The Integrated Astrological Guide continues with this second volume. This particular text deals with the encoding of information both astrologically and generally that interferes with and colors

our critical thinking skills and ability for accurate foresight. Although myths are used to convey concepts, the running theme in all works is that neither astrology nor myths "cause" anything, and that each person's reality is the result of free will effort and choices at every given moment. They do however; reflect engrained archetypal belief structures passed down over millennia. Those belief structures do affect reality. Logical rules will be increased in this

volume and fallacious thinking illuminated not only in traditional astrological principles, but in widely accepted social attitudes.

A savvy book full of optimism and insight into the new The Age of Aquarius has arrived! Learn how to thrive in the Age of Aquarius! Surfing Aquarius is for people who want to make the best of the years just ahead by making brave, optimistic choices in a spirit of community. Every 2100 years, life on Earth comes under the influence of a different astrological sign: each "Great Age" bringing its own ruling symbols and patterns of meaning, technical innovations, political and social currents, organizational structures, and key ideas. Surfing Aquarius shows how

2012 is the beginning of a spiritual transformation when awakened human beings will create new societies based on Aquarian principles of inventive teamwork and empowered service. The book features the 11 Principles of the Aquarian Age: Revolution, Evolution, Unity, Friendship, Transparency, Magic, Comedy, Abundance, Electricity, Brilliance, and Freedom. Furst describes what life can be like in an Aquarian age: an economy based on abundance rather than scarcity, and a spirituality that celebrates union, friendship, and love. The book is, above all, a practical guide for those who see that the better we understand the opportunities and challenges of our time, and the better we know which way the wave of change is breaking, the better a chance we'll

have of getting ourselves and our families safely ashore.

The Astrology Book Altair Publications

This academically integrated text offers the first in-depth astrological/psychological guide to empower and transform one's life and perspective. All cross-disciplined and academic subjects that can be integrated into this philosophic structure, are referenced and explained. This text is complete will all basic astrological signficators delineated with new and expanded insight. A complete explanation of how we bring our early environment and beliefs into adulthood and create our reality and experiences, is explored and explained psychologically, metaphysically and pragmatically. This book blends many

different philosophies and gives the message that using astrology can be a tool to self-understanding and transformation; that it is not a mysterious tool of divination but that it can be used to examine our existing beliefs, and that it is up to us what we do with that knowledge. The ideas in this book challenge the reader to look at the responsibility they have for their own lives, and begin to teach how to do this using astrology. The individual interpretations of placements are basic. The author has delved to the core of the meanings of the archetypes from a psychological perspective. The results are dynamic, all-encompassing (yet specific to the placement) keys, with which to begin delineations. This is something that has been lacking in

many other astrology books with more shallow definitions. There are several example delineations of charts which take the reader through the process of using this information in a complete chart, showing how the insight from the previous chapters can be used to "read" a chart. Definitely a work of text-book caliber, not a coffee-table book.

In *Tarot for Troubled Times*, Miro and Reed show readers how to: Work with the archetypes of the Major Arcana to befriend our shadows. Take our newly found powers and speak out so that we can become a helpful ally for the light and begin to do our greater work in the world. AstrologyTransformation & Empowerment

A woman who struggles on the spiritual path needs validation, guidance, inspiration and practical advice. This handbook is to help her survive the transition of the past several centuries and come to her full empowerment. This is especially for she who needs to reprogram herself as the Warrior Priestess in what is still a mans world. It is for the one who seeks to understand her place as the embodiment of the Divine Feminine Spirit because now it is time to uplift the wounded feminine consciousness to its rightful power, to transmute the negative results of ignorance and subjugation. This book is a call and a guide for the neophyte on the Path as well as for all the extraordinary women who are searching for a Friend in the dark, when they are

feeling most damned and abandoned because of their Vision. It is for all the Spiritual Warrior/Priestesses who have forgotten some of the pitfalls, as well as the joys, of their Journey. This book will serve as an inspiration for those who have lost that Sight. In the playing field of womens spirituality, no one book or resource offers such a clear picture of the magical destiny of the Woman of Tomorrow, especially for those with eclectic beliefs. THE WAY OF THE WARRIOR PRIESTESS addresses this need for self transformation by inspiring the reader with important quotations as well as the authors guidance, step by step direction, affirmations, useful astrological insights, as well as a section that asks questions that will push the reader into changing some tired

