Revenge of the Lawn is Richard Brautigan in miniature and contains no fewer than 62 ultra-short stories set mainly in Tacoma, Washington (where the author grew up) and in the flower-powered San Francisco of the late fifties and early sixties. In their compacted form, which ranges from the murderously short 'The Scarlatti Tilt' to one-page wonders like the sexually poignant poetry of 'An Unlimited Supply of 35 Millimetre Film', Brautigan's stories take us into a world where his fleeting glimpses of everyday strangeness leave stories and characters resonating in our heads long after they're gone.

An extraordinary portrait of a fast-changing America—and the Western writers who gave voice to its emerging identity At once an intimate portrait of an unforgettable group of writers and a history of a cultural revolution in America, *The Bohemians* reveals how a brief moment on the far western frontier changed our culture forever. Beginning with Mark Twain's arrival in San Francisco in 1863, this group biography introduces readers to the other young eccentric writers seeking to create a new American voice at the country's edge—literary golden boy Bret Harte; struggling gay poet Charles Warren Stoddard; and beautiful, haunted Ina Coolbrith, poet and protector of the group. Ben Tarnoff's elegant, atmospheric history reveals how these four pioneering writers helped spread the Bohemian movement throughout the world, transforming American literature along the way. "Tarnoff's book sings with the humor and expansiveness of his subjects' prose, capturing the intoxicating atmosphere of possibility that defined, for a time, America's frontier." -- *The New Yorker* "Rich hauls of historical research, deeply excavated but lightly borne.... Mr. Tarnoff's ultimate thesis is a strong one, strongly expressed: that together these writers 'helped pry American literature away from its provincial origins in New England and push it into a broader current'." -- *Wall Street Journal*

This book situates Nabokov within America's literary and cinematic traditions and offers a comparative analysis of Nabokov's literature. The purpose is to explore how movies and books of the same period relate to, and sometimes influenced, his writing. Nabokov's early Russian fiction shows the influence of experimental German and Soviet film. His English work echoes contemporary American film from screwball comedy to the Hollywood images that combined to become *Lolita* - part femme fatale, part fugitive moll, part screwball heroine.

B. Elwin Sherman is a humorist/author living in the New Hampshire North Country, where he writes a syndicated humor column and often reinvents "the cottage industry survival kit." His books have gone largely unheralded, "because I do nothing to promote them. No one should ever have a legacy before they're dead. Life is embarrassing enough without that." He first read Richard Gary Brautigan's works in college, "when everyone else was lugging around Nietzsche and Kant for ballast. I kept *In Watermelon Sugar* in my hand because there was a tsunami on the horizon, and there I was without a beach umbrella."

Collected in one volume, three counterculture classics that embody the spirit of the 1960s. Included here are three great works by the incomparable Richard Brautigan: *Trout Fishing in America* is by turns a hilarious, playful, and melancholy novel that wanders from San Francisco through the country's rural waterways—a book "that has very little to do with trout fishing and a lot to do with the lamenting of a passing pastoral America .

. . . An instant cult classic" (*Financial Times*). *The Pill Versus the Springhill Mine Disaster* is a collection of nearly one hundred poems, first published in 1968. And *In Watermelon Sugar* expresses the mood of a new generation, revealing death as a place where people travel the length of their dreams, rejecting violence and hate. During his lifetime, *Look* magazine observed, "Brautigan is joining Hesse, Golding, Salinger, and Vonnegut as a literary magus to the literate young." A uniquely imaginative writer of the Beat movement who became an icon of the hippie era, he is still a favorite of readers today.

Jesse and Lee share a house owned by a very nice Chinese dentist, where it rains in the hall. They move to cabins on the cliffs at Big Sur where the deafening croaks of frogs can be temporarily silenced by the cry, 'Campbell's Soup'. Ultimately, we learn how the frogs are permanently silenced . . . and dreams disperse around a fire into 186,000 endings per second. In anticipating flower power and the ideals of the Sixties, Brautigan's debut novel was at least at decade before its time and remains a weird and brilliant classic.

