Christopher Hitchens, described in the London Observer as “one of the most prolific, as well as brilliant, journalists of our time” takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of

Bertrand Russell’s *Why I Am Not a Christian* and Sam Harris’s recent bestseller, *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason,

in which hell is replaced by the Hubble Telescope’s awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.

### The Four Random House

The first thrilling novel in Raymond Khoury’s New York Times bestselling Templar series. In 1291, a young Templar knight flees the fallen holy land in a hail of fire and flashing sword, setting out to sea with a mysterious chest entrusted to him

by the Order's dying grand master. The ship vanishes without a trace. In present day Manhattan, four masked horsemen dressed as Templar Knights stage a bloody raid on the Metropolitan Museum of Art during an exhibit of Vatican treasures. Emerging with a strange geared device, they disappear into the night. The investigation that follows draws archaeologist Tess Chaykin and FBI agent Sean Reilly into the dark, hidden history of the crusading knights—and into a deadly game of cat and mouse with ruthless killers—as they race across three continents to recover the lost secret of the Templars.

Genghis Khan and the Making of the Modern World Crown

A bold and urgent perspective on how American foreign policy must change in response to the shifting world order of the twenty-first century, from the New York Times bestselling author of *The Limits of Power* and *The Age of Illusions*. The purpose of U.S. foreign policy has, at least theoretically, been to keep Americans safe. Yet as we confront a radically changed world, it has become indisputably clear that the terms of that policy have

failed. Washington's insistence that a market economy is compatible with the common good, its faith in the idea of the "West" and its "special relationships," its conviction that global military primacy is the key to a stable and sustainable world order—these have brought endless wars and a succession of moral and material disasters. In a bold reconception of America's place in the world, informed by thinking from across the political spectrum, Andrew J. Bacevich—founder and president of the Quincy Institute for Responsible Statecraft, a bipartisan Washington think tank dedicated to foreign policy—lays down a new approach—one that is based on moral pragmatism, mutual coexistence, and war as a last resort. Confronting the threats of the future—accelerating climate change, a shift in the international balance of power, and the ascendance of information technology over brute weapons of war—his vision calls for nothing less than a profound overhaul of our understanding of national security. Crucial and provocative, *After the Apocalypse* sets out new principles to guide the once-but-no-longer sole superpower as it navigates a

transformed world.

*Cartwright's Cavaliers* Seventh Seal Press

A line-up of the dirty dealers and defenders of the indefensible who are definitely not "making America great again" Donald Trump has assembled a rogue's gallery of alt-right hatemongers, crony capitalists, immigrant bashers, and climate-change deniers to run the American government. To survive the next four years, we the people need to know whose hands are on the levers of power. And we need to know how to challenge their abuses. John Nichols, veteran political correspondent at the Nation, has been covering many of these deplorables for decades. Sticking to the hard facts and unafraid to dig deep into the histories and ideologies of the people who make up Trump's inner circle, Nichols delivers a clear-eyed and complete guide to this wrecking-crew administration.

She's off limits. He has none. There's a girl. Beautiful. Popular. Fake. And my obsession. My fall. Probably my damnation. Did that stop me? Do I care? No and no. There's a line between right

and wrong. Moral and immoral. And then there's her. I cross every limit with blood-coated fingers. She says she hates me. I say I hate her too as I trap her, own her. Make her all mine. *Ruthless Empire* is part of Royal Elite Series but could be read on its own. For better understanding of the world, you might want to read the previous books first. This is a mature new adult and contains situations that some readers might find offensive.

*Ruthless Empire* Brenda K. Davies  
NEW YORK TIMES BESTSELLER • The startling true history of how one extraordinary man from a remote corner of the world created an empire that led the world into the modern age—by the author featured in *Echoes of the Empire: Beyond Genghis Khan*. The Mongol army led by Genghis Khan subjugated more lands and people in twenty-five years than the Romans did in four hundred. In nearly every country the Mongols conquered, they brought an unprecedented rise in cultural communication, expanded trade, and a blossoming of civilization. Vastly more progressive than his European or Asian counterparts, Genghis Khan abolished torture, granted universal

religious freedom, and smashed feudal systems of aristocratic privilege. From the story of his rise through the tribal culture to the explosion of civilization that the Mongol Empire unleashed, this brilliant work of revisionist history is nothing less than the epic story of how the modern world was made.

