Vega Factor Primed To Perform How To Primed to Perform explains the counterintuitive science behind legendary cultures, building on over a century of academic thinking. It explores the authors' original research into how total motivation leads to higher performance in iconic companies, from Apple and Starbucks to Southwest Airlines. Primed to Perform — Vega Factor Primed to Perform tries to demystify culture and put it in a measurable structure so you can take action to steer your company culture for the highest performance possible. This is typically the realm of fuzzy 'feel good' consultants where I reserve the 5 star rating for books that change the way I think or expose me to a new way of doing things I didn't know before. Primed to Perform: How to Build the Highest Performing ... To build a high performing culture, you must first understand what drives peak performance in individuals. The answer sounds simple: why you work affects how well you work. In their book Primed to Perform; How to Build The Highest Performing Cultures Through the Science of Total Motivation, the authors Neel Doshi and Lindsay McGregor take...
