What Is Happening in the Spiritual Realm
For many believers, operating in the gifts of the Spirit has become a normal way of life. Yet there is one often-overlooked, often-misunderstood gift crucial to the well-being of the church: the gift of discerning spirits. This gift is the powerful supernatural ability to hear and see into the spiritual realm, yet many people who have it may think they are crazy. Finding no help from the church, some have turned to medical doctors

and actually been diagnosed with a mental disorder. Jennifer Eivaz, a trusted prophetic voice, has been there, and she offers hope, healing, and practical help. Pulling back the veil, she · lays a biblical foundation for how this gift works · helps you discern what you are seeing and hearing · reveals what is happening in the spiritual realm · provides insight into the demonic, the angelic, and spiritual happenings · and more. The enemy is on the move. More than ever, the church needs people who operate in this powerful gift to expose hidden threats and help lead the church to victory.

Paradise of the Pacific

This comprehensive guide explores the fundamental sewing methods fashion designers need and teaches professional garment construction. Chapter One introduces sewing tools and machinery (including industrial machines). It discusses how to work with patterns and explains cutting-out methods. Chapter Two is devoted to different fabrics and how they work, focusing on the

construction of a garment, including fastenings and trimmings, and the use of materials to support structured pieces, such as corsets. Hand-sewing techniques and basic seams are explored in Chapter Three. Techniques are demonstrated with step-by-step photographic guides combined with technical drawings. A guide to making garment details and decorations, such as pockets, waistlines, and necklines, is found in Chapter Four. Chapter Five addresses fabric-specific techniques, for everything from lace to neoprene. The best technical approaches to use for patternmaking and construction are discussed for each fabric. Catwalk images demonstrate how these kinds of techniques are employed by designers.
