The Times (London) "A terrifically
exciting account of [Slaght's] time in the
Russian Far East studying Blakiston's
fish owls, huge, shaggy-feathered,
yellow-eyed, and elusive birds that hunt
fish by wading in icy water . . . Even on
the hottest summer days this book will
transport you." —Helen Macdonald,
author of *H is for Hawk*, in *Kirkus* I saw
my first Blakiston's fish owl in the
Russian province of Primorye, a coastal
talon of land hooking south into the belly
of Northeast Asia . . . No scientist had
seen a Blakiston's fish owl so far south in
a hundred years . . . When he was just a
fledgling birdwatcher, Jonathan C. Slaght
had a chance encounter with one of the
most mysterious birds on Earth. Bigger
than any owl he knew, it looked like a

small bear with decorative feathers. He snapped a quick photo and shared it with experts. Soon he was on a five-year journey, searching for this enormous, enigmatic creature in the lush, remote forests of eastern Russia. That first sighting set his calling as a scientist. Despite a wingspan of six feet and a height of over two feet, the Blakiston's fish owl is highly elusive. They are easiest to find in winter, when their tracks mark the snowy banks of the rivers where they feed. They are also endangered. And so, as Slaght and his devoted team set out to locate the owls, they aim to craft a conservation plan that helps ensure the species' survival. This quest sends them on all-night monitoring missions in freezing tents, mad dashes across thawing rivers, and free-climbs up rotting trees to check nests for precious eggs. They use cutting-edge tracking technology and improvise ingenious traps. And all along, they must keep watch against a run-in with a bear or an Amur tiger. At the heart of Slaght's story are the fish owls themselves: cunning hunters, devoted parents, singers of eerie duets, and survivors in a harsh and shrinking habitat. Through this rare glimpse into the everyday life of a field scientist and conservationist, *Owls of the Eastern Ice* testifies to the determination and creativity essential to scientific advancement and serves as a powerful reminder of the beauty, strength, and vulnerability of the natural world.

A Treatise on the Modern Law of Evidence: Procedure Wipf and Stock Publishers

The Handbook of Eyewitness Psychology presents a survey of research and legal opinions from international experts on the rapidly expanding scientific literature addressing the accuracy and limitations of eyewitnesses as a source of evidence for the courts. For the first time, extensive reviews of factors influencing witnesses of all ages—children, adults, and the elderly—are compiled in a single pair of volumes. The disparate research currently being conducted in eyewitness memory in psychology, criminal justice, and legal studies is coherently presented in this work. Controversial topics such as the use of hypnosis, false and recovered memories, the impact of stress, and the accuracy of psychologically impaired witnesses are expertly examined. Leading eyewitness researchers also discuss the subjects of conversational memory, alibi evidence, witness credibility, facial memory, earwitness testimony, lineup theory, and expert testimony. The impact of witness testimony in court is considered, and each volume concludes with a legal commentary chapter. The Handbook of Eyewitness Psychology is an invaluable aid to researchers, legal scholars, and practicing lawyers who need access to the most recent research in the field, accompanied by the interpretations and commentary of many of the world's leading authorities on these topics.

The Theory of Communicative Action: Volume 1 Psychology Press

Featuring 15 explosive new chapters, this new edition of the New York Times bestseller brings the story of Economic Hit Men up-to-date and, chillingly, home to the U.S.—but it also gives us hope and the tools to fight back. The previous

edition of this now-classic book revealed the existence and subversive manipulations of "economic hit men." John Perkins wrote that they are highly paid professionals who cheat countries around the globe out of trillions of dollars. Their tools include fraudulent financial reports, rigged elections, payoffs, extortion, sex, and murder. In Perkins's case the tool was debt—convincing strategically important countries to borrow huge amounts of money for enormous, development projects that served the very rich while driving the country deeper into poverty and debt. And once indebted, these countries could be controlled. In this latest edition, Perkins provides revealing new details about how he and others did their work. But more importantly, in an explosive new section he describes how the EHM tools are being used around the world more widely than ever—even in the U. S. itself. The cancer has metastasized, yet most people still aren't aware of it. Fear and debt drive the EHM system. We are hammered with messages that terrify us into believing that we must pay any price, assume any debt, to stop the enemies who, we are told, lurk at our doorsteps. The EHM system—employing false economics, bribes, surveillance, deception, debt, coups, assassinations, unbridled military power—has become the dominant system of economics, government, and society today. It has created what Perkins calls a Death Economy. But Perkins offers hope: he concludes with dozens of specific, concrete suggestions for actions all of us can take to wrest control of our world away from the economic hit men, and help give birth to a Life Economy.

It is generally agreed that there is significant irony in the Bible. However, to date no work has been published in biblical scholarship that on the one hand includes interpretations of both Hebrew Bible and New Testament writings under the perspective of irony, and on the other hand offers a panorama of the approaches to the different types and functions of irony in biblical texts. The following volume: (1) reevaluates scholarly definitions of irony and the use of the term in biblical research; (2) builds on existing methods of interpretation of ironic texts; (3) offers judicious analyses of methodological approaches to irony in the Bible; and (4) develops fresh insights into biblical passages.

