Section 3.1 Properties of Matter. In your textbook, read about physical properties and chemical properties of matter. Use each of the terms below just once to complete the passage.

Matter—Properties and Changes

11. physical.
12. Physical changes change the way something looks, but the substance stays the same.
13. law of conservation of mass.

Chemical changes result in a new substance.

Key Terms (page 48)  
Chapter Review. Part A. Vocabulary Review (page 43)

1. chemical property (1/1)
2. chemical change (4/2)
3. conservation of mass (3/2)
4. physical

...Teacher Guide & Answers - Glencoe Composition of Matter Study Guide.

Major topics on the test will include:

A. Pure Substance vs. Mixtures

- a. Definition and Examples of Pure Substances
- b. Definition and Examples of Mixtures
- c. Know how to determine if a something is a pure substance or a mixture.
- d. Know how to separate a mixture.

Physical Science Packet Chapter 15: Composition of Matter Directed Reading for Content Mastery (in Spanish): A

Spanish version of the Directed Reading for Content Mastery is provided for those Spanish-speaking students who are learning English.
