For despite Derek's love phobia, something about the beguiling Lainey touched his soul, filling him with hope—and desire.  After being left at the altar by his long time girlfriend, Gigi Romano hasn't been quite the same. He's vowed to never have his heart broken again and plunges himself into a world of nameless and faceless women. Ten years later, his player ways

are still strong, but other areas of his life are growing weak, especially his relationship with his son. Gigi continually promises to change his ways but always finds himself succumbing to his sexual desires, whether it be with the sultry Diana or levelheaded Melissa. However, when Qui returns to New York City, Gigi believes that his first true love will be able to change him for the better—that is until he meets his Mystery Woman. Allowing her to slip through his grasp once, Gigi swears that if given the chance again he'll give her everything her heart desires. However, when they meet again through a chance encounter, Gigi realizes that his all might not be enough. Life hasn't been easy for Jade Romano either. Fresh out of a divorce, Jade finds herself the eye candy of every woman in New York City except for the one she really wants: her boss, Lia. With the face of a Creole angel, the body of a bombshell, and the vocals to match, it's no wonder that Lia's everything Jade could ever want. There's only one problem—Lia can't stand her. Although Jade finds herself at the end of Lia's cool glares and catty ways, it doesn't stop her from wondering what's underneath Lia's marble façade. When she does have a peek, it's enough to pull her in completely. The problem? Her ex-wife, Brandy. Armed with a poisonous secret and a deadly desire to take back what's hers, Brandy barrels back into Jade's life with promises to wreak havoc unless she returns to the place where the pain started. Home. Every love affair comes with a price and Gigi must pay for the actions of his past while Jade suffers for the choices she'll have to make in the future. There's no question that either of the Romano children are strong enough to handle it—the question is: in the end is it all worth it?

Hans Ulrich Obrist curated his first exhibit in his kitchen when he was twenty-three years old. Since then he has staged more than 250 shows internationally, many of them among the most influential exhibits of our age. *Ways of Curating* is a compendium of the insights Obrist has gained from his years of extraordinary work in the art world. It skips between centuries and continents, flitting from meetings with the artists who have inspired him (including Gerhard Richter, Louise Bourgeois, and Gilbert and George) to biographies of influential figures such as Diaghilev and Walter Hopps. It describes some of the greatest exhibitions in history, as well as some of the greatest exhibitions never realized. It traces the evolution of the collections from Athanasius Kircher's 17th-century Wunderkammer to modern museums, and points the way for projects yet to come. Hans Ulrich Obrist has rescued the word "curate" from wine stores and playlists to remind us of the power inherent in looking at art—and at the world—in a new way.
