Religion should be based on logical reasoning, truth, and bringing peace among the human family. I Was the First White Man in the Black Muslims is a memoir of a Catholic white man who converted to Muslim and left his religion. In this book, inspiring quotes and Bible verses from both Christian and Islam religion is presented as well as a little comparison between the two religions. Furthermore, it is upheld that a religion should be a body of

knowledge based on principles and morals that are sitting in front of your discipline to bring out decency and uprightness. It emphasizes the effectiveness of relating one's self toward others by seeing them from within as a brother or sister created by the same Creator. Told through the author's personal experiences and struggles, *I Was the First White Man in the Black Muslims* is a remarkable must read for those seeking spiritual enlightenment.

A "timely and provocative" biography of Islam's foundational text: "The history of the book is a map of

the world we live in today" (Tribune-Review). Few books in history have been as poorly understood as the Qur'an. Sent down in a series of revelations to the Prophet Muhammad, the Qur'an is the unmediated word of Allah: a ritual, political, and legal authority; an ethical and spiritual guide; and a literary masterpiece that inspires devotion, passion, fear, and sometimes incomprehension. In *The Qur'an*, historian and Islamic Studies professor Bruce Lawrence shows precisely how the Qur'an is the embodiment of Islam. He describes the origins of the faith in seventh-century Arabia and explains why the Qur'an is memorized

and recited by devout Muslims. Lawrence also discusses the Qur'an's commentators and doubters and assesses its tremendous influence on today's societies and politics. Above all, Lawrence emphasizes that the Qur'an is a sacred book of signs that cannot be reduced to a single, obvious message. It is a book that demands interpretation and one that can be properly understood only through its long and storied history. "An important work for those seeking to understand—and defend—Islam."

It's the first day of Ramadan, and George is celebrating with his

friend Kareem and his family. George helps Kareem with his first fast and joins in the evening celebration of tasting treats and enjoying a special meal. Then, George helps make gift baskets to donate to the needy, and watches for the crescent moon with the man in the yellow hat. Finally George joins in the Eid festivities to mark the end of his very first Ramadan. This playful tabbed board book, with a foil-stamped cover, makes a great holiday gift for all fans of Curious George—those who celebrate Ramadan, and those who are learning about it for the first time!

Engaging, Colorful, and Fun Islamic book for kids This book is not like other Islamic books for children under 3! It is filled with good Islamic morals, manners, and stories that introduce your Toddler to essential Islamic Foundations. "My First Islamic Book for Children under 3" has been created in recognition of the need for books that tell the stories of Islam for small children. Most of the Islamic educational and storybooks for children available today are either lacking in authenticity or are written in a language that is difficult for young children to understand. "My First Islamic Book for Children under 3" is written in a way that toddlers and pre-school age children can easily

understand. The author made these stories as authentic as possible by taking stories and information from the Quran, Tafseer Ibn Katheer, Bukhari, Muslim, and other authentic Hadith books and simplifying the language and adding context that children can understand, without changing the intended meaning. This simple language results from an interactive reading process between the author and her then three-year-old son. The author kept editing and simplifying the text until her son was able to understand it easily. About the Author Julia Hanke was born and raised in Germany. She converted to Islam at the age of 17 and took the name Hafsa to have a Muslim identity.

Hafsa studied Education and Islamic Sciences at a famous German University. At the moment, she is homeschooling her three children. Well suited for Babies, Toddlers, Preschoolers, and even very beneficial for children up to 10 years of age! Teach your children who Allah is, His authentic Names and Attributes, and what they mean for every Muslim. Which morals and lessons can we draw from Allah's Names and Attributes? Which name should we use in which dua in which situation? Find out in this book. A must-read for every Muslim.

In Testimony of the Holy Quran, Hazrat

Mirza Ghulam Ahmad(as) of Qadian enumerates the Signs of Latter Days as described by the Holy Quran and demonstrates how the prophecies regarding the advent of the Promised Messiah are fulfilled in his person. He also explains the vital position of the Hadith in Islam and shows that these, too, inform us of the appearance of a reformer in this very age, making it incumbent upon today's Muslims to recognize their Imam. In short, the topics covered in this book comprise the foundational arguments for one of the core tenets of the Ahmadiyya Muslim Community; namely, that the ahadith prophesying the

advent of the Latter Day Messiah are indeed reliable and are supported by Quranic testimony.

America's leading religious scholar and public intellectual introduces lay readers to the Qur'an with a measured, powerful reading of the ancient text. Garry Wills has spent a lifetime thinking and writing about Christianity. In *What the Qur'an Meant*, Wills invites readers to join him as he embarks on a timely and necessary reconsideration of the Qur'an, leading us through perplexing passages with insight and erudition. What does the Qur'an actually say about

veiling women? Does it justify religious war?

There was a time when ordinary Americans did not have to know much about Islam. That is no longer the case. We blundered into the longest war in our history without knowing basic facts about the Islamic civilization with which we were dealing. We are constantly fed false information about Islam—claims that it is essentially a religion of violence, that its sacred book is a handbook for terrorists. There is no way to assess these claims unless we have at least some knowledge of the Qur'an. In this book Wills, as a non-Muslim with an open mind, reads the Qur'an with sympathy but with rigor, trying to discover why other non-

Muslims—such as Pope Francis—find it an inspiring book, worthy to guide people down through the centuries. There are many traditions that add to and distort and blunt the actual words of the text. What Wills does resembles the work of art restorers who clean away accumulated layers of dust to find the original meaning. He compares the Qur'an with other sacred books, the Old Testament and the New Testament, to show many parallels between them. There are also parallel difficulties of interpretation, which call for patient exploration—and which offer some thrills of discovery. What the Qur'an Meant is the opening of a conversation on one of

the world's most practiced religions. The Best Treasured Stories from the Quran Goodword Books

Classic Essays on Islam's Holy Book

I have written many books and articles on various topics but since 2013, I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah, I have completed the whole Quran on 29th October 2020 with 84 books. I believe there is a great need in the whole

world for the correct interpretation of the Holy Quran to be written in English. Currently, there is a great misunderstanding about Islam among Muslims and non-Muslims globally. The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims. The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non-Muslims. The wrong actions of the Muslims have led to many miseries and wars among Muslims. The wrong actions of Muslims have also led to many wars and clashes between

Muslims and non-Muslims. In order to avoid miseries, wars and clashes from taking place between the whole mankind in the whole world, the whole mankind in the whole world need to understand the true teaching of Islam. There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran. The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world (English). For this very reason I have written the interpretation of the Holy Quran in English. Prof. Nasoha

Juz' Amma Goodword Books

What is so unique about Islam's scripture, the Quran? Who wrote it, and when? Can we trust its statements to be from Muhammad? Why was it written in Arabic? Does it command Muslims to fight Christians? These are a few of the thirty questions answered in this clear and concise guide to the history and contents of the Quran. Ayman Ibrahim grew up in the Muslim world and has spent many years teaching various courses on Islam. Using a question-and-answer format, Ibrahim covers critical questions about the most sacred book for Muslims. He examines Muslim and

non-Muslim views concerning the Quran, shows how the Quran is used in contemporary expressions of Islam, answers many of the key questions non-Muslims have about the Quran and Islam, and reveals the importance of understanding the Quran for Christian-Muslim and Jewish-Muslim interfaith relations. This introductory guide is written for anyone with little to no knowledge of Islam who wants to learn about Muslims, their beliefs, and their scripture.