The Four Horsemen: Legacy Bold Type Books

Jason Sterling had a simple life by all accounts. He had worked the same job his entire adult life, he had never married and he had no children. His father's death set events in motion too great to walk away from. When an Electromagnetic Pulse brings the modern world to its knees, Jason's choice proves to be the right one.  
The Initiation Daughter of Shadow

The Revelations are over; the Omega War has begun. The plot by the Galactic Union's Mercenary Guild against the Four Horsemen has culminated in an invasion of Earth. Faced with an overwhelming force, the Human mercs had no choice. They've fled, leaving Sansar Enkh to go to the Mercenary Guild headquarters on Capital Planet to stand trial for humanity. On the run, Jim Cartwright and Nigel Shirazi have travelled to the Winged Hussars' secret base of New Warsaw, in an effort to convince Alexis Cromwell to join the fight, while the other mercenaries who escaped the fall of Earth have gone to the perceived safe haven of Karma. Alexis Cromwell is reluctant to commit to an unwinnable fight, though, and there is no safety to be found in Karma. When the Mercenary Guild Tribunal is revealed to be a sham, the Horsemen are forced to choose: is it better to hide and protect the Human race, or is it time to fight for what they believe in? All is not as it seems, though, and the galaxy stands poised on the brink of a second Great Galactic War. Vastly outnumbered, the Four Horsemen had better come up with a stellar plan, or for them, it might well be A Fiery Sunset.

Are mass violence and catastrophes the only forces that can seriously decrease economic inequality? To judge by thousands of years of history, the answer is yes. Tracing the global history of inequality from the Stone Age to today, Walter Scheidel shows that it never dies peacefully. The Great Leveler is the first book to chart the crucial role of violent shocks in reducing inequality over the full sweep of human history around the world. The "Four Horsemen" of leveling—mass-mobilization warfare, transformative revolutions, state collapse, and catastrophic plagues—have repeatedly destroyed the fortunes of the rich. Today, the violence that reduced inequality in the past seems to have diminished, and that is a good thing. But it casts serious doubt on the prospects for a more equal future. An essential contribution to the debate about inequality, *The Great Leveler* provides important new insights about why inequality is so persistent—and why it is unlikely to decline anytime soon.

HOW AWARE ARE CHRISTIANS AROUND THE WORLD OF THE SIGNS APPEARING IN

ISRAEL OF JESUS RETURN? Who are those riders of doom and what do they symbolize according to Christian and Jewish prophecies? The bow, the sword, the scale... They have a completely different meaning for those who can read the original Hebrew text and understand the local context. Once you will be informed of the facts that are hidden from you, you too will easily understand why so many in Israel claim that they had already arrived, setting the stage for the coming of the Messiah. IT HAS BECOME CRITICAL NOW DUE TO RECENT EVENTS IN JERUSALEM THAT FIRED THE OPENING SHOT FOR THE APOCALYPSE. The "Trump Declaration" of moving the American embassy to Jerusalem had speed up a series of events that would have harsh implications on the very survival of Christianity in the Holy-Land. Only a few are aware of the disappearance of Christianity from Israel, soon it will be no more than a memory. THIS BOOK IS A WARNING FOR ALL LOVERS OF CHRIST Christians, Messianics and even Jews or Muslims who respect other faiths. We must all act now, Christianity is almost gone completely from the land of the Bible. Our first step is

to be informed of the truth in order to block The conspiracy of the Holy Land WHY DID I WRITE THIS BOOK? AM I A CHRISTIAN? I am not, I am an Israeli Jew who lived in the Holy Land all my life. I served in the Israeli army and spend many years in Jerusalem. I knew very little about Christianity until one day I had a vision that changed the course of my entire life. Today I run the Eternal-Jerusalem.com project that protects Jesus legacy and Christianity in Israel from those who try to abolish it. As I discovered that the global Christian and Jewish communities are completely ill-informed about the disappearance of Christ from the Holy Land. I decided to write a book series to with real examples and showcases that were never published in global media for reasons unknown or should I say undeclared. WHY SHOULD JEWS AND OTHERS NONE CHRISTIANS CARE? We are all one new man. Should we allow the different worship style confuse us from the fact that we are all God's children? Even if you do not accept Jesus as your savior, is that a reason to deliberately harm those who do? As a Jew, I was taught to act with love towards others as I would to myself.

Ask your self, would you want your Synagogue, Mosque or Temple be disrespected by others? The meaning of Jewish mysticism is "Kabbalah" which means "receiving." And the essence of it is that for receiving you must first GIVE. JEWS AND MUSLIMS WHO WISH TO EARN RESPECT MUST FIRST SHOW RESPECT. The Four Horsemen: Guardians Penguin Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper,

This Revised & Expanded Second Edition of the 2009 book contains 70 additional pages of photographs, memorabilia, and historical information, plus a new title history chapter with behind the scenes details, and an expanded chapter on the night the belt was first presented and defended. Plus all the material in the original book including champion profiles, detailed and close-up photos of the belt

itself and a detailed history of how it was made. In October of 2008, Dick Bourne and Dave Millican had the rare opportunity to inspect and photograph the genuine NWA world heavyweight championship belt worn and defended in the 1970s and 1980s by Ric Flair, Terry Funk, Harley Race, and others. Not long afterwards, Bourne decided to put together a book about the history and construction of the NWA belt, a chance to share with others the opportunity they had been fortunate enough to have. The result was "Ten Pounds of Gold". Drawing from their interest, experience, and research, Bourne and Millican proudly present the NWA belt as you've never seen it before. A belt enthusiast's dream come true. As one of their customers once wrote, "The only thing that could be better would be to hold the actual belt. This book is that good."
