Expanded and revised, the Second Edition of the Algebra Survival Guide unleashes its power for a new generation of students. Now that the Common Core Standards have changed how math is taught, this 2nd edition aligns its content to these broad new guidelines. The new edition also adds advanced content. In its XTREME ALGEBRA section, the new edition tackles the topics of Functions, Inequalities and the Advanced Coordinate Plane, and it teaches story problems in all three areas. These additions update the book for today's elementary and secondary students; they also provide additional support for adults taking algebra in their return to college. Plus, with its newly expanded index and glossary, the 2nd edition makes all of its content easy to find. The book retains the cartoons, analogies and conversational format that brought out praise from all corners and garnered the book both a Parents Choice Commendation and a Golden Porch Award for pedagogical excellence.

Boatowner's Illustrated Electrical Handbook Haynes Manuals N. America, Incorporated

Understand, troubleshoot, repair, and upgrade your boat's electrical systems Frustrated by the high cost of basic electrical work but nervous about tackling such projects yourself? Get sound advice and guidance from author Ed Sherman, who wrote and teaches the American Boat & Yacht Council's certification program for electrical technicians. In Powerboater's Guide to Electrical Systems, he combines basic theory with step-by-step directions for troubleshooting problems, making repairs, and installing new equipment. Learn to Draw up a wiring diagram for your boat Locate and identify wiring and circuit components

Select and use a multimeter Choose and maintain battery and marine ignition systems Troubleshoot starting, charging, and instrument problems Install DC and AC marine accessories, equipment, and electronics "Ed Sherman's nationally recognized expertise in electrical systems in boats makes him a natural choice to train and certify marine electricians. . . . He believes, as I do, that doing it right the first time will surely enhance your boating experience."--C. T. "Skip" Moyer III, Past President, American Boat & Yacht Council