perceptions. It is written to fire up the spirit of the sleeping Feminine Spirit in both women and men. It is a handbook and empowerment manual for the growing army of individuals born at this special time in Mother Earths history to help rebalance Her during certain changes. ...for all of those brave souls willing to go in an exciting new direction. WHY THE READER SHOULD READ THIS BOOK This is not another book about the womens spirituality movement or about why women are goddesses. Rather it is a bridge between traditional magickal wisdom and the everyday challenges of the woman of the 90s. It is a call to transformation and will answer the intense desire for women of all ages and colors to heal their lives. It will give them permission and purpose to become what

they really are: perfected beings. It will also bring on an almost-instant wakeup call for men. It embraces no particular theology, religion or mythology and is not a psychological treatise. It does not advocate any one path to take, nor is it anti anything except ignorance....It does come from a spacious metaphysical vision that many will relate to with a sigh of relief. The average woman is still rather paralyzed and in partial ignorance of her power as a Magical Being...because she does not even have the voice or words to help herself. And most books on this subject are still either too academic or beyond the average womans experiences. This book will serve as a tool and a light to help her see herself. The Talking Stick section at the end of each chapter is to jumpstart

some profound self questioning - as well as a handy starting point in teaching situations....ideal to teach self empowerment workshops all over the world. The extensive Resources section at the back of the book is to help locate the key material for the process. This book will be appropriate for several markets: Feminist, Goddess, Spiritual, Metaphysical, Womens Self Help. It should be in metaphysical centers, universities, feminist study groups, and womens conferences and gatherings. It is for women ages 16-90 who seek inspiration and practical advice. It is for men who are trying to align with the female spirit, both in wom

A comprehensive guide to understanding and practicing Vedic astrology, the art of

• Teaches beginners how to read and interpret Vedic astrology charts, based on their own birth chart as well as the birth charts of 112 notable people. • Shows how to use Vedic astrology to anticipate upcoming events and direct the cosmic energies of one's life toward a positive future outcome. For over 5,000 years the people of India have used jyotish, or Vedic astrology, to anticipate future influences and make major decisions. Now Andrew Bloomfield brings this increasingly popular tool to the West in an easy-to-follow, comprehensive format, providing the reader with everything needed to practice the Indian art of predicting the future. Vedic astrology was codified by the ancient Maharishis to help people achieve the four basic goals of human

existence: kama (desire), artha (wealth), dharma (life purpose), and moksha (spiritual growth). Unlike other forms of astrology, Vedic calculations focus more on the primal, unconscious, driving forces linking our thoughts and actions. How to Practice Vedic Astrology shows how to make accurate predictions on when to expect life's changes concerning one's career, love life, children, or spirituality.

Astrology ascribes meaning to planetary events and assumes that the energy that moves the universe has a kind of inherent intelligence. The astrologer maintains that there is a natural resonance between the evolving motion of the universe, and the development of

the human soul. For the first time, Adrian Duncan shows how to empower clients and create transformation by harnessing horoscopes. Duncan has created an innovative manual that masterfully guides astrological practitioners and interpreters through every aspect of working with clients. Going beyond astrology simply as a diagnostic tool, *Astrology: Transformation & Empowerment* shows how to harness perception and sensory states to create positive change in one interpretive session! Part 1 - "Setting the Scene," explains how to read the client before reading their chart. Body language, mind reading, and the elements are touched upon. Part 2 - "The Major Players," depicts specific planetary combinations and what they entail in regard to

emotional responses, relationships, and the future. Part 3 - "Transformation Methods," teaches ways to expand awareness of the problem at hand, reframe the reading, expand sensory skills, and discover new communications systems. Throughout, Duncan shares profiles and vignettes of clients that demonstrate his techniques.

How to Ace the Wave of Change

Despite incredible and previously undreamed-of advances in modern medicine, for many women the issue of infertility remains a heart-breaking reality. Using a combination of traditional and modern astrological techniques, the author has delved deeply into the charts of hundreds of infertile women, and in many cases has unravelled what might be at the root of the problem. Sometimes it's a matter of location or timing, or it could be psychological issues in the relationship

that are causing the block; whatever the reason, the author works closely with the couple - and often the medical profession - to produce results that are frequently positive where there has been no hope before. Although this is an advanced textbook for astrologers, the human element of the case histories is nothing short of inspiring, and from that perspective can be enjoyed by readers with no knowledge of astrology.
