PRATT MCKEE

Cases in Labor Relations and Collective Bargaining Prentice Hall
 As recognized arbitration experts around the world, the authors of THE LABOR RELATIONS PROCESS, 10th Edition bring nearly a century of combined experience with the labor movement, labor relations, and collective bargaining to this popular text. Packed with real-world examples and quotes from practitioners in the field, THE LABOR RELATIONS PROCESS, 10th Edition explores labor's history from inception to current and emerging trends, touching on government, white-collar, and international contexts for an unmatched perspective of the topics. Chapters include in-depth analyses of the relationship between management and labor, including key participants in the processes, and the rights and responsibilities of each. Labor agreements, collective bargaining, contract administration, arbitration, and other critical issues and processes highlight the complex, exciting nature of organized labor, and introduce students to the many professional opportunities available to them today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Cases, Practice, and Law Metuchen, N.J. : Scarecrow Press
 As the workplace changes, so do the processes of collective bargaining and labor relations. Authors Michael R. Carrell and Christina Heavrin examine the changes, issues, and complications characteristic of this environment as well as effective methods for negotiating. The text discusses key terms, practices, laws, sections of actual arbitration cases, and decisions of the National Labor Relations Board and courts that illustrate and emphasize important contemporary issues. Coverage of both public-sector relations and international collective bargaining issues is integrated throughout.

Collective Bargaining and Labor Relations LexisNexis
 In his highly regarded new book, Paul Antonellis — fire service veteran, training/education consultant, instructor, author — explores the aspects of labour relations that are intertwined with human resource management in today's fire service organisations.

Intended as a text for college-level fire service programs, *Labor Relations for the Fire Service* meets USFA's FESHE requirement for the *Personnel Management for the Fire and Emergency Services* course.

Labor Relations in the Public Sector, Fourth Edition Pearson
 For undergraduate and graduate courses in labor relations and collective bargaining. Bring your best case to the table by putting theory into practice with this guide to labor relations, unions, and

collective bargaining. *Labor Relations and Collective Bargaining: Cases, Practice, and Law* introduces students to collective bargaining and labor relations. This text is concerned with application, as well as coverage of labor history, laws, and practices.

Labor Relations and Collective Bargaining Pearson Higher Ed
 The first book to provide a comprehensive examination of nonunion industrial relations -- its definition and parameters, and the causes and factors that led to the nonunion reality. *Beyond Unions and Collective Bargaining* focuses on labor relations in the private -- sector labor market, which accounted for about 90% of the sector at the end of 1999. Troy discusses with clarity and authority the transformation in the United States from the organized to the private labor market. Within a two-part format, Troy first deals with the manifold historical conditions that set the stage for the competitive nonunion alternative and then addresses the all-important question, "What makes the nonunion system work?"

Cases, Practice, and Law Richard d Irwin
 Hilgert/Dilts is the only non-custom product on the market to offer an anthology of cases for the labor relations/collective bargaining course. It contains an extensive set of cases dealing with Union/Management problem situations. The cases vary in length, complexity and numbers of issues.

This text is concerned with application, as well as coverage of labor history,

laws, and practices.

Labor Relations for the Fire Service Irwin Professional Pub
 The Oxford Handbook of American Sports Law takes the reader through the most important controversies and critical developments in law and U.S. sports. Over the course of 30 chapters, leading scholars explore this expanding and captivating area of law. The Handbook is the first book to gather dozens of perspectives on sports law controversies in the United States, and will be of interest to those who study and practice sports law, as well as journalists, broadcasters, and legally minded sports fans. The Oxford Handbook of American Sports Law incorporates analysis of key historical events in sports law—such as the rise of free agency in professional sports and the concept of "amateurism" for college athletes—and their broader context. Contemporary legal controversies in U.S. sports and their accompanying questions are also of central importance: In a sensible legal system, how would long-term neurological injuries from contact sports be addressed? How would the use of racially insensitive team names be resolved? How would a seemingly trivial dispute over air pressure in footballs be studied from the competing perspectives of players, teams, and leagues? The Oxford Handbook of American Sports Law weighs not just the facts, but how courts and lawmakers ought to consider the most important questions at stake. The essays in this volume also canvass the types of legal controversies in sports likely to surface in the future. This is particularly true of law and technology matters, including those related to broadcasting and streaming. Legal doctrine has been and will continue to be forced to adapt to these developments, and the Handbook both forecasts coming debates and outlines where the law may be headed.
 Cengage Learning

