SELOC Marine maintenance and repair manuals offer the most

comprehensive, authoritative information available for outboard,

inboard, stern-drive and diesel engines, as well as personal

watercraft. SELOC has been the leading source of how-to

information for the marine industry since 1974. Designed and

written to serve the needs of the professional mechanic, do-it-

yourself boat enthusiast, instructor and student, these manuals

are based on actual teardowns done by Chilton Marine's

editors/authors in our on-site facility. Providing complete

coverage on everything from basic maintenance to engine

overhaul, every manual features: -Simple-to-follow, step-by-step,

illustrated procedures -Hundreds of exploded drawings,

photographs and tables -Troubleshooting sections, accurate

specifications and wiring diagrams -Recognized and used by

technical trade schools as well as the U.S. military Covers all

40-125 Hp, 3 and 4-cylinder, 2-stroke models.

"1701". Covers all 2-250 hp, 1-4 cylinder, V4 and V6 models, 2-stroke and 4-stroke models, includes jet drives.

Outboard Motor Service Manual Haynes Manuals N. America, Incorporated

The aim of this book, with its superb step by step photographs and detailed diagrams is to enable every owner to understand the workings of an outboard motor (2 or 4 stroke) and be able to fix it with relative ease. It includes: an explanation of the different parts that make up the engine and how they interact; how fuel is transformed into propulsion; regular maintenance and repair worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence; the most common causes of breakdown; troubleshooting tables to allow you to diagnose and fix the most common engine problems and advice

on how to winterize your outboard in one short afternoon. After reading this book, your outboard will no longer be a potential bother to you but an ally for better boating.