Two novels and a collection of poetry offer a sixties counterculture look at America

### *A Confederate General From Big Sur* Seal Press

In a small Pacific Northwest town we meet a young man who has shot dead his best friend with a gun. The novel deals with the repercussions of this tragedy: the anguish, regret, despair and bittersweet romance. Typical of Brautigan's singular style, *So the Wind Won't Blow it all Away* is a beautifully written, brooding novel. Its autobiographical prose is a fitting epitaph to this complex, contradictory and often misunderstood writer.

Prompted by a question from her eight-year-old daughter during the 2008 election of Barack Obama—"Why haven't we ever had a woman president?"—Marianne Schnall set out on a journey to find the answer. A widely published writer, author, and interviewer, and the Executive Director of Feminist.com, Schnall began looking at the issues from various angles and perspectives, gathering viewpoints from influential people from all sectors. *What Will It Take to Make A Woman President?* features interviews with politicians, public officials, thought leaders, writers, artists, and activists in an attempt to discover the obstacles that have held women back and what needs to change in order to elect a woman into the White House. With insights and personal anecdotes from Sheryl Sandberg, Maya Angelou, Gloria Steinem, Nancy Pelosi, Nicholas Kristof, Melissa Etheridge, and many more, this book addresses timely, provocative issues involving women, politics, and power. With a broader goal of encouraging women and girls to be leaders in their lives, their communities, and the larger world, Schnall and her interviewees explore the changing paradigms occurring in politics and in our culture with the hope of moving toward meaningful and effective solutions—and a world where a woman can be president.

Completed prior to the author's 1984 suicide, a last unpublished novel explores what he terms the fragile and mysterious shadowland surrounding death and considers the protagonist's ruminations on another person's suicide. *A Confederate General* *Trout Fishing in Watermelon Sugar* Harper Collins

A book "that has very little to do with trout fishing and a lot to do with the lamenting of a passing pastoral America . . . an instant cult classic" (*Financial Times*). Richard Brautigan was a literary idol of the 1960s and '70s who came of age during the heyday of Haight-Ashbury and whose comic genius and iconoclastic vision of American life caught the imaginations of young people everywhere. Called "the last of the Beats," his early books became required reading for the hip generation, and on its

publication *Trout Fishing in America* became an international bestseller. An indescribable romp, the novel is best summed up in one word: mayonnaise. This new edition features an introduction by poet Billy Collins, who first encountered Brautigan's work as a student in California. From the introduction: "'Trout Fishing in America' is a catchphrase that morphs throughout the book into a variety of conceptual and dramatic shapes. At one point it has a physical body that bears such a resemblance to that of Lord Byron that it is brought by ship from Missolonghi to England, in 1824, where it is autopsied. 'Trout Fishing in America' is also a slogan that sixth-graders enjoy writing on the backs of first-graders. . . . In one notable exhibition of the title's variability, 'Trout Fishing in America' turns into a gourmet with a taste for walnut catsup and has Maria Callas for a girlfriend. Through such ironic play, Brautigan destabilizes any conventional idea of a book as he begins to create a world where things seem unwilling to stay in their customary places."

Confident and robust, *Jubilee Hitchhiker* is an comprehensive biography of late novelist and poet Richard Brautigan, author of *Trout Fishing in America* and *A Confederate General* from Big Sur, among many others. When Brautigan took his own life in September of 1984 his close friends and network of artists and writers were devastated though not entirely surprised. To many, Brautigan was shrouded in enigma, erratic and unpredictable in his habits and presentation. But his career was formidable, an inspiration to young writers like Hjortsberg trying to get their start. Brautigan's career wove its way through both the Beat-influenced San Francisco Renaissance in the 1950s and the "Flower Power" hippie movement of the 1960s; while he never claimed direct artistic involvement with either period, *Jubilee Hitchhiker* also delves deeply into the spirited times in which he lived. As Hjortsberg guides us through his search to uncover Brautigan as a man the reader is pulled deeply into the writer's world. Ultimately this is a work that seeks to connect the Brautigan known to his fans with the man who ended his life so abruptly in 1984 while revealing the close ties between his writing

and the actual events of his life. Part history, part biography, and part memoir this etches the portrait of a man destroyed by his genius.