In the realms of fantasy, the battlefield is where heroism comes alive, magic is unleashed, and legends are made and unmade. From the War of the Ring, Tolkien's epic battle of good versus evil, to The Battle of the Blackwater, George R.R. Martin's grim portrait of the horror and futility of war, these fantastical conflicts reflect our highest hopes and darkest fears, bringing us mesmerizing visions of silver spears shining in the sun and vast hordes of savage beasts who threaten to destroy all that we hold dear.

Now acclaimed editor John Joseph Adams is sounding the battle cry and sixteen of today's top authors are reporting for duty, spinning never-before-published, spellbinding tales of military fantasy, including a Black Company story from Glen Cook, a Paksenarrion story from Elizabeth Moon, and a Shadow Ops story by Myke Cole. Within these pages you'll also find World War I trenches cloaked in poison gas and sorcery, modern day elite special forces battling hosts of the damned, and steampunk soldiers fighting for their lives in a world torn apart by powers that defy imagination. Featuring both grizzled veterans and fresh young recruits alike, including Tanya Huff, Simon R. Green, Carrie Vaughn, Jonathan Maberry, and Seanan McGuire, *Operation Arcana* is a must for any military buff or fantasy fan. You'll never look at war the same way again. The stunning sequel to NEXUS Six months have passed since the release of Nexus 5. The world is a different, more dangerous place. In the United States, the terrorists - or freedom fighters - of the Post-Human Liberation Front use Nexus to turn men and women into human time bombs aimed at the President and his allies. In Washington DC, a government scientist, secretly addicted to Nexus, uncovers more than he wants to know about the forces behind the assassinations, and finds himself in a maze with no way out. In Thailand, Samantha Cataranes has found peace and contentment with a group of children born with Nexus in their brains. But when forces threaten to tear her new family apart, Sam will stop at absolutely nothing to protect the ones she holds dear. In Vietnam, Kade and Feng are on the run from bounty hunters seeking the price on Kade's head, from the CIA, and from forces that want to use the back door Kade has built into Nexus 5. Kade knows he must stop the terrorists misusing Nexus before they ignite a global war between human and posthuman. But to do so, he'll need to stay alive and ahead of his pursuers. And in Shanghai, a posthuman child named Ling Shu will go to dangerous and explosive lengths to free her uploaded mother from the grip of Chinese authorities. The first blows in the war between human and posthuman have been struck. The world will never be the same. You have NEVER seen Coulter like this before! Coulter is uncensored, unapologetic, and unflinching in her ruthless mockery of liberals, sissies, morons, hypocrites, and all other species of politician. Coulter doesn’t stop at the politicians, though. Watch her skewer pundits, salesmen, celebrities, and bureaucrats with ruthlessness and hilarity. No topic is safe! This is Coulter at her most incisive, funny, and brilliant, featuring irreverent and hilarious material her syndicators were too afraid to print!

On Classical Trinitarianism Baen Publishing Enterprises

This first volume examines how sexual mores and behavior, religious dogma and practice, and artistic creativity and authenticity have influenced, and been influenced by, the existentialist thought of Kierkegaard, Heidegger, Sartre, Nietzsche, Husserl and Buber, and the writings of Camus, Dostoevsky, Beckett, Kafka and Shestov. It compares the author’s personality theory with those of Freud, Jung, Fairbairn, Karl Abraham and Melanie Klein, and Buddhist, Gnostic,

Christian and Muslim mysticism with Jewish Kabbalah. It explains society's harsh treatment of Carlo Gesualdo, Vincent van Gogh and Antonin Artaud, and analyzes the existentialist approach to existence, absurdity, human dialogue, and suicide. It will appeal to students and professionals in fields as diverse as philosophy, psychology, sociology, anthropology, religion, law, music, art, drama, literature and biology.

The Cape Town Commitment: A Confession of Faith, A Call to Action
Routledge

Autobiographical writings have been a major cultural genre from antiquity to the present time. General questions of the literary as, e.g., the relation between literature and reality, truth and fiction, the dependency of author, narrator, and figure, or issues of individual and cultural styles etc., can be studied preeminently in the autobiographical genre. Yet, the tradition of life-writing has, in the course of literary history, developed manifold types and forms. Especially in the globalized age, where the media and other technological / cultural factors contribute to a rapid transformation of lifestyles, autobiographical writing has maintained, even enhanced, its popularity and importance. By conceiving autobiography in a wide sense that includes memoirs, diaries, self-portraits and autofiction as well as media transformations of the genre, this three-volume handbook offers a comprehensive survey of theoretical approaches, systematic aspects, and historical developments in an international and interdisciplinary perspective. While autobiography is usually considered to be a European tradition, special emphasis is placed on the modes of self-representation in non-Western cultures and on inter- and

transcultural perspectives of the genre. The individual contributions are closely interconnected by a system of cross-references. The handbook addresses scholars of cultural and literary studies, students as well as non-academic readers.

