Motor Imported Car Repair Manual Motorbooks International

The D-558 aircraft were part of a transonic research program originated by NACA and the U.S. Navy. The D-558-1 Skystreak turbojet was designed in 1945 and first flew in 1947 at Muroc. It quickly set a new world speed record of over 650 miles per hour. Although it approached Mach 1.0 in level flight, the Skystreak could only break the speed of sound in a dive. The successor aircraft, the D-558-2 Skyrocket, was equipped with a turbojet and the same rocket system as Bell's X-1. The jet was used for takeoff and landing, and the rockets allowed the aircraft to travel into the transonic zone. The Skyrocket test program began in 1948. In 1953, Scott Crossfield bested that mark and flew into aviation history when he became the first person to

reach Mach 2.0 in the plane. Originally printed by the U.S. Navy, NACA and Douglas, this book contains manuals for both of these amazing aircraft. Originally classified "Restricted", they have been declassified and are here reprinted in book form.

Chilton's Repair Manual Hearst Books

The complete manual for understanding engine codes, troubleshooting, basic maintenance and more.

F-4 Phantom Pilot's Flight Operating Manual DIANE Publishing

One of the great aircraft

of the Cold War era, the McDonnell Douglas F-4 Phantom II was the most heavily produced supersonic, all-weather fighter bomber. Capable of a top speed of Mach 2.23, it set sixteen world records including an absolute speed record of 1,606 mph and an altitude record of 98,557 feet. The F-4 flew Vietnam, in the Arab-Israeli conflict, and the Gulf War and amassed a record of 393 aerial victories. F-4s also flew as part of the USAF Thunderbirds and the U.S. Navy Blue Angels flight demonstration teams. Originally printed by McDonnell and the U.S. Navy in the 1960s, this flight operating handbook taught pilots everything they needed to know before entering the cockpit. Classified "restricted", the manual was recently declassified and is here reprinted in book form. This affordable facsimile has been reformatted. Care has been taken however to preserve the integrity of the text.

Pontiac GTO Restoration Guide 1964-1972

Sheet metal fabrication--from fins and fenders to art--with all the necessary information on tools, preparations, materials, forms, mock-ups, and