This casebook is designed for an intensive examination of the union-management relationship throughout its major phases. The representative labor union and the collective bargaining process as it has evolved in this country are given center stage. Generally, the chronology of organizing, bargaining, and contract enforcement is followed, with a review of the law regulating internal union affairs. As in the past, the authors have tried to respond generously to the most significant current developments in the field while simultaneously providing a set of materials that will be truly manageable in the usual three- or four-hour course. This well-organized and comprehensive text covers the historical development of labor organizations, the statutory right of employees to form, join, and assist unions, to organize for collective bargaining purposes, to use the bargaining process to influence their wages, hours, and working conditions, and to administer existing bargaining agreements. It also covers the union duty of fair representation and the regulation of internal union affairs. The authors also include NLRA and LMRA

preemption and antitrust exemptions because of their continuing relevance. Significant changes have been made in this new 12th Edition including: * the most recent decisions from the Labor Board and the courts dealing with Labor Law issues; * a revised and shortened section on labor and antitrust; * updated coverage on union waiver of individual statutory forum rights, including 14 Penn Plaza v. Pyett; * condensed coverage of internal union affairs suitable for inclusion in a single class; and * a streamlined final section on critiques and proposals for labor law reform, offering critical perspectives on labor law suitable for course review and wrap-up. The Teacher's Manual (available only to professors) indicates how basic material can be covered, with a range of pedagogical suggestions as well as discussion and reference

Labor Relations Primer Pearson Higher Ed

Well-researched, extensively documented and up-to-date, this book covers legislative foundations of labour - relations, bargaining process, major provisions of collective bargaining agreements. It also addresses contingent workers, cultural diversity, and alternative forms of dispute resolution and representation.

Basic Guide to the National Labor Relations Act Cengage Learning

This comprehensive textbook provides an introduction to collective bargaining and labor relations with a focus on developments in the United States. It is appropriate for students, policy analysts, and labor relations professionals including unionists, managers, and neutrals. A three-tiered strategic choice framework unifies the text, and the authors' thorough grounding in labor history and labor law assists students in learning the basics. In addition to traditional labor relations, the authors address emerging forms of collective representation and movements that address income inequality in novel ways. Harry C. Katz, Thomas A. Kochan, and Alexander J. S. Colvin provide numerous contemporary illustrations of business and union strategies. They consider the processes of contract negotiation and contract administration with frequent comparisons to nonunion practices and developments, and a full chapter is devoted to special aspects of the public sector. An Introduction to U.S. Collective Bargaining and Labor Relations has an international scope, covering labor rights issues associated with the global supply chain as well as the growing influence of NGOs and cross-national unionism. The authors also compare how labor relations systems in Germany, Japan, China, India, Brazil, and South Africa compare to practices in the United States. The textbook is supplemented by a website

(ilr.cornell.edu/scheinman-institute) that features an extensive Instructor's Manual with a test bank, PowerPoint chapter outlines, mock bargaining exercises, organizing cases, grievance cases, and classroom-ready current events materials.

Readings and Cases in Labor Relations and Collective Bargaining U.S. Government Printing Office

Since publication of the fourth edition of Labor Relations in the Public Sector, public sector unions have encountered strong headwinds in many parts of the U.S. Membership is falling in some jurisdictions, public opinion has shifted against the unions, and political forces are leaning against them. Retaining the structure that made the previous editions so popular, this fifth edition incorporates a complete round of updates, particularly sections on recent trends in membership figures, new legislation, and new politics as they influence bargaining rights. See What's New in the Fifth Edition: Up to date examination and analysis of public sector labor relations and collective bargaining Important changes in the public labor relations and unionization landscape Updated analysis of the financial and human resource outcomes of collective bargaining in the public sector Collective bargaining

institutions and processes in government Completely updated in terms of the scholarly and professional literature and relevant events, the new edition identifies and explains the implications of the new collective bargaining environment, including financial and human resource management issues and outcomes. As in previous editions, collective bargaining and labor relations are addressed at all levels of government, with comparisons to the private and nonprofit sectors. Designed to be classroom friendly, it includes discussions of the most recent literature and case studies as well as end-of-chapter assignments and quizzes. Practical tips and advice are offered for those engaged in collective bargaining and labor relations.

Labor Relations in the Public Sector, Third Edition Pearson College Division

Authored by a well-respected team in labor relations, this text covers key topics in industrial relations and collective bargaining using a unique conceptual framework based on the three levels of industrial relations activity (strategic, functional, and workplace). Two extensive, class-tested mock-bargaining exercises are included. International and comparative labor relations are both integrated throughout and receive full chapter treatment. The text extensively discusses recent reorganizations in the process and outcome of bargaining, including detailed treatment of the participatory process.

Labor Relations and Collective Bargaining: Customized Textbook Routledge

Summarizing the critical changes affecting labor relations in the global marketplace, this comprehensive text outlines problems and provides strategies for success in the dynamically evolving work environment. Blending description, analysis, and empirical research into a thorough overview of the field, the authors discuss court decisions and collective bargaining and labor relations at all levels of government. In addition to a compendium of research resources, this classroom-friendly edition includes more new case studies illustrating key examples. The third edition retains the successful features of previous editions and combines expertise from both academic and professional perspectives.