This is an exploration of house churches, especially in Poland. The book begins with a review of literature about the "global house church movement" and continues with an article on the early Christian transition from house churches to purpose-built buildings for churches. Next is an article regarding the concept of "sacred space" in relation to house churches. The first half concludes with a chapter on methodology of research for a qualitative interview approach to studying house churches. The thesis then presents a theological method for using the qualitative interviews to develop ecclesiology. Sixteen interviews from thirteen house churches are presented. The thesis continues the theological method by attempting to answer the question "why is it going on"

and presents a thematic analysis from the qualitative interviews that includes input from sociological research done in Poland. The thesis concludes by using scriptural and academic sources in conversation with house church interviews from the interviews and global house church literature to present four primary conclusions in a practical-prophetic ecclesiology.

The Confessions of Frannie Langton Wipf and Stock Publishers

Catholic theology has to face a certain number of fundamental questions: what is the nature and content of Christian revelation, what are the sources of revelation, how are the mysteries of the faith to be understood in relation of one to another, and how do the truths of the Catholic faith relate to the acquisitions of natural reason. In the contemporary context, Catholic theology is marked by a diversity of approaches, many of which are seemingly incompatible or estranged from one another. How might we think about the unity of Catholic theology over and above the diversity of forms? What role, if any, can Aquinas play as a common doctor in facilitating exchanges between theological traditions in the Church? Principles of Catholic Theology seeks to address directly the nature of Catholic theology and the challenge of its contemporary articulation with an eye towards its articulation in its Thomistic key. This book is also the first of a series of collections of essays by Thomas Joseph White, OP, extending over a range of fundamental topics in Catholic dogmatic theology.

Fallen Redemption Boxed Set (Books #1-3): Guarding Angel, Reaping Angel, Warring Angel Axon Press

Renowned for his influence as a political philosopher, a writer, and an autobiographer, Jean-Jacques Rousseau

is known also for his lifelong interest in music. He composed operas and other musical pieces, invented a system of numbered musical notation, engaged in public debates about music, and wrote at length about musical theory. Critical analysis of Rousseau's work in music has been principally the domain of musicologists, rarely involving the work of scholars of political theory or literary studies. In *Rousseau Among the Moderns*, Julia Simon puts forth fresh interpretations of *The Social Contract*, *the Discourse on the Origin of Inequality*, and *the Confessions*, as well as other texts. She links Rousseau's understanding of key concepts in music, such as tuning, harmony, melody, and form, to the crucial problem of the individual's relationship to the social order. The choice of music as the privileged aesthetic object enables Rousseau to gain insight into the role of the aesthetic realm in relation to the social and political body in ways often associated with later thinkers. Simon argues that much of Rousseau's "modernism" resides in the unique role that he assigns to music in forging communal relations.

Between You & Me: Confessions of a Comma Queen Routledge

This breathtaking debut, winner of the Costa First Novel Award, is a murder mystery that travels across the Atlantic and through the darkest channels of history. A brilliant, searing depiction of race, class, and oppression that penetrates the skin and sears the soul, it is the story of a woman of her own making in a world that would see her unmade. All of London is abuzz with the scandalous case of Frannie Langton, accused of the brutal double murder of her employers, renowned scientist George Benham and his eccentric French

wife, Marguerite. Crowds pack the courtroom, eagerly following every twist, while the newspapers print lurid theories about the killings and the mysterious woman being tried at the Old Bailey. The testimonies against Frannie are damning. She is a seductress, a witch, a master manipulator, a whore. But Frannie claims she cannot recall what happened that fateful evening, even if remembering could save her life. She doesn't know how she came to be covered in the victims' blood. But she does have a tale to tell: a story of her childhood on a Jamaican plantation, her apprenticeship under a debauched scientist who stretched all bounds of ethics, and the events that brought her into the Benhams' London home—and into a passionate and forbidden relationship. Though her testimony may seal her conviction, the truth will unmask the perpetrators of crimes far beyond murder and indict the whole of English society itself.

The Cape Town Commitment, which arose from The Third Lausanne Congress on World Evangelization (Cape Town, 2010), stands in the historic line of The Lausanne Covenant (1974) and The Manila Manifesto (1989). It has been translated into twenty-five languages and has commanded wide acceptance

around the world. The Commitment is set in two parts. Part 1 is a Confession of Faith, crafted in the language of covenantal love. Part 2 is a Call to Action. The local church, mission agencies, special-interest groups, and Christians in the professions are all urged to find their place in its

outworking. This annotated bibliography of The Cape Town Commitment, arranged by topic, has been compiled by specialists in a range of fields. As such, it is the first bibliography of its kind. - Arranged in sections for graduate-level teaching - Equally useful for research students
