A tempestuous fling on a tropical island with a secretive movie star or love that will last a lifetime? Ren is a jaguar shifter whose inner cat is very close to the surface. All the human world knows is he's got stunning green eyes and a killer physique. The man can also portray just about any part put before him and he's turned his killer instinct into an international career as an actor in big budget blockbusters. When his Alpha asks him to take on a project in order to raise the profile of a new director he agrees, but only because he'd do just about anything for his Alpha and his people.

Katrina gave up on acting after a few years of trying her best and went back to work at her family's restaurant. When the director sees her there and asks her to come in for a screen test, she doesn't want to believe she might finally be getting her big break. Cast opposite one of the brightest stars in the world, Katrina can hardly believe her luck. The film may be low budget, but it has star power and Ren is both kind to her and every bit as gorgeous in person. More so, in fact. When danger threatens, Ren is the first to act, and when he declares his serious interest in her, she almost can't believe it. Only...she's feeling it, too. An undeniable attraction that goes more than skin deep. Does she dare trust this man who could have anyone? Dare she believe him when he says he's given her his heart for all time? How far must he go to prove his love is real? Don't miss the previous books in this series: 1. The Jaguar Tycoon 2. The Jaguar Bodyguard 3. The Jaguar's Secret Baby

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first

time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

The three of them take on the dangerous task of rescuing a kidnapped prince.
