She lives. Miriam Blaylock's insatiable hunger has never ceased. Her incomparable beauty has made her a legend among the Keepers. Her many lovers have come and gone, crumbling into ash and nothingness. She knows the secrets of civilization, and the mysteries of life. In the hollow soul of her mother she has witnessed the agony of undeath. For centuries she has gained the wisdom of God and the wit of the Devil. For centuries she has traveled the world undetected. For centuries she has felt safe. Until now. For Miriam Blaylock, immortality is a thing of the past. He watches. Vampires. Interpol agent Paul Ward knows of them: he has battled and cleansed continents of their exquisite poison. He orchestrated the extermination of an ancient lair in Bangkok, obtained their sacred Book of Names, and knows where they hide and when they feast. He knows their weaknesses. And what's more, he knows his own...it's Miriam Blaylock. Elusive and toxic, she has escaped his complex network of hunters for years. Seductive and cunning, she has become his obsession. And now each has set a trap for the other. Now, predator is about to become prey. Killer to become lover. Good and evil will become inexorably entwined. The endgame begins for the last vampire. The eternal heroine of Whitley Strieber's classic novel *The Hunger*, Miriam Blaylock returns in *The Last Vampire* -- a new tale of stunning invention and mounting suspense that goes as deep into the dark as a nightmare.

From Esther Martin, owner of the scariest bar in Baltimore, to the playwright Tennessee Williams; from the atheist leader Madalyn Murray O'Hair to the insane martyr Saint Catherine of Siena; from the English novelist Denton Welch to the timelessly appealing singer Johnny Mathis—these are the extreme figures who helped the author form his own

brand of neurotic happiness. *Role Models* is a personal invitation into one of the most unique, perverse, and hilarious artistic minds of our time.

It spans the entire years of her life, beginning with her birth in 1943 during the Japanese Occupation of Singapore and ending in the new millennium of 2013. The book reveals periods of Lin's difficult and near-death infancy, her underprivileged and struggling childhood, her impoverished teenage years and her emergence from a poor young woman to a successful educated career woman and happily married woman of the 70's, 80's and 90's. After the year 2000, her life took an unexpected turn and she suffered severe financial loss and emotional trauma. Her family life is filled with unbearable sadness and unspeakable pain. In addition to their emotional agony, Lin and her husband lost half a million dollars of their hard-earned life savings and retirement funds through the inconsiderate actions of their loved ones. It's the beginning of new school term in 1973 and Kathy Johnson needs a fresh start. Thirty, unmarried and an overworked teacher in a primary school on a run-down council estate, she is beginning to feel that life has passed her by. She needs to move on, but is still haunted by a tragic secret from her past. However, the disadvantaged people of Becklefield have problems of their own and it's not long before Kathy is irresistibly, compassionately and sometimes unwillingly drawn into their tumultuous lives. A devastating fire; mice and marigolds, parental abuse and apathy, community poverty and passion, plus knights, castles, cub scouts and hilarious days out to the seaside all become entwined into yet another hectic school year. Kathy needs faith and hope to get through and perhaps with the help of the loving church community she can. Add to that a boy obsessed by Beethoven, a girl who finds hope through a love of flowers and the confusion of several children from the estate all sharing one father exquisitely wrapped up in two poignant love stories, one delightfully her own, and the heart-warming tale of Kathy's life turns prejudices and assumptions upside down and tells just how it is in the chaotic neighbourhood surrounding an inner-city primary school. "We are great admirers of Joyce Worsfold's writing. This book is filled with love, and we know that it will be enjoyed by many, many people." Adrian and Bridget Plass 'If you enjoy a warm-hearted, life-affirming and penetrating read then 'A Fistful of Marigolds' is for you. Written in a lively, accessible and entertaining style, the story captures the joys, misfortunes, the pleasures and the heartbreaks of an inspirational teacher who clearly loved her work with children.' In *Christmas as Religion*, Christopher Deacy explores the premise that religion plays an elementary role in our understanding of the Christmas festival, but takes issue with much of the existing literature which is inclined to limit the contours and parameters of 'religion' to particular representations and manifestations of institutional forms of Christianity. 'Religion' is often tacitly identified as having an ecclesiastical frame of reference, so that if the Church is not deemed to play a central role in the practice of Christmas for many people today then it can legitimately be sidelined and relegated to the periphery of any discussion relating to what Christmas 'means'. Deacy argues that such approaches fail to take adequate stock of the manifold ways in which people's beliefs and values take shape in modern society. For example, Christmas films or radio programmes may comprise a non-specifically Christian, but nonetheless religiously rich, repository of beliefs, values, sentiments and aspirations. Therefore, this book makes the case for laying to rest the secularization thesis, with its simplistic assumption that religion in Western society is undergoing a period of escalating and irrevocable erosion, and to see instead that the secular may itself be a repository of the religious. Rather than see Christmas as comprising alternative or analogous forms of religious expression, or dependent on any causal relationship to the Christian tradition, Deacy maintains that it is religious per se, and, moreover, it is its very secularity that makes Christmas such a compelling, and even transcendent, religious holiday.

In 1963, London was on the brink of becoming one of the world's most vibrant cities. Angela Patrick was 19 years old, enjoying her first job working in the City, when her life turned upside down. A brief fling with a charismatic charmer left her pregnant, unmarried and facing a stark future. Being under 21, she was still under the governance of her parents, strict Catholics who insisted she have the baby in secret and then put it up for adoption. Shunned by her family and forced to leave her job, Angela was sent to an imposing-looking convent for unmarried mothers in north-east London. Run like a Victorian workhouse, conditions in the convent were decidedly Spartan. Vilified and degraded by the nuns for her 'wickedness', her only comfort came from the other pregnant girls, all knowing they too would have to give up their babies. After a terrifying labour with no pain relief, Angela gave birth to a beautiful son, Paul, with whom she fell instantly in love. At eight weeks he was taken from her and forcibly put up for adoption, leaving Angela bereft and heartbroken. Not a day went by without Angela thinking about him. Then, thirty years later, she received a letter. It was from Paul, and a reunion was arranged. This vital slice of social history is a shocking reminder of how cultural mores have changed around the issue of single motherhood since the early 1960s. It is also an honest, heartfelt memoir that explores the closest of human bonds.

Dorothy Graham writes unsent letters to people she admires, and to a few she despises. As well, in her retirement she has time to pursue her other hobby -- interfering in the lives of others. With no children of her own, she 'helps' the offspring of her friend and her cousin. But this still isn't enough. Seeing the mess that the world is in, she and her cohorts Kate and Elsie decide to put together a fund-raising effort for a charity organization. It soon becomes clear to them that putting the universe to rights, in ways large or small, is not an easy task. The theme of love lost and found also runs through the novel, affecting the old as well as the young. Entangled in family problems -- a stray daughter, an absconded husband, a home threatened with demolition -- the three friends' adventures lead them to understand that while charity doesn't have to begin at home, it might be a good idea to look there first.
