201 Crochet Motifs contains over 150 original crochet blocks and motifs plus 51 gorgeous projects to inspire your creativity. Packed with ideas to get you going, this clever directory is split into three main chapters entitled Motifs, The Projects, and The Techniques. The first chapter, Motifs, is divided into five sections that cover everything from the simplest crosses and spirals to geometric shapes, pictures, lacy patterns, and bold, beautiful flowers. Use them to make up your own bags, throws, scarves, and pillows, designed just as you choose, or follow one of Melody's foolproof patterns in The Projects. With over 50 projects to choose from there'll be something for everyone to make, whether that is a butterfly brooch, holly greetings cards, an openwork afghan, cat pillow, button baby blanket, tie belt, cherry border cardigan or something entirely different. Each motif is displayed as a color photograph next to easy-to-follow instructions, with stitch diagrams for more complex motifs. Melody also advises on the type of yarn to use, the tension and the size of the motif, and gives tips on how to achieve the best result. There is also advice for designing your own makes, so you can treat the motifs as a jumping-off point. Finally, The Techniques offers further explanation and guidance so that no stitch is beyond your ability. With sketches and photos showing how the motif can be used, either on its own, with several together, or partnered with other motifs, 201 Crochet Motifs will show you that the crocheting possibilities are endless.

Everyone loves ripple afghan! Crocheters know that a ripple design works up faster than most other afghan patterns. That's because the zigzag rows are easy to establish and maintain without demanding all of your attention. Throw in a little variation in pattern or color, or add a sweet motif or edging, and the results are gorgeous! As accents in your home, they're more than just decorative – they're also warm and cozy.

Doilies are a great way to take time out of a busy life to get back to the soothing relaxing art of crochet! This collection of 27 doily patterns is for the intermediate level crocheter, but can also be tackled by an ambitious beginner. My goal in creating this book was to breathe life into forgotten vintage patterns from the 1930's and 1940's, by adapting and updating them with new colorful materials and making each pattern a user-friendly workable size. All of the doilies are worked in 14 rounds or less; depending on the size of your thread and hook, this works out to about 12" in diameter or less. This size means that these little doilies require small amounts of yarn, can be easily taken on the go, and are able to be completed in a single evening. When working on the compilation of this book, I wanted to make sure to have a variety and selection of different crochet techniques. Just to name a few: crossed stitches, the pineapple shape, working a spiral, creating petals, creating mesh, clusters and popcorns, working around loops and picots. Note: There are no charts, just photos and written directions, so you will need to have a basic knowledge of reading crochet patterns.

Shawls are currently making a huge comeback in the fashion world, but many people do not realize that the shawl has been worn for many centuries and in many cultures. This collection of patterns and traditions features shawls from around the world. From the Himalayas to Spain, from Iceland to Japan, and from Mexico to Norway, many of the shawls featured here have been taken from examples of historic knitted shawls. Other designs have been translated into knitwear from patterns for woven or lace shawls. Included are 25 patterns as well as historical and cultural information

about shawls that have been used for prayer and mourning, as bridal veils, and as christening garments. Each design is presented with a full-page color photo, written instructions, and charts.
