A brilliant comedy composed of an exchange of letters between a husband living in the Miami of the not-too-distant future and his wife living in an Italy of the not-too-remote past. Together, they are trying to make their fortune by tracing the whereabouts of a treasure supposedly lost off the coast of Florida in the 16th century. Once the epistolary convention is accepted, the novel unfolds with demonic logic. 'A comic masterpiece as funny as Waugh's *Scoop*, as intricate as Nabokov's *Pale Fire*...' Edmund White.

Jack used to say that a good orchard was like a well-lived life. The one up at the old farm, with its hundred-year-old pears leaning over the entrance gates, held more Wigg history than anything written down. It's the summer of 1971, not far from the stone-fruit capital of New South Wales, where Mr Wigg lives on what's left of the family farm. He spends his time working in the orchard, cooking and preserving his produce and, when it's on, watching the cricket. It's a full life. Things are changing though, with Australia and England playing a one-day match, and his new neighbours planting grapes for wine. His wife died a few years ago, his daughter never visits, and his son thinks he should move into town. But Mr Wigg has trees and chickens to look after on the farm. His grandchildren visit often: to cook, eat and hear stories. And he has a project to finish...

A society that isn't sure what's true can't function, but increasingly we no longer seem to know who or what to believe. We're barraged by a torrent of lies, half-truths and propaganda:

how do we even identify good journalism any more? At a moment of existential crisis for the news industry, in our age of information chaos, *News and How to Use It* shows us how. From Bias to Snopes, from Clickbait to TL;DR, and from Fact-Checkers to the Lamestream Media, here is a definitive user's guide for how to stay informed, tell truth from fiction and hold those in power accountable in the modern age.

A Popular Guide to a Knowledge of the Butterflies of North America Doubleday

An epistolary novel set on a fictional island off the South Carolina coastline, 'Ella Minnow Pea' brings readers to the hometown of Nevin Nollop, inventor of the pangram 'The Quick Brown Fox Jumps Over the Lazy Dog'. Deified for his achievement in life, Nevin has been honored in death with a monument featuring his famous phrase. One day, however, the letter 'Z' falls from the monument, and some of the islanders interpret the missing tile as a message from beyond the grave. The letter 'Z' is banned from use. On an island where the residents pride themselves on their love of language, this is seen as a tragedy. They are still reeling from the shock when another tile falls. And then another... In his charming debut, first published in 2001, Mark Dunn took readers on a journey through the eyes of Ella Minnow Pea, a young woman forced to create another clever turn of phrase in order to save the islanders' beloved language.

NATIONAL BESTSELLER • From the author of the New York Times bestseller *Choke* and the cult classic *Fight Club*, a cunningly plotted novel about the ultimate verbal weapon, one that reinvents the apocalyptic thriller for our times. "A harrowing and hilarious glimpse into the future of civilization." —Minneapolis Star-Tribune Ever heard of a culling song? It's a lullaby sung in Africa to give a painless death to the old or infirm. The lyrics of a culling song kill, whether spoken or even just thought. You can find one on page 27 of *Poems and Rhymes from Around the World*, an anthology that is sitting on the shelves of libraries across the country, waiting to be picked up by unsuspecting readers. Reporter Carl Streater discovers the song's lethal nature while researching Sudden Infant Death Syndrome, and before he

knows it, he's reciting the poem to anyone who bothers him. As the body count rises, Streater glimpses the potential catastrophe if someone truly malicious finds out about the song. The only answer is to find and destroy every copy of the book in the country. Accompanied by a shady real-estate agent, her Wiccan assistant, and the assistant's truly annoying ecoterrorist boyfriend, Streater begins a desperate cross-country quest to put the culling song to rest.

From one of our most important contemporary Chinese authors: a novel of language and love that tells one young Chinese woman's story of her journey to the West—and her attempts to understand the language, and the man, she adores. Zhuang—or “Z,” to tongue-tied foreigners—has come to London to study English, but finds herself adrift, trapped in a cycle of cultural gaffes and grammatical mishaps. Then she meets an Englishman who changes everything, leading her into a world of self-discovery. She soon realizes that, in the West, “love” does not always mean the same as in China, and that you can learn all the words in the English language and still not understand your lover. And as the novel progresses with steadily improving grammar and vocabulary, Z's evolving voice makes her quest for comprehension all the more poignant. With sparkling wit, Xiaolu Guo has created an utterly original novel about identity and the cultural divide.

NEW YORK TIMES BESTSELLER • The superbly researched, spellbindingly told story of athlete, showman, philosopher, and boundary breaker Leroy “Satchel” Paige “Among the rare biographies of an athlete that transcend sports . . . gives us the man as well as the myth.”—The Boston Globe Few reliable records or news reports survive about players in the Negro

