodged the life-threatening predators—lions, snakes, crocodiles and soldiers alike—that dogged their footsteps; and how they grappled with a war that threatened continually to overwhelm them. Their story is a lyrical, captivating, timeless portrait of a childhood hurled into wartime and how they had the good fortune and belief in themselves to survive.

Lord of the Flies HarperCollins

NATIONAL BESTSELLER • From the New York Times bestselling author of *The Wind-Up Bird Chronicle* and one of the world's greatest storytellers comes "an insistently metaphysical mind-bender" (*The New Yorker*) about a teenager on the run and an aging simpleton. Now with a new introduction by the author. Here we meet 15-year-old runaway Kafka Tamura and the elderly Nakata, who is drawn to Kafka for reasons that he cannot fathom. As their paths converge, acclaimed author Haruki Murakami enfolds readers in a world where cats talk, fish fall from the sky, and spirits slip out of their bodies to make love or commit murder, in what is a truly remarkable journey. "As powerful

as *The Wind-Up Bird Chronicle*....

Reading Murakami ... is a striking experience in consciousness expansion."

. *Renewal of Life by Transmission*. The most notable distinction between living and inanimate things is that the former maintain themselves by renewal. A stone when struck resists. If its resistance is greater than the force of the blow struck, it remains outwardly unchanged.

Otherwise, it is shattered into smaller bits. Never does the stone attempt to react in such a way that it may maintain itself against the blow, much less so as to render the blow a contributing factor to its own continued action. While the living thing may easily be crushed by superior force, it none the less tries to turn the energies which act upon it into means of its own further existence. If it cannot do so, it does not just split into smaller pieces (at least in the higher forms of life), but loses its identity as a living thing. As long as it endures, it struggles to use surrounding energies in its own behalf. It uses light, air, moisture, and the material of soil. To say that it uses them is to say that it turns them into means of its own conservation. As long as it is growing, the energy it expends in thus turning the environment to account is more than compensated for by the return it gets: it grows. Understanding the word "control" in this sense, it may be said that a living being is one that subjugates and controls for its own continued activity the energies that would otherwise use it up. Life is a self-renewing process through action upon the environment.

Self-Empowerment Quotes Penguin

How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today.

Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of *The Adult Learner* has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of *The Adult Learner* will provide basic instructor aids including a PowerPoint presentation for

each chapter. Revisions throughout to make it more readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.

The polarizing literary debut by Scottish author Ian Banks, *The Wasp Factory* is the bizarre, imaginative, disturbing, and darkly comic look into the mind of a child psychopath. Meet Frank Cauldhame. Just sixteen, and unconventional to say the least: Two years after I killed Blyth I murdered my young brother Paul, for quite different and more fundamental reasons than I'd disposed of Blyth, and then a year after that I did for my young cousin Esmerelda, more or less on a whim. That's my score to date. Three. I haven't killed anybody for years, and don't intend to ever again. It was just a stage I was going through.