Leagues. Through dogged detective work, award-winning author and journalist Larry Tye has tracked down the truth about this majestic and enigmatic pitcher, interviewing more than two hundred Negro Leaguers and Major Leaguers, talking to family and friends who had never told their stories before, and retracing Paige's steps across the continent. Here is the stirring account of the child born to an Alabama washerwoman with twelve young mouths to feed, the boy who earned the nickname "Satchel" from his enterprising work as a railroad porter, the young man who took up baseball on the streets and in reform school, inventing his trademark hesitation pitch while throwing bricks at rival gang members. Tye shows Paige barnstorming across America and growing into the superstar hurler of the Negro Leagues, a marvel who set records so eye-popping they seemed like misprints, spent as much money as he made, and left tickets for "Mrs. Paige" that were picked up by a different woman at each game. In unprecedented detail, Tye reveals how Paige, hurt and angry when Jackie Robinson beat him to the Majors, emerged at the age of forty-two to help propel the Cleveland Indians to the World Series. He threw his last pitch from a big-league mound at an improbable fifty-nine. ("Age is a case of mind over matter," he said. "If you don't mind, it don't matter.") More than a fascinating account of a baseball odyssey, Satchel rewrites our history of the integration of the sport, with Satchel Paige in a starring role. This is a powerful portrait of an American hero who employed a shuffling stereotype to disarm critics and racists, floated comical legends about himself—including about his own age—to deflect inquiry and remain elusive, and in the process methodically built his own myth. "Don't look back," he famously said. "Something might be gaining on you." Separating the truth from the legend, Satchel is a remarkable accomplishment, as large as this larger-than-life man.

A hilarious and moving story of one girl's fight for freedom of expression, as well as a linguistic tour de force sure to delight word lovers everywhere Ella Minnow Pea is a girl living happily on the fictional island of Nollop off the coast of South Carolina. Nollop was named after Nevin Nollop, author of the immortal phrase containing all the letters of the alphabet, "The quick brown fox jumps over the lazy dog." Now Ella finds herself acting to save her friends, family, and fellow citizens from the encroaching

totalitarianism of the island's Council, which has banned the use of certain letters of the alphabet as they fall from a memorial statue of Nevin Nollop. As the letters progressively drop from the statue they also disappear from the novel. The result is "a love letter to alphabetarians and logomaniacs everywhere" (Myla Goldberg, bestselling author of *Bee Season*).

In *Rise to Rebellion*, bestselling author Jeff Shaara captured the origins of the American Revolution as brilliantly as he depicted the Civil War in *Gods and Generals* and *The Last Full Measure*. Now he continues the amazing saga of how thirteen colonies became a nation, taking the conflict from kingdom and courtroom to the bold and bloody battlefields of war. It was never a war in which the outcome was obvious. Despite their spirit and stamina, the colonists were outmanned and outfought by the brazen British army. General George Washington found his troops trounced in the battles of Brooklyn and Manhattan and retreated toward Pennsylvania. With the future of the colonies at its lowest ebb, Washington made his most fateful decision: to cross the Delaware River and attack the enemy. The stunning victory at Trenton began a saga of victory and defeat that concluded with the British surrender at Yorktown, a moment that changed the history of the world. The despair and triumph of America's first great army is conveyed in scenes as powerful as any Shaara has written, a story told from the points of view of some of the most memorable characters in American history. There is George Washington, the charismatic leader who held his army together to achieve an unlikely victory; Charles Cornwallis, the no-nonsense British general, more than a match for his colonial counterpart; Nathaniel Greene, who rose from obscurity to become the finest battlefield commander in Washington's army; The Marquis de Lafayette, the young Frenchman who brought a soldier's passion to America; and Benjamin Franklin, a brilliant man of science and philosophy who became the finest statesman of his day. From Nathan Hale to Benedict Arnold, William Howe to "Light Horse" Harry Lee, from Trenton and Valley Forge, Brandywine and Yorktown, the American Revolution's most immortal characters and poignant moments are brought to life in remarkable Shaara style. Yet, *The Glorious Cause* is more than just a story of the legendary six-year

struggle. It is a tribute to an amazing people who turned ideas into action and fought to declare themselves free. Above all, it is a riveting novel that both expands and surpasses its beloved author's best work.

What if you could make someone love you back, just by singing to them? Fans of Sarah McCarry's *All Our Pretty Songs* and Leslye Walton's *The Strange and Beautiful Sorrows of Ava Lavender* will be captivated by this contemporary love story with hints of magical realism. Hanging out with Chris was supposed to make Lorelei's life normal. He's cooler, he's older, and he's in a band, which means he can teach her about the music that was forbidden in her house growing up. Her grandmother told her when she was little that she was never allowed to sing, but listening to someone else do it is probably harmless—right? The more she listens, though, the more keenly she can feel her own voice locked up in her throat, and how she longs to use it. And as she starts exploring the power her grandmother never wanted her to discover, influencing Chris and everyone around her, the foundations of Lorelei's life start to crumble. There's a reason the women in her family never want to talk about what their voices can do. And a reason Lorelei can't seem to stop herself from singing anyway. "Zan Romanoff's music-saturated debut will snare readers with its melodic, pop-punk hooks and elegant riffs on growing up, falling in love, and letting go." —Sarah McCarry, author of *All Our Pretty Songs* "Family secrets, first love, and the elemental, raw power of music are all on display in Zan Romanoff's gorgeous novel. *A Song To Take the World Apart* gives us a heroine who's as fierce as she is vulnerable, and a story that's as page-turning as it is profound. An enchanting and beautiful debut." Edan Lepucki, *New York Times* bestselling author of *California*
